

# Back To Love

Akua Tu

Introspection Album ©2009

## Verse 1

I'd like us to be friends  
Then what we are at this moment  
Cause we created life  
Now that's as serious as it gets now  
I know there's a way  
For us to say what we have to say to each other  
No need for disrespect, mind games or high vocal decibels

## Chorus

Let's get back to love  
There's different degrees of love  
Different ways to love  
And different kinds of love  
Let's get back to love  
Different stages of love  
Different expressions of love  
But fundamentally  
Fundamentally love

## Verse 2

We've got to stop passing the blame  
Cause we're responsible for our own actions  
We've got to take stock of our contribution  
That's created whatever given situation  
Come take my hand  
Let's put away the fear  
And love away the pain  
Do you remember conversation  
So let's keep it flowing you never know  
Where we could end up talking about love

## Bridge

Love can save you life  
Love can save your mind  
If you just break down those walls of pride  
Love can make you realise  
The fundamental things in life
