

FIND YOUR RING SIZE

Step 1

Select a ring you own which fits the finger you intend to wear your new ring on.

Step 3

If you fall between two sizes, or between a full and half size, it's recommended to select the larger size to ensure a comfortable fit.

Step 2

Place the ring over the nearest matching circles on the right. Match the inside edge of the ring to the circle nearest in size.

Step 4

You can double-check your size by measuring the inside diameter of your ring with a ruler, and ensuring it matches the measurements shown in the circles.

CONFIRM PRINTED SCALE

Step 1

Prior to printing, ensure that page scaling is set to "None" in the print dialogue box.

Step 2

Measure the scale bar above to ensure it is exactly 30mm long.

If the measurement is not accurate, check that you are printing the page at fullsize and reprint before continuing.
