About Us

Amid the global plastic crisis, we believe that true sustainability starts with the products we use daily. That's why at SETs, we've created Pulse, our exclusive line of eco-friendly products designed to minimize environmental impact without sacrificing quality or functionality. Pulse offers various sustainable products that help businesses and individuals make conscious choices for a greener tomorrow. Whether in the office, at school, or in everyday life, Pulse brings sustainability within reach.

Why Does It Matter?

Our world faces severe environmental challenges, including climate change, loss of biodiversity, and resource depletion. We believe everyone deserves access to eco-friendly products that make a positive impact on our planet. That's why we offer a wide range of sustainable options at competitive prices, all conveniently available online.

We are empowering a greener tomorrow with sustainable cooperative gifts & products! Our curated collection features all designed to inspire a healthier planet. Join our mission to reduce waste, support local communities, and make sustainability a lifestyle choice.

Together, let's make a positive impact & create a better future

Our Vision

At Pulse, our vision is to lead the way in providing innovative and sustainable products that empower businesses and individuals to make environmentally conscious choices. We aim to set new benchmarks in sustainability, driving the adoption of eco-friendly solutions that optimize energy use and promote environmental stewardship. Through our commitment to excellence, we inspire a global shift toward sustainable practices, creating a positive and lasting impact on the planet and future generations.

This vision reflects our dedication to advancing sustainable product innovation and building a greener, more sustainable world.

Our Mission

We are dedicated to driving positive change by offering innovative and sustainable products that empower businesses and individuals to embrace eco-friendly solutions. We are committed to helping our clients achieve their sustainability goals, enabling them to reduce their environmental footprint and contribute to a greener, sustainable future for all.

Through our focus on cutting-edge sustainable products, we aim to inspire and support a global transition toward responsible consumption and environmental stewardship.
