UNIQUE  
SOUND AT  
STUDIO812

## OUR HISTORY

The studio was started by chief engineer Tom Hoots in 1993 in his home; the street number was 812, and gave the studio its name. In 1998, area producer Calvin Gann came to Studio812 to record, and Tom and Calvin quickly became friends. They realized they both had a dream to build a recording studio from the ground up that would meet the recording needs of Northwest Florida and the Tri-State area. In 2004, that dream became a reality when the two men purchased the current studio property; Tom and Calvin immediately went to work on the building with major reconstruction and design, producing a full-service recording studio right in downtown Lynn Haven, a suburb of Panama City, Florida. In April of 2006, Studio812 opened its doors to artists.

Since opening in 2006, Studio812 has recorded hundreds of projects and thousands of songs for those who have found this wonderful gem nestled near the world's most beautiful beaches on the Gulf Coast of Florida.

## STATE OF THE ART EQUIPMENT

Tom and Calvin have over 80 years of combined recording experience. With a Neve console, ProTools on Mac, large selection of microphones (including vintage microphones), Baldwin Grand, Hammond B3, DW Drum Kit, Studio812 is equipped to help you find your perfect, unique sound.

Studio812 is a family friendly studio.

## PARADIGM MUSIC GROUP

Paradigm Music Group is the umbrella company that covers Paradigm Records, Songs of Paradigm Publishing / BMI, and operates out of Studio812 Recording Studio in Lynn Haven, Florida.

Paradigm Music Group works with label artists and some independent artists to produce and record music singles and album projects, publish new song works and promotions, and create music and videos to all platforms of music for a world-wide audience.

### JB Audio Production

JB Audio Production works with the producers and artists at Studio812, and provides mixing/mastering services. This post-production process takes your music to the next level, creating a dynamic sound and injecting energy into the mix to make your songs ready for distribution across all platforms.

### Songwriter Music

Songwriter Music provides artist development services and helps both new and established artists grow their audience and reach. We can assist with a variety of services, including album artwork, lyric videos, social media content, advertising, and airplay/playlist placement. From branding and establishing a social media presence, distributing projects to all platforms, planning releases and promoting the music, Songwriter Music works with artists to navigate through the complexities of the music business.
