EXPERIENCE

U.S. ARMY, FIELD ARTILLERY, 82ND AIRBORNE DIVISION – Fort Bragg, NC **2023 – 2026**

Executive Officer **2024 – 2026**

- Selected as the #1 executive officer out of 15 peers by the battalion commander based on exceptional operational efficiency and resource management
- Coordinated end-to-end supply chain, maintenance, and logistics support for 232 paratroopers across all battalion command nodes
- Managed the property accountability, proper care, and maintenance procedures of 14 staff elements and sub-hand receipts valued at \$103 million, resolving \$3 million of critical resource shortages
- Oversaw the preparation, movement, and staging of all unit equipment in support of combat training center rotations and foreign deployments without operational delay and zero loss of equipment

Platoon Leader **2024**

- Lead a M777A2 howitzer platoon in support of an infantry brigade with a strict 18-hour global deployment mandate
- Designed and executed technical, safety, and operational training for a platoon of 42 paratroopers while simultaneously managing family readiness, resulting in selection for critical short notice missions
- Lead the maneuvering, positioning and survivability of the platoon during combat operations, resulting in the highest operational readiness score across the battalion
- Managed \$15 million in weapon systems and equipment with zero property loss, ensuring proper maintenance, accountability, and operational readiness

Fire Direction Officer **2023 – 2024**

- Selected as the #1 fire direction officer out of 6 peers by the battalion commander based on exceptional data accuracy and risk mitigation
- Calculated and verified complex ballistic data for the battery and platoon in distributed operations, eliminating operational errors in high-risk environments
- Supervised the training, discipline, morale, health and welfare of the fire direction center, consisting of seven paratroopers
- Directed \$2 million in sensitive digital communications equipment with zero loss, ensuring proper maintenance, accountability, and operational readiness
