# ? FAQs

### Q: Do I need to be edited before formatting?

A: Yes, proofreading is a final polish, not full editing. We can find you an editor who specialises in your genre if needed.

#### Q: Can I see everything before it goes live?

A: Always! You'll order a proof copy to review.

#### Q: Can I use my own ISBN and logo?

A: Yes.

#### Q: What if I don't see the service I need?

A: Ask! We'll help or refer you to another professional who can help.

### Q: Will I be surprised by extra fees?

A: Never. We'll always check with you first. But once your files have been approved by you and uploaded to the platform, a revision fee of £25 is payable for a re-upload with any changes.

### Q: What if I've noticed an error after I've uploaded my book?

A: If this is our error, then we will fix it as a matter of urgency. However, we trust that your editor has given you the complete and final files for us to format and proofread. If the error is in your manuscript and your editor makes changes that require a reformatting of your book, and a re-upload by us, these services will be charged again at the same rate. If you are concerned, we can provide you with a quote to address the issues and also recommend other professionals to assist you, if needed.

Our goal is to ensure you have the book you deserve, not to punish you for errors; they do happen, but given the work involved, it's only fair that we are compensated for the extra time taken to fix any errors that are not of our making.

Ultimately, if you aren't happy, neither are we, so we will work with you to assess what is needed and what we can do to help.

## **O** We Do Not Accept:

- AI-generated books with no human creative input
- Books that are not professionally or carefully self-edited before submission.

We support indie authors who are committed to high standards, just like traditional publishing.

All prices are correct at the time of writing, but will be confirmed during your quote.
