# HAPPY MOTHERS Day

### A Source of Strength

Mothers are often the pillars of strength in families. In moments of crisis or uncertainty, they exhibit remarkable resilience and grace. They console us during our toughest times and inspire us to keep moving forward. This unwavering strength not only supports us but also teaches us the importance of facing adversity with courage and determination.

### The Evolving Role of Mothers

As society changes, so does the role of mothers. Today, many mothers juggle careers, personal interests, and family responsibilities. This evolution reflects the dynamic nature of motherhood, showcasing how mothers adapt and thrive in various environments. Regardless of the changes, the core qualities of love, sacrifice, and guidance remain constant.

### Celebrating Mothers

It is essential to celebrate mothers—not just on special occasions, but every day. A simple acknowledgment of their efforts, a heartfelt thank you, or spending quality time can make a significant difference. Recognizing the profound impact mothers have on our lives fosters gratitude and strengthens our bonds.

### Sacrifice and Dedication

Motherhood is synonymous with sacrifice. Many mothers put their dreams and aspirations on hold to prioritize their children's needs. This selflessness is often seen in the countless late nights, early mornings, and the tireless efforts to ensure that their children have the best possible opportunities. A mother's dedication is a testament to her love; it is the silent promise to protect, nurture, and guide her children through life.

### The Teacher and Guide

Beyond nurturing, mothers serve as our first teachers. From the simplest lessons—like how to tie our shoelaces—to the more complex ones about kindness, empathy, and morality, mothers shape our understanding of the world. They impart wisdom that lasts a lifetime, helping us navigate the complexities of life. Their guidance often comes through stories, experiences, and the values they instill, laying the foundation for who we become as individuals.

### Conclusion

A mother is more than just a caregiver; she is a source of love, strength, and inspiration. The meaning of a mother encompasses a myriad of roles—nurturer, teacher, guide, and friend. As we reflect on the significance of mothers in our lives, let us cherish and honor them for the immeasurable contributions they make. In a world that often seems chaotic, the love of a mother remains a beacon of hope and comfort. Whether through their words, actions, or simply their presence, mothers leave an indelible mark on our hearts and shape the very fabric of our lives.

**EVERY DAY, NEBRASKA EXAMINER** journalists work tirelessly to hold government officials to account and report on how state policies affect Nebraskans - and there could hardly be a time when such journalism is more crucial. Guiding our newsroom is a simple command: Dogged. Principled. Dedicated to Nebraska news. Nebraskans want accountability from their elected officials and government. They want to know whether their tax dollars are being well-spent, whether state agencies and local governments are responsive to the people and whether officials, programs and policies are working for the common good. The Nebraska Examiner is a nonprofit, independent news source committed to providing news, scoops and reports important to our state..... 10ctf

# Tragedy on the Trampoline

A  
Nebraska  
Murder  
Mystery

Jerry Penry

A sensational true story murder mystery that took place in rural Holt County, Nebraska. Two trappers formed a partnership to trap wild animals as a winter source of income. One was a well-known local Holt County man, while the other was a mysterious outsider from Wisconsin. After they departed in the spring of 1932, the local man was later found dead under suspicious circumstances. There were known enemies in the area who had earlier tried to kill both of them, but the murder was pinned on the outsider who then fought to save his own life from the death penalty. Did he really do it? Was this even a murder? Did local residents cover something up? Were the jurors pressured to reach a verdict and thus rushed to judgment? The expensive trial in Holt County District Court nearly left the county bankrupt. The famed Cronin brothers of O'Neill led the prosecution for the State, while attorneys Mounts from Atkinson and Jackson from Neligh formed the defense. Hard-lined Judge Dickson presided over the trial and long-time Holt County sheriff Peter Duffy conducted the investigation.

UNK senior Faith Rasmussen received two gold ADDY awards and Best of Show recognition during the 2026 American Advertising Awards state competition. (Photos by Kollin Goff, UNK Communications)

OMAHA – University of Nebraska at Kearney students earned top honors in the 2026 American Advertising Awards state competition, receiving multiple gold ADDYs and special recognition during the event. Conducted annually by the American Advertising Federation (AAF), the industry's largest and most respected competition recognizes creative excellence across all areas of advertising and design, with separate divisions for professionals and college students. It's often described as the "Oscars of advertising."

The statewide event, organized by AAF Nebraska, is the first tier of the three-level national competition. Local winners advance to district competition, with district winners moving on to the national stage. Two UNK students were recognized with individual honors at the Nebraska awards ceremony, hosted Feb. 20 in Omaha.

