HUNTING CALENDAR 2026

10 COMMANDMENTS OF FIREARMS SAFETY
 The Ten Commandments of Firearms Safety should be etched in your memory forever. Let them govern your actions wherever and whenever you're involved with firearms. In the woods. On the range. Or in your home. Please take time to review and understand these rules.

- Always keep the muzzle pointed in a safe direction.
- Firearms should be unloaded when not actually in use.
- Don't rely on your gun's safety.
- Be sure of your target and what's beyond it.
- Use proper ammunition.
- If your gun fails to fire when the trigger is pulled, handle with care.
- Always wear eye and ear protection when shooting.
- Be sure the barrel is clear of obstructions before shooting.
- Don't alter or modify your gun and have it serviced regularly.
- Learn the mechanical and handling characteristics of the firearm you are using.

Happy Labor Day

Come the first Monday of September, many children and their parents start to face the reality that school, if it hasn't yet started, is about to begin again. That's because Labor Day marks the unofficial end of summer. But there is much more to this holiday than barbecues and the notion that fall is right around the corner.

Labor Day was forged by the labor movement of the late nineteenth century. Many workers during this time felt they were underpaid and overworked. Conditions at their places of employment also lacked adequate safety. These workers banded together to fight for higher wages, shorter workdays and improved working conditions.

Before it was adopted as an American federal holiday, Labor Day was first recognized by labor activists and individual states. Although New York was the first state to introduce a bill, Oregon actually was the first to pass a law recognizing Labor Day, which the state first celebrated on February 21, 1887. Four more states followed suit that year. By the end of the decade, three more states passed Labor Day holiday laws.

In recognition of the momentum of Labor Day at the state level, and with the adoption of the holiday by another 23 states by 1894, Congress passed an act on June 28, 1894, officially making the first Monday in September a legal holiday each year.

The United States is not alone in devoting a holiday to celebrate its labor history and honor the contributions of workers. Canada celebrates Labour Day to remember the rights of workers, which include paid holidays, medical care, fair hours, union wages, and safe workplaces. Labour Day was declared a legal holiday by the Parliament of Canada on July 23, 1894. The earliest Labour Day celebrations were held in the spring, but eventually were moved to September.

Labor Day remains a time to honor and affirm the dignity of working people across the nation. It also affords individuals an opportunity to enjoy a well-deserved day off and reflect on the contributions workers have made throughout the years.

Stuart Silver
Fox Ranch

Stuart, Nebraska

Jerry Penry

Preface

With the passage of more than seventy years since it closed, the former Silver Fox Ranch that was once located nine miles north of Stuart, NE, has mostly slipped into obscurity. From newspaper accounts of the late 1920's and into the 1940's, it was portrayed as being a truly magnificent operation. It put Stuart on the map as being the largest facility of its kind in the entire Midwest.

The sole purpose of the ranch was to raise silver foxes as well as a lesser number of coyotes, rabbits, and mink for their fur. The intent was not done to produce warm clothing, but rather for the sale of valuable and highly sought luxury apparel.

Trapline

A
Nebraska
Murder
Mystery

Jerry Penry

A sensational true story murder mystery that took place in rural Holt County, Nebraska.

Two trappers formed a partnership to trap wild animals as a winter source of income. One was a well-known local Holt County man, while the other was a mysterious outsider from Wisconsin. After they departed in the spring of 1932, the local man was later found dead under suspicious circumstances...

The murder was pinned on the outsider who then fought to save his own life from the death penalty. Did he really do it? Was this even a murder? The expensive trial nearly left the county bankrupt...
