SERVICES

1

REEL & FEED POST - FREE

Since I am running a social media series dedicated to restaurants and food all over the world, a normal post as part of this series is completely free. I would only need accomodation and transport provided by you.

2

ACCESS TO ALL CONTENT I CREATE - FREE

In all my collaborations I provide the hotel/resort/restaurant with all the content I create during my stay. I use a professional camera and my smartphone to create stunning pictures and engaging videos.

3

UNIQUE INSTAGRAM SERIES - 500€

If you want something more unique, I would dedicate my own series about your place with a series of reels and posts to you. This includes reels, feed posts, stories and content on other platforms.