Faith Rasmussen, a senior from Chambers, received a gold ADDY for "Frost-byte Magazine," created in the Senior Portfolio and Design IV courses. That project was selected as Best of Show among all student submissions. She also earned a gold ADDY for "Reverse//Forward Photo Magazine," a project developed in Senior Portfolio and Photography. Faith is the daughter of Steve and Linda Rasmussen. Faith is currently employed at the O'Neill Shopper. She is a joy to work with.

# 7 GIFT IDEAS FOR SOON-TO-BE GRADUATES

It would be an understatement to say that it has been an interesting few years for the Class of 2026. Due to the pandemic, many soon-to-be grads spent a significant portion of their school years adapting to a changing landscape, both at school and at home. While it is an accomplishment to reach graduation in a "normal" situation, students who have succeeded and thrived in the face of pandemic-related adversity are worthy of extra celebration.

Graduation gifts are a great way to show grads how proud you are that they stayed the course in the face of significant challenges. Here are seven gift ideas for graduates.

- 1. JOURNAL:** Graduates are about to start new chapters in their lives. Either a blank journal or one with writing prompts can help grads get their thoughts on paper to document both the many moments that will shape the next few years.
- 2. MASCOT- OR SCHOOL-THEMED OFFERINGS:** If a high school graduate will be going on to higher education, then visit the college or university's spirit shop to purchase anything from sweatshirts to blankets to coffee mugs featuring a school logo or mascot. On the first day of classes, the new student will already feel part of the team.
- 3. NEW WARDROBE:** Graduating means forging new paths, whether in a career or through additional schooling. Grads can look the part with several items from a favorite retailer. Those who are unsure of the graduate's style can purchase a gift card and let the grad go on a spending spree.
- 4. FRAMED SCHOOL PHOTO OR MAP:** A piece of artwork can evoke strong emotions of time spent on campus. Frame a black-and-white or sepia-tone print of the aerial view of campus, or opt for an official school tour map, which indicates buildings and other points of interest. This could become a cherished keepsake.
- 5. BEDSIDE ORGANIZATIONAL POUCH:** Dorm life requires maximizing a small amount of space. An organizational pouch or pocket can keep essentials such as a tablet, book, reading glasses, and remote control close by and organized without taking up a lot of room. Some are designed to rest over a couch cushion or slide between a mattress and bed frame.
- 6. AUTOMOTIVE ESSENTIALS:** Graduates will be facing all sorts of new expenses, so easing any sort of financial burden can help them in a big way. Vehicles tend to be major financial drains for teens and young adults. Prepaid cash cards, gas station gift cards, vouchers for car washes, and even gift cards to an automotive supply store can help graduates direct their funds elsewhere.
- 7. PERSONAL COFFEEMAKER:** Many people feel coffee is essential to make it through the day. Graduates who will soon be studying for college exams or those waking up early for their first forays into the workforce may appreciate an on-demand pick-me-up. Coffeemakers are much more streamlined these days, and there are pots designed to use loose grounds or special pods to produce cups quickly.

Shoppers can explore many interesting options to commemorate the accomplishments of the class of 2026.

# Graduation

CONGRATULATIONS GRADUATES

## THE SYMBOLS OF GRADUATION

After many years of time spent toiling classrooms and study halls, many students welcome graduation. Graduating high school or college is a major milestone. It is associated with many symbols that have endured for some time. As graduates prepare to receive their diplomas or degrees, they might be curious to know what's behind some notable symbols of graduation ceremonies.

