

The logo for Aquascape Pool Technologies is centered at the top of the page. It features the word "AQUASCAPE" in a large, bold, blue, sans-serif font with a slight shadow effect. Below it, the words "POOL TECHNOLOGIES" are written in a smaller, bold, black, sans-serif font. The background consists of flowing blue water with bubbles, creating a sense of movement and freshness.

AQST-FB SERIES PUMP

- 4 speed Fully Programable Variable Speed Pump
- Energy Star Listed Variable Speed Pump
- Built in Controller to automatically regulates RPM's
- Cool Running Magnetic Sync Motor eliminates burn out
- 2" Threaded Ports
- Large skimmer basket with see-through cover
- Ultra Quiet Operation - Low cost of operation

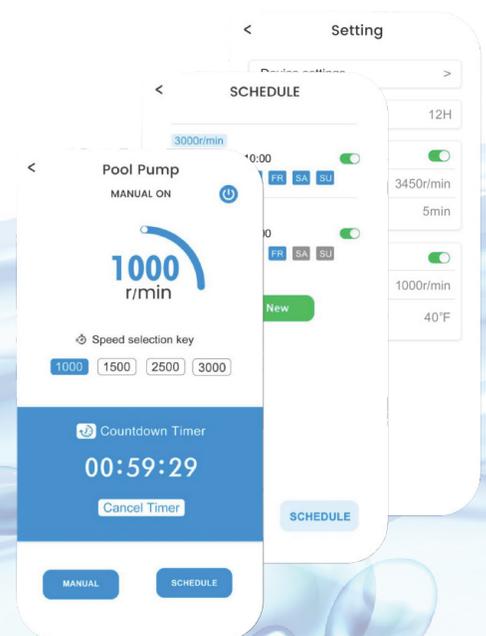

AQST-FB SERIES PUMP

DIGPW SERIES PUMP

- WIFI enabled for full control via Smart Life App
- Dual Voltage 115/230V - 4 Speed VSP
- 2 Versions - 1.3 and 1.65 HP
- Unions Included compatible with 1.5" and 2" Plumbing
- Ultra Quiet Operation - Low cost of operation
- Energy Star Listed

