## OVERVIEW

This two-day course will provide a comprehensive overview of how sacred geometry and the quality of numbers through geometric shapes can be applied in a sequential order to support body-mind-spirit health and healing. This knowledge and the methods learned and practiced in the class may be applied for self-care and within a professional health care setting for others. Professional ethics and therapeutic communication are role-modeled and guided for the clinical exchange.

## SPECIFIC COURSE CONTENT

- Understanding Symbolism and Sacred Geometry: Ancient and Contemporary
- Understanding how various spiritual streams and religions apply sacred geometry.
- Geometrical Shapes - their meaning and application: Flower of Life, Lemniscate (Infinity Sign), Triangle, Square, Pentagon, Hexagram, Septagon/Heptagon, Octagon, Spiral, Concentric Circles, Vesica Pisces, and Sri Yantra.
- Hands-on application of each geometric shape within an energetic, heart-centered, body-oriented professional sequence, with use of images, affirmations and/or prayers.
- Application to the Human Energy System: Energy field(s), Chakras and Hara Alignment.
- How to administer a treatment for both self-care and for the benefit of another person.
- In-classroom practice drawing each shape to support integration within the left-right hemispheres of the brain.

## DR CYNTHIA HUTCHISON

Doctorally-prepared nurse, served as Healing Touch Program's Educational Director for 15 years through 2018. With a background as a nurse psychotherapist, she has held a private practice in HT and energy therapy for over 30 years, and developed this course based on studies and experience.

## WHO MAY ATTEND

Energy medicine practitioners or students, Health care practitioners interested in holistic modalities, and lay persons with an interest in energy therapy and sacred geometry.

## CONTINUING EDUCATION

Provider approved by the California Board of Registered Nursing, Provider number CEP-3285 for 12 contact hours credit. Accepted by most states for continuing education credit.
