# Tiny the Tanker

## **Tiny the Tanker to the Rescue.....**

Many events have limited space and or electric to place/provide entertainment. **The Firefighter Show has come up with a fun entertaining roaming “character” solution.....**

## **Tiny the Tanker**

Tiny the Tanker has taken on a personality of his own. His sweet child like voice melts the hearts of both young and old as he roves slowly throughout events greeting and engaging guests along the way. Whether he is singing happy birthday, giving directions, playing a children's song or reminding guests to wash their hands Tiny always gets a big smile or kind wave in return.

Tiny the Tanker has all the equipment, lights, sirens and water effects of a real fire truck but has also recently been refitted with an improved eight speaker sound system, extra bright LED lights on his mouth which light as he speaks, rear and side view safety cameras, 4 hand sanitizer dispensers, signs that indicate the importance of hand sanitizing and bubble machine which is a big hit with the younger kids.

### **A unforgettable one of a kind “character”.**

Two standard sign frames 18”<sup>tall</sup> x 24”<sup>wide</sup> (yard sign size) are available to **DISPLAY YOUR EVENT SPECIFIC PROTOCOLS OR SPONSOR AD** (event provides signs)

**Tiny the Tanker** is an electric vehicle, no engine noise, no exhaust fumes. Tiny can operate **indoors** or **outdoors** as a **Roving Attraction** or **Stationary Greeter**. Tiny also makes **Special Appearances** while at events that can include; **Parade Detail, Flag Bearer, VIP Guest Greeter** or **unique Event Spokesmen for Media Interviews**.

**Our goal is to:  
MAKE THE BEST EVENTS BETTER.**
