OSB-EMF Psi & Anomalous Event Survey

Relationship Between EMF Activity, Anomalous Experiences and Psi Functioning Phenomena. Copyright 2025 S. Koren, EET, HBSc. Data available online and links are provided below. Please fill in as many details as possible. If you leave contact information we will contact you with options on data analysis. EMF Data Entry Form Psi & Anomalous event investigation. To respond online visit https://forms.gle/xtz6qQA6jr2YUU7P9

1. Contact Info. Please provide contact information if you would like to receive results.

2. Describe the reported event in as much detail as possible.

3. Are Photos, Video, Audio, or other data files available? If Yes, please email to stankoren@gmail.com or upload them in next step if you have a google account.

   Mark only one oval.

   - ◯ Yes
   - ◯ No

4. Are Photos, Video, Audio, or other data files available? If you have a google account please upload files in this step.

   Files submitted:

5. Local Date

   _____

   Example: 7 January 2019

6. Local Time

   _____

   Example: 8.30 a.m.

7. Time Zone. Enter the number only. For example if your time zone is UTC-5 (EST) then enter -5

   _____

8. Daylight Saving Time

   Mark only one oval.

   - Yes
   - No

9. UTC Zulu Date

   _____

   Example: 7 January 2019

10. UTC Zulu Time

Example: 8.30 a.m.

11. Location Address

12. Latitude

13. Longitude

14. Planetary KP index https://www.spaceweatherlive.com/en/archive.html

15. Cosmic Ray Count https://cosmicrays.oulu.fi/

16. Magnetometer Range nT https://www.sgo.fi/Data/Magnetometer/magnData.php

17. Search Coil Spikes https://www.sgo.fi/Data/Pulsation/pulArchive.php

Mark only one oval.

- ◯ Yes
- ◯ No

18. Search Coil Pc1 Pulsation https://www.sgo.fi/Data/Pulsation/pulArchive.php

Mark only one oval.

- ◯ Yes
- ◯ No

19. Search Coil Pc1 Pulsation Description https://www.sgo.fi/Data/Pulsation/pulArchive.php

20. Sunspot Counts https://sidc.be/SILSO/datafiles

21. Weather Matrix 1: Average Temperature °F https://www.visualcrossing.com/

22. Weather Matrix 2: Humidity % https://www.visualcrossing.com/

23. Weather Matrix 3: Average Wind Speed; MPH https://www.visualcrossing.com/

24. Weather Matrix 4: Atmospheric Pressure; (milliBars) https://www.visualcrossing.com/

25. Weather Matrix 5: Solar Radiation (W/m²) https://www.visualcrossing.com/

26. Weather Matrix 6: UV Index https://www.visualcrossing.com/

27. Weather Matrix 7: Sunrise https://www.visualcrossing.com/

Example: 8.30 a.m.

28. Weather Matrix 8: Sunset https://www.visualcrossing.com/

Example: 8.30 a.m.

29. Weather Matrix 9: Moon Phase (0-1) https://www.visualcrossing.com/

30. Lightning https://www.blitzortung.org/en/historical_maps.php

Mark only one oval.

- Yes
- No

31. Earthquakes https://earthquake.usgs.gov/earthquakes/search/

Mark only one oval.

- Yes
- No

32. Earthquakes Distance to Epicentre in Miles and Magnitude https://earthquake.usgs.gov/earthquakes/search/

33. WSPR Spot Counts for 40 meter band red trace. Max 120 Days available here - Select World Overview - https://wspr.rocks/propagation/ Longer Data Archive in works - find event date on x-axis and read point on trace.

34. WSPR Spot Counts for 20 meter band green trace. Max 120 Days available here - Select World Overview - https://wspr.rocks/propagation/ Longer Data Archive in works - find event date on x-axis and read point on trace.

35. Solar Wind Speed Minimum km/s: Select Date from calendar then Click on "Reports Bulletin on solar and geomagnetic activity Scroll down to Solar Wind. https://www.spaceweatherlive.com/en/archive.html

36. Solar Wind Speed Maximum km/s: Select Date from calendar then Click on "Reports Bulletin on solar and geomagnetic activity Scroll down to Solar Wind. https://www.spaceweatherlive.com/en/archive.html

37. Fault Lines https://www.usgs.gov/programs/earthquake-hazards/faults

Mark only one oval.

- Yes
- No

38. Ground water & springs https://ggis.un-igrac.org/view/ggmn/

Mark only one oval.

- Yes
- No

39. Quartz Mineral Deposits https://pubs.usgs.gov/sir/2017/5118/sir20175118_element.php?el=901

Mark only one oval.

- Yes
- No

40. Magnetic Ore Deposits from Magnetic Survey https://www.ncei.noaa.gov/products/world-magnetic-model

Mark only one oval.

- Yes
- No
