### #305 - TMJ Series Part 1 - How to Diagnose TMJ?

In this first part of the TMJ Series, Dr. Frey explains how he diagnoses TMJ (Temporomandibular Joint Disorder) in his practice. He covers the most common symptoms patients experience, what to look for during an exam, and how he uses imaging and detailed evaluations to identify the root cause of jaw pain and discomfort. This lecture is a clear and straightforward introduction for anyone trying to understand if they may be suffering from TMJ

**Friday, June 19, 2026**

**3:00 PM - 5:00 PM**

**Credits: 2.0**

### #605 - TMJ Series Part 2 - How to Treat TMJ

In part two of the TMJ Series, Dr. Frey explains his two-phase approach to treating TMJ (Temporomandibular Joint Disorder). The first phase focuses on finding the correct bite position to relieve stress on the jaw joints and muscles. Once the ideal bite is established, the second phase is designed to maintain that position long term, helping stabilize the jaw and prevent symptoms from returning. This video outlines how proper bite alignment plays a key role in effective, lasting TMJ treatment.

**Saturday, June 20, 2026**

**3:00 PM - 5:00 PM**

**Credits: 2.0**

**Dr. David Frey, DDS** is a renowned cosmetic and neuromuscular dentist based in Beverly Hills, California, with over 35 years of experience transforming smiles and improving lives through advanced dental care. A graduate of the University of the Pacific Arthur A. Dugoni School of Dentistry, Dr. Frey is recognized for his expertise in cosmetic smile makeovers, full-mouth restorations, and TMJ therapy.

*Driven by a commitment to both aesthetics and function, Dr. Frey combines artistry with advanced technology to deliver results that enhance facial harmony, relieve pain, and restore confidence. His personalized, high-end approach has made him a trusted name among patients seeking natural, lasting results.*
