## Alpha HerdMax

### Livestock Feed and Supplements

#### ALPHA HERDMAX GAINER PRO FOR BEEF AND DAIRY CATTLE

This unique supplement is designed to allow cattle the maximum benefits from feed which is almost completely digestible, while providing opportunity for massive gains without the need for growth hormones, and or antibiotics.

**BENEFITS:**

- ➔ Aids feed intake while providing the opportunities for higher average daily gains and reducing cost per pound of gain.
- ➔ Improves animals health during stress periods such as weaning, illness, and diet changes
- ➔ Contributes to digestive and immune system development
- ➔ Contributes to management of bloat and burnt up rumens of hot ration diets for cattle.
- ➔ Increased milk production for dairy producers

**GENERAL INFORMATION**

Herdmax gainer pro is an exceptional product which is derived from a select combination of plants, probiotics, and minerals that are effective during all stages of cattle production. Herdmax Gainer Pro not only helps feed the gastrointestinal tract, which allows the animal more energy for gain and milk production, but also helps boost the immune defenses and assists in boosting performance and profitability at finishing. Producers can safely add Herdmax Gainer Pro to their cattle diets to help guard valuable gut bacteria and encourage overall animal welfare.