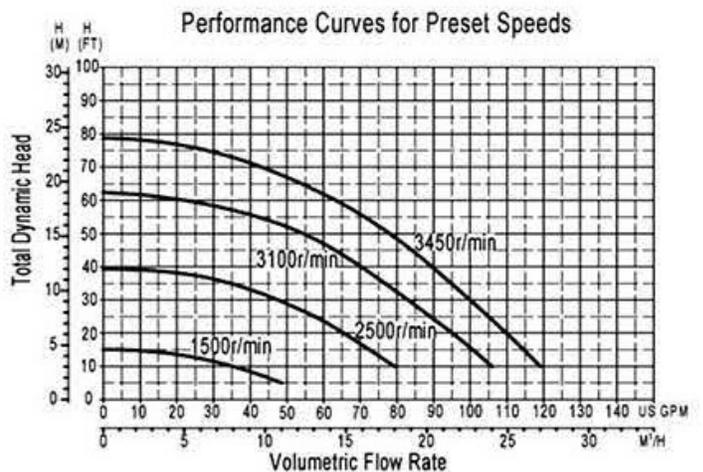

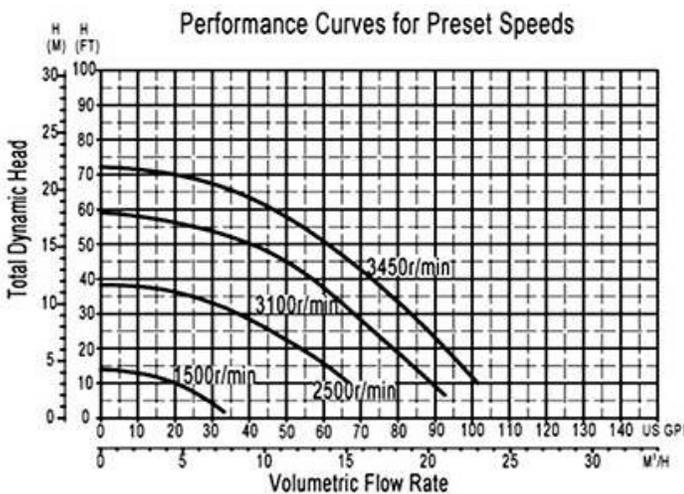

DIGPW SERIES PUMP

- ENERGY STAR® Certified: Meets strict energy efficiency criteria set by the U.S. Department of Energy and EPA
- Wifi Enabled via Smartlife or Tuya APP
- Dual voltage 115/230
- Plumbing Fits: Pentair Intelliflo, Whisperflo
- RPM Range: 450 – 3450 RPM
- Quiet Operation: Ultra quiet motor operation. Integral volute and pot also reduces hydraulic noise. (Operation as low as 38 dB).
- Integrated Freeze Protection: Pump automatically begins running at low temperatures to help reduce the chance of freezing.
- Programmable Scheduling: Onboard time of day schedule, adjustable priming mode, programmable quick clean mode (all accessible Via the APP).
- Additional Features: Simple user interface, with certified UV and rain-proof enclosure.
- See-through pump lid allows easy inspection of strainer basket. Easy cleaning and maintenance. Threaded union fittings for simple replacement or maintenance. Active power factor correction. Certified safe for use in saltwater pools.

1.7HP

PERFORMANCE CURVES

CFSC SALT Smart CHLORINE GENERATOR

Features -

- 1 - Winter mode
- 2 - Water flow detector
- 3 - Digital display with touch panel
- 4 - Accurate salinity level reading
- 5 - Adjustable chlorine output
- 6 - Super chlorination mode
- 7 - Cell failed indicator
- 8 - Smart chlorination program
- 9 - Clear Cell casing
- 10 - cETL Listed

Model No. AQST-CFSC 20/30/40

- Ideal Salt Level 3000-4000 PPM
- Cell life 15,000 hours -
 - o *longer life cell optional
- Self-cleaning - auto reverse polarity
- Suitable for Above/In Ground Pool
- Input Voltage/
Freq 120V/240V, 50HZ/60HZ
- Pipe Size - 1.5" or 2"

SALTWAVE PRO AI SALT CHLORINE GENERATOR

AI Innovation for Salt Chlorine

- WIFI enabled for full control via Smart Life App
- Dual Voltage 115/230V
 - 4 Sizes - 20, 30 and 40 gm/hr output
- Unions Included compatible with 1.5" and 2" Plumbing
- AI System Manages Chlorine production based on Pool Volume, Salt Level, Temperature, and Flow rate.
 - 1 Input on Setup, pool volume, enables unit.
 - Broad Salt range supported - 2200-6000 PPM

CF series Cartridge Filter

UV resistant tank

Max Operating Pressure
250kPa/36psi(2.5bar)

Max Temperature
40°C (104°F)

High Quality Pressure Gauge
Available in 150 and 200 sq ft

CF Series Cartridge Filter comes with a UV resistant tank and a heavy duty ring-lock lid which allows easy cleaning and replacement of the cartridge element. A screw type air bleed valve releases trapped air inside the filter tank. The high quality oil-filled pressure gauge provides an easy overview of the operating pressure.

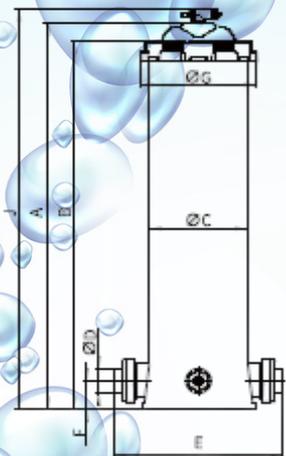

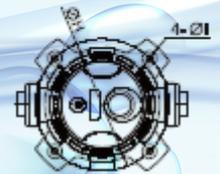

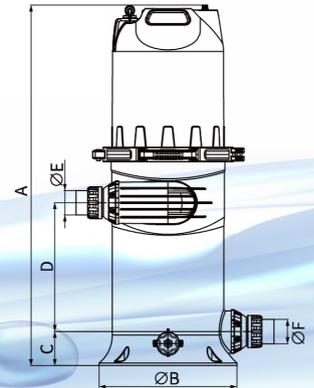

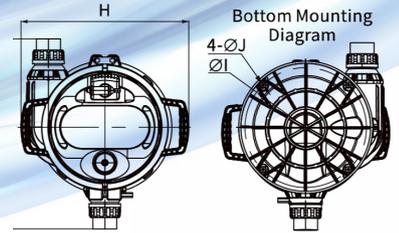

CFG Series Cartridge Filter

- Four-cartridge design traps more dirt and extends time between cleanings.
- Cartridges are easy to remove and rinse.
- Clamp ring allows easy access to cartridges and internal parts to speed service routines.
- Premium Pressure gauge, 2" Fittings included and automatic pressure relief valve
- 1 1/2" drain is easy to access and located to ensure complete draining during winterization.
- Fiberglass-reinforced polypropylene tank is strong and corrosion resistant for extra long life.