- **GOWN:** The gown is a customary garment worn on graduation day. The Georgia Institute of Technology says gowns historically were heavy robes worn by medieval scholars for warmth in the largely unheated universities. Today, graduates don gowns not for warmth (as most graduation ceremonies take place in the spring and summer), but to symbolize the level of degree being conferred.
  - **CAP:** A cap, also known as a mortarboard, often goes hand-in-hand with a graduation gown. Historians surmise the flat, square shape represents either a mason's mortarboard to symbolize hard work. Others say it may be the shape of a book to signify academic achievement.
  - **TASSEL:** The turning of the tassel is a relatively modern tradition. The tassel, which is attached to the mortarboard, initially was an ornament but has since evolved into a traditional element. The Honor Society says the practice of moving the tassel from one side of the cap to the other symbolizes completion of this important academic milestone. Typically, graduates move the tassel from the right to the left. The right side represents the student being a candidate, while the left means he or she is now a graduate. While some sources date the tradition to the early 1900s, the current tradition has been traced to the 1960s and 1970s.
  - **CORDS AND STOLE:** Graduates may adorn their graduation garb with other elements. Cords are twisted ropes that often represent high grade point averages or participation in honor societies. Stoles are satin scarves that often denote participation in specific organizations or a student's cultural heritage, according to the University of Colorado Boulder.
  - **DIPLOMA:** A diploma is a legal document. Historically, diplomas were written on thin sheepskin and rolled into tubes. Students may receive a prop diploma on graduation day or empty diploma folio. Later on the actual document will be mailed or made available for pickup.
  - **RINGS:** Some graduates have opted to purchase class rings. Students will often wear the ring with the school name facing them while still a student. Upon graduation, the ring will be turned so the name faces outward, presenting the completed coursework to the world.
  - **COMMENCEMENT SPEECH:** The word "commencement" means "beginning," which is fitting for a graduation ceremony. Instead of marking the end of something, commencement is for students who are about to start a new chapter.
- Graduation rituals and symbols have endured through the ages, and are likely something students and their families will encounter as they prepare for the ceremony to come.*

**Verdigre Rescue Building and the**  
**Rural Fire Board Quonset.**

The rescue building is approximately 32' x 72' with 2, 12' x 11' doors and 2 walk out doors, generator and cove heat. This building is perfect if you are looking to start, expand, or relocate a business.

The Rural Fire Board Quonset is approx. 40' x 80' with 2, 14.5' x 13' doors and is perfect if you are looking for a ton of storage.

Buildings in downtown Verdigre are hard to come by, and the flood guidelines make it almost impossible to build. So don't miss out on this great opportunity.

