Do you have UNFINISHED BUSINESS from a past lifetime?

What if the most difficult experiences are actually rich with hidden purpose? Purpose that you yourself planned before you were born. Could it be that you chose your life's circumstances, relationships, and events? Using time tested relaxation methods, Lee, as a Certified Past Life Regression Therapist, will facilitate a past life regression with you and your subconscious mind to learn your soul's path and how your past lives affect your present life's goals. Lee finds that past lives will repeat themselves in relationships and actions in our present lives. Once you are able to view them and understand the emotions and interactions behind them, you are better able to release them and achieve more fully why you are here in your present soul path.

Join Lee Mitchell for a one-on-one complete Past Life Regression. You will be an altered state and experience answers to troubling relationships, unexplained phobias, soul mate connections, strange ailments and clarity you cannot retrieve on your own.

PLEASE JOIN Lee at Aqua Hot Spring. Call Lee for your appointment time 719.221.4275 or email lee@crystalsoulpath.com. $250.00 for 2 hour session.
