Product of the Month:

PROSYNBIOTIC

ProSynbiotic is a synergistic blend of four research-supported probiotic strains and two prebiotic fibers to support gut flora and overall intestinal health

- Contains research-supported strains of lactic acid bacteria (Lactobacillus and Bifidobacterium), and Saccharomyces cerevisiae var. boulardii
- Contains inulin, a nondigestible soluble fiber from chicory root, and galactooligosaccharide (GOS), a nondigestible carbohydrate, both of which are used by probiotic bacteria as food
- Useful in maintaining a healthy gut microbial environment
- Helps support the body's natural absorption of calcium and magnesium
- Improves nutrient digestion and absorption
- Supports normal bowel regularity and consistency
- Supports the body's natural immune system function*