**"Hi-Yield Formula . . ."**

✓Quality Programs

✓Quality Service

✓Quality Care

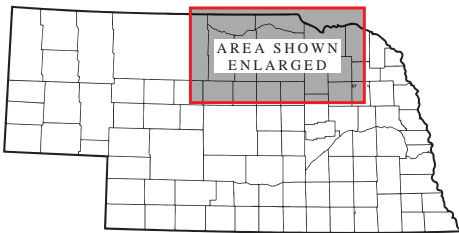

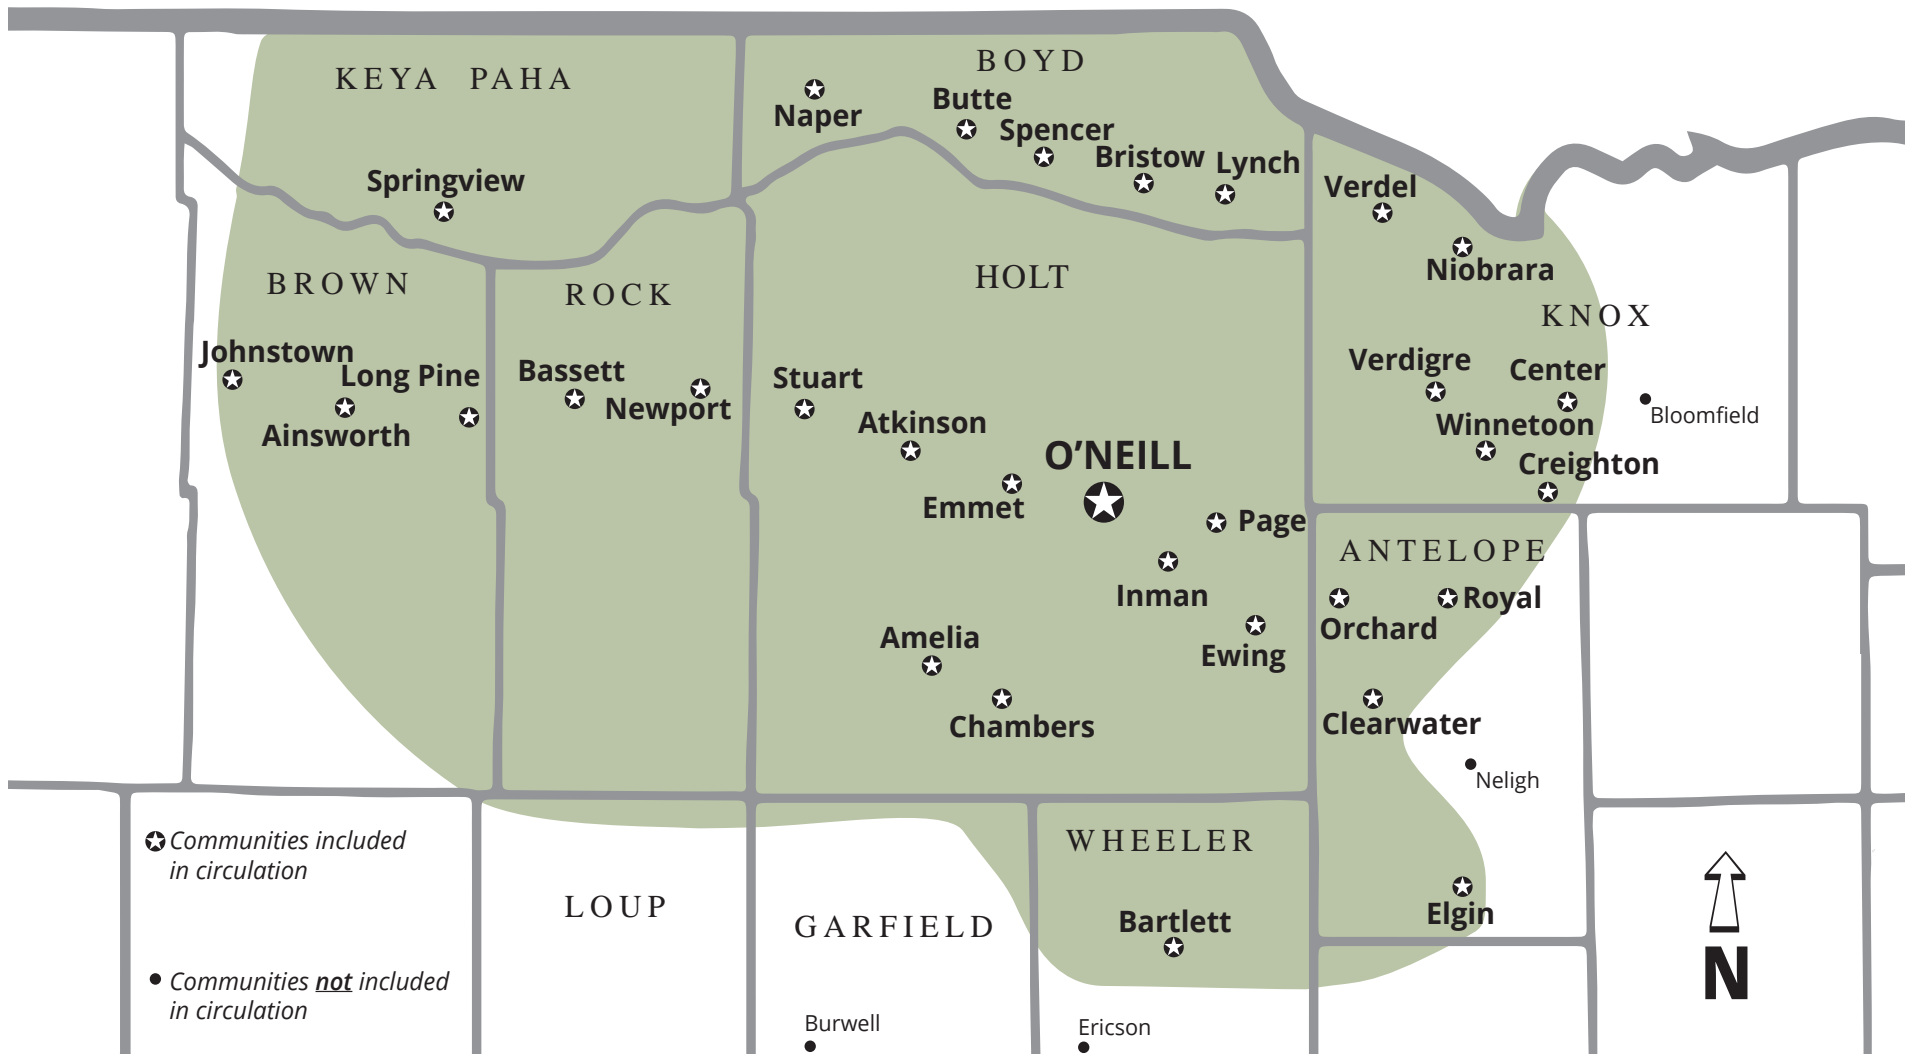

In the farming profession, a common denominator in realizing financial goals is almost always crop yield. In today's agricultural environment, assurance that yield expectations can be met consistently is essential. **Agricultural Services, Inc.** develops "Hi-Yield" fertility programs, that are specific to individual fields, and then sees those programs through to harvest.
