- Member of the Veteran Association, Consulting Club and Energy Club

UNITED STATES MILITARY ACADEMY (WEST POINT) – West Point, NY **May 2021**

Bachelor of Science, Systems Engineering and Geospatial Information Systems Concentration

- Lean Six Sigma Green Belt – Full Academic Year Project Improving an Army Depot Repair Workflow
- General Keith Award Winner – Top Team Paper, Systems Engineering Capstone Conference

EXPERIENCE

UNITED STATES ARMY, 75th Ranger Regiment (Special Operations) – Hunter Army Airfield, GA

Fire Support Officer, Captain **2024 – 2026**

- Advised the maneuver commander on employment of joint fire-support assets to include resourcing and coordinating over 75+ aircraft in 18 operationally scaled events and impacting 2500+ participants in tactical environments
- Led a 9-person Fire Support Team responsible for complex, high-risk delivery of heavy ordinance; responsible for execution of air operations to include air operation budgeting, aircraft allocation and personnel logistic operations
- Selected to deploy to a forward operating location with a \$650,000+ budget for strategic operations; charged with resourcing and facilitating the movement of over 450 servicemembers in support of real-world combat operations

Executive Officer (Director of Operations), Captain **APR- DEC 2025**

- Deployed as Chief of Operations for a Special Operation's task force composed of 10+ multi-agency/DoD experts responsible for the planning, resourcing, execution and supervision of combat operations across the Middle East resulting in over 20 combat missions in support of national directives
- Directed operations and administration for a 140+ person Special Operations company, principal agent to track and maintain over 25 tactical vehicles and stewardship of \$40M in equipment while forward deployed
- Forecasted and allocated a \$275,000 operating budget to support non-government procured equipment, soldier development school opportunities, and travel logistics requirements for all members of the company

UNITED STATES ARMY, 2nd Cavalry Regiment – Vilseck, Germany

Platoon Leader and Operations Officer, 1st Lieutenant **2023 – 2024**

- Led 33 soldiers across training, readiness, and tactical operations in dynamic multinational European environments; responsible for small team leadership to include daily operations, future training, and the allocation of unit funding
- Coordinated and resourced 3 multinational NATO operations spanning 7 countries; led joint live-fire and combined-arms coordination to strengthen allied interoperability
- Ranked 1 of 34 peer officers, maintained 100% accountability of \$15M+ in equipment with zero loss across over 1300 miles of tactical maneuver logistics for multinational exercises and rotations

Innovation Unit Development Lead, 2nd Lieutenant **2022 – 2023**

- Created a new reconnaissance and fire-support unit at the brigade commander's direction; scaled it from a 12-person section to a 160-person company that remains active today
- Sourced \$450,000+ in commercial off-the-shelf mobility platforms – a first-of-kind adoption for Department of Defense combat application to enhance small-unit maneuver technology
- Codified lessons learned over 18 months of research and development; briefed the Joint Chief of Staff on tactical and technological advancements for future conventional formation implementation

ADDITIONAL INFORMATION

- Certifications & Skills: Top Secret with SCI Clearance, Lean Six Sigma Green Belt, Passed Systems Engineering FE
- Volunteer Mentor for ROTC Cadet Development
- Interests: Golf, Philadelphia Sports, Snowboarding, Defense Technology
