EXPERIENCE

CORPORACION BRECA, Lima, Peru	2024 – 2026
--------------------------------------	--------------------

One of the largest conglomerates in Peru, valued at \$11B, including a \$6B mining portfolio.

Head of Mining Portfolio

- Led the oversight of operations for 4 companies, focusing on strategic alignment between board, corporation, and companies, executing operational efficiency initiatives and realizing \$600M in divestment proceeds across 2 companies in 2 years
- Directed 2025 and 2026 mining assets Valuation process with senior management, identifying \$6B in firm value and \$3B additional operational and project value levers
- Revamped financial models, reducing input update time and sensitivity analysis by 60% and improving visibility for all stakeholders through YoY progression and individual growth project value generation
- Proposed strategic priorities to companies' financial team to incorporate further analysis in investment thesis for a \$770M project, preparing for board's final approval
- Built a strategic dashboard to standardize project evaluation through benchmark across the corporation's pipeline and industry peers using 5 key mining KPIs

CIA DE MINAS BUENAVENTURA, Lima, Peru	2021 – 2024
--	--------------------

Peru's largest publicly traded mining company. Market cap: \$10B; EBITDA: \$1B.

Senior Finance Analyst (2023 - 2024); Finance Analyst (2021 - 2023)

- Directed financial analysis to restart the world's 5th largest silver mine in 2024, on budget, 1 year ahead of schedule, reporting directly to CFO and collaboration with COO, optimizing opex in \$50M/yr and generating \$400M incremental EBITDA/yr
- Led 3 revolving credit facilities (RCFs) totaling \$200M, building projection models and negotiating directly with VPs at Peruvian and international banks, providing robust net leverage (<1.3x) and leading to rating upgrades by Fitch (BB) and Moody's (B1)
- Established ESG mining KPIs for \$100M debt (RCFs), securing the company's first sustainable credit facility
- Structured a \$90M long-term loan for the company's hydroelectric business, modeling projections and negotiating with banks' VPs, providing strong leverage ratios (<2.0x) and securing stable cash flows for the energy subsidiary
- Reduced +10 monthly man-hours by creating an information cube in the company's data warehouse for automated forecasting

SOUTHERN PEAKS MINING, Lima, Peru	2016 - 2021
--	--------------------

Peru's largest unlisted copper producer (acquired by Rio2), EBITDA: \$150M. Part of a PE firm with \$5B in assets.

Corporate Development Analyst (2020 - 2021); Executive Trainee (2019); Corporate Development Intern (2016 - 2018)

- Managed a US\$ 165M precious metal royalty sale to Franco Nevada in Canada, financing Condestable mine 40% expansion and initial capex for Ariana greenfield polymetallic project
- Developed a US\$ 400M IPO prospectus alongside banks, legal, and technical advisors, authoring the economic chapters of 2 technical reports, eventually leading to a strategic exit of all assets in 2024
- Delivered a 2-year M&A plan targeting \$200M of inorganic growth, reporting directly to the CEO and VPs across +10 due diligence processes, including evaluation of PE exit strategies