CFG Series identifies our "greenest" and most efficient equipment choices. Water flows very efficiently through the GL320-520 filters, often allowing the use of smaller pumps or lower pump speeds to minimize energy use. And when you rinse cartridges rather than backwash, you can significantly reduce water use, too.

AQST-GLS Series Cartridge Filter

Cartridge Filter Specifications											
Model	Filter area		Connect size		Flowrate and filtration filtrazione speed 1			Flowrate and filtration filtrazione speed 2			Max. working pressure
	Ft ²	m ²	Inch	mm	V	Q	V	Q	V	Q	
											m/h
GL100S	100	9.3	1.5"/2"	50(48) 63(60)	1.2	190	11.4	2.1	333.4	20	3
GL150S	150	14	1.5"/2"	50(48) 63(60)	1.2	280	16.8	1.8	416.8	25	3
GL200S	200	18.6	1.5"/2"	50(48) 63(60)	1.2	371.7	22.3	1.6	500.1	30	3

* Flow rate is determined by the pump size and the piping system.

Cartridge Filter Dimensions										
Model	A (mm)	ØB (mm)	C (mm)	D (mm)	ØE (mm)	ØF (mm)	G (mm)	H (mm)	ØI (mm)	ØJ (mm)
GL100S	769	317	93	353			537	469	338	7.5

ColorMagic LED Accent Light

- Simple installation.
- NO SPECIAL FITTINGS
- Threaded for a standard 1.5" return fitting
- 75, & 100 ft cable options
- 10 fixed colors & 7 color changing shows.
- Uses Standard 12V Transformer
- WIFI Controller Optional
- On/Off or Optional Remote Control (receiver embedded in the fixture - no external receiver.)

SPECIFICATIONS

Model No.	Light Color	Voltage	Power	LED Type	IP Grade	Material
APST-CM12075	RGBW	12VAC	9W	CREE	IP 68	UV RESISTANT, RESIN FILLED PLASTIC
APST-CM12100		12VAC	12W	CREE	IP 68	

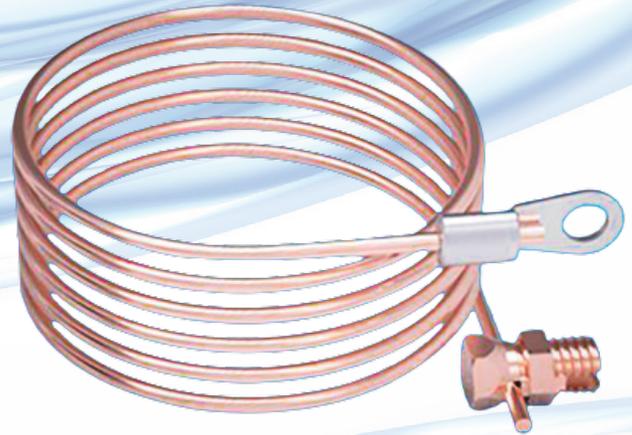

Color Magic Pool & Spa IR Remote LED Light 13 LED's

The Perfect Solution for Pool/Spa without Integrated Lighting

- Integrated magnets and snap in suction cups
- Size 8.5cm diameter x 3.5cm deep (3.25" x 1.25")
- Magnets secure tightly through the pool liner to steel wall
 - Suction cups attach to Acrylic or fiberglass surfaces
- Each unit includes IR remote control which can control multiple units
 - Uses 3 standard "AAA" Batteries
 - Remote max range 8M or 25Ft
- 16 Colours, 4 auto flash modes, 3 timer options and dimable.

Zinc Anode/Water Bond

MODEL AQST-Z-AN

Zinc anode will gradually sacrifice itself to help and protect metal parts (pumps, salt chlorinators, pool lights etc.) from electrical corrosion. Pool owners can use a zinc anode to combat the corrosion of other critical metals in the pool.

- *2" plumbing compatible*
- *Includes 2 ft #6 Bond wire and split bolt*
- *Water bond meets new ESA Water bond Requirements*
