

Courtesy Warning Notice PARKING VIOLATION

You have received this Courtesy Notice from the City of Savannah because your vehicle, boat or trailer is parked illegally on a yard in violation of the City of Savannah Code of Ordinances Section 8-1003.

This is just a warning, however, beginning January 2, 2019 Code Compliance officers will begin issuing \$25 citations if your vehicle, boat or trailer is parked illegally on a yard. Failure to pay this fine will result in the addition of late fees.

City ordinance requires your vehicle, boat or trailer to be parked:

- On an established driveway;
- Enclosed in a legal accessory building;
- Parallel and within 5 feet of an established driveway to the one side closest to the side property line provided such parking allows a minimum set back of 3 feet;
- In a side or rear yard that is screened from the view of public right of way or neighboring properties.

Yard parking adds visual blight to our neighborhoods, and contributes to yard erosion.

If you have questions contact the City's Code Compliance Department at **912-651-6770**.

Thank you for your cooperation.
