

Love's Fire

Akua Tu

Introspection Album ©2009

Verse 1

Just as you walked in you caught my gaze
Went without saying, I was truly amazed by your
Style and your fashion authenticity
Wondering who you might be

Verse 2

Your tight locks they spin like whirlpools of ebony
I try not to look but can't stop your voice echoes sincerity
I feel your calming nature flow through me
I close my eyes but I see you so clear

Chorus

Love's Fire, you're all I desire
Love's Fire

Bridge

Such a strong vibration is prizing my heart open
It's alright I won't fight it, it's ok
This energy is like the Sunray's reflection
On a peaceful lake in the heart of love's garden
I know it may sound strange but this meeting was arranged
Many lifetimes ago
The creator's plan is gracefully unfolding
Give praise and thanks for what's being presented
I promise to take things slow because that's the only way you know
If love's for real

Chorus

Love's Fire, you're all I desire
Love's Fire
Love's Fire, you're all I desire
Love's Fire
