WHO WE ARE

We are a team of engineers aiming to support projects and missions by fulfilling the fastener's requirement with no bar to quantities and batch sizes.

With a setup of minimized fixed costs of tooling, we look forward to providing you with components adhering to global standards and requirements at competitive pricing and a shorter lead time.

OUR SERVICES

MANUFACTURING FACILITIES

- Cold and Hot Forging
- Thread Forming
- Power press
- Hydraulic Press
- CNC Milling & Turning Center
- Wire Cut Machine

QUALITY & INSPECTION FACILITIES

- Profile Projector
- Metallurgical Microscope
- Variable Gauges
- Attribute Gauges
- Surface Table

RAW MATERIAL EXPERTISE

- Alloy steel
- Inconel
- Titanium (Ti-6Al-4V, BT-16)
- Precipitation-hardened stainless steel (15-5 PH, 13-8 PH, 17-4 PH)
- Russian grades.

CAPABILITY

SCREWS & BOLTS

- Socket Head
- Hex Head
- Pan head
- CSK
- Philipshead

NUTS

- Hexagon nuts
- Anchor nuts

INSERTS

- Solid key inserts
- Helicoil

WASHERS

- Plain
- Spring

NOMINAL DIAMETER

- 2mm to 30 mm
- Both metric and Imperial

REFERRED STANDARDS:
DIN, ISO, NAS, IS, ASTM
