**Subject:** Village of Green Trails Detention Basin/Pond

Dear Ms. Monachella:

I had a chance to visit the site today and inspect the spillway. The work completed by your contactor last Friday fulfills the requirements of our Notice of Violation letter sent to the Village of Green Trails Trustees. The detention basin, including its outlet structure and spillway, are in compliance with MSD's stormwater requirements. Thank you for your response to this matter.

Sincerely,

KIRK LAMBRECHT
