Location:

Salon at the Milford Senior Center

CASH ONLY

Manicure

Involves trimming, filling, shaping nails, pushing back cuticles, and applying polish.

Gel Manicure

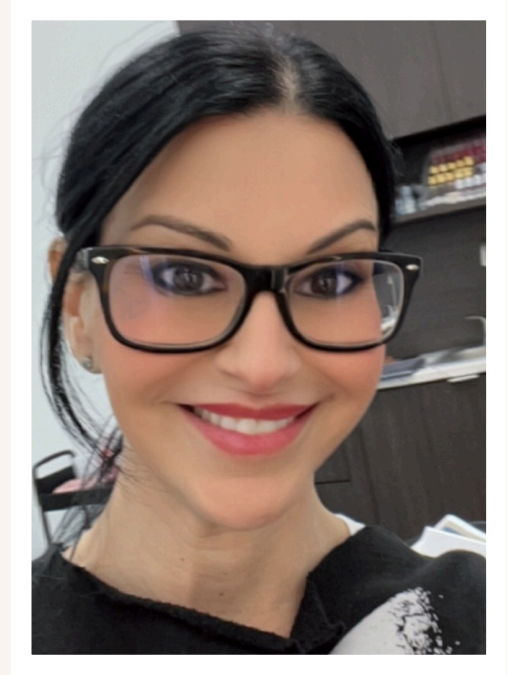

A long-lasting, high-gloss nail treatment using special polish cured under UV or LED light. It dries instantly, resists chips for 2-3 weeks, and includes shaping, cuticle care, and professional removal through soaking.

French Manicure

A classic nail style featuring a sheer natural or pale pink base with crisp white tips, offered in regular polish or gel.

Polish Change

A fast, affordable service lasting under 15 minutes. It includes removing old polish, light shaping, buffing, and applying a fresh coat, revitalizing nails without a full manicure.
