Visit the Venues hosted a Mock Wedding at Morgan Falls Event Center this spring. On the Visit the Venues Tour, engaged couples and their guests are chauffeured to a wedding planning location aboard amazing luxury vehicles on an exclusive wedding planning tour. Colors of ivory, blush, burgundy with navy, gold and slate brought to life a modern garden theme thanks to the dynamic teams at The Red Experience and KC Events. Their beautiful creations were lit perfectly by the lighting experts at LitePro Houston. Brides couldn't get enough of the gorgeous gowns from Karina King Bridal Boutique. This new store in Memorial also styled the men and bridesmaids. As soon as guests got off the bus, saxophone music from Steven L. Phillips lofted through the air. From that point on, the fun began. Cakes, light bites, music, photo booths and wedding vendors rounded out a great afternoon of wedding planning.

Thank you to the following vendors:
