Proposal

Date	Proposal #
9/10/2020	1001

Client:

Scott Masterson
131 Greentrail North
Chesterfield, mo

We Hereby Propose the Following:

Description	Total
Grate and pipe only on lake side -To MSD spec -I have quoted a grate approved by msd but the concrete is not to plan so we may have to make our own. Will not change price just a heads up.	7,440.00
From emergency exit to creek, including exit area from concrete pipe at bottom of hill in creek -Import clay to fill in areas that have been washed out. -Areas will be compacted as while being filled with hydraulic compactor -Trees will be removed within the limits of disturbance. Disposed of off site -Area where the the overflows meet at bottom of hill will be cleaned up -All boulders and rock that can be re-used will be. -Fabric mat will be installed and pinned. -MSD 8 will be used from the triple pipe overflow down to the creek. Much larger than existing. MSD should be good with this. -All work in the creek will be to spec. -All disturbed areas will be seeded and strawed. Straw mat on slopes and pinned -Access will be from the damn(may change to Ladue, if so I will handle the SUP permit) Digrite will be notified to located all utilities. -Not responsible for unmarked utilities -Permit cost not included in quote. Jobsite will be clean and presentable upon completion.	117,316.00

Any conflicts with rock will result in additional cost. Any conflicts with existing utilities may result in additional costs. All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practices. Any alterations or deviation from above specifications involving extra costs will be executed only upon written order and will become an extra charge over and above estimate. If account becomes overdue the buyer below will be responsible for fees resulting from collection procedures including attorney's fees and court cost.
