FIREFIGHTER TRAINING SHOW

Top Rated Attraction-Entertainment-Fairs-Festivals

The Firefighter Show plays off every child's curiosity to one day become a "Firefighter". The show provides an impactful blend of entertainment and education. The show allows volunteers from the audience - usually kids, to become our firefighter trainees in each show. The Firefighter Show is sure to heat things up at your event with Firefighter action and its inspiring mission. From Kids Volunteering to Thrilling Firefighter Demos our Junior Firefighter Play Station and Fun Competitions, there's something for everyone!

Kids love our Smoke House, Simulated Fire Scene and the epic Water Cannon Shot!

Our realistic Firefighter Costumes, Simulated Fire Scene, Smoking Building, Custom Fire Truck "Tiny the Tanker", Sound Effects, Music, Junior Firefighter Play Station and the Real Firefighter Equipment featured in each show makes the Firefighter Show stand out from other traveling Fair and Festival Grounds Attractions.

The Firefighter Show has created and provides a fully interactive show set like no other.

The Firefighter Show is an annual tradition at many county fairs and festivals throughout the central and eastern united states from northern Michigan to South Florida and all states in between.

Kids return year after year hoping to get picked to volunteer and become one of the Firefighters in the show! All the kids receive a Firefighter Show Sticker Badge for practicing in our smoke house after the show.
(Firefighter Show Sticker badges are free while supplies last)

"The encouragement/applause our Firefighter volunteers receive from the audience is really what makes our show so popular/fun and keeps the volunteers/kids/audience coming back year after year... the kids and I really do appreciate the audience support".

Up to 3 Shows Daily. we start show music and announcements 13 minutes prior to show time. Each show/demonstration lasts 20 to 30 minutes and involves four audience members, usually kids. Post- show, we operate the smoke-rescue facility letting all the kids practice "Crawl Low, Under Smoke" and offer good firehouse hospitality for 5-15 minutes.

Our Junior Firefighter Play Station (5 and younger) is open during event hours and closes after our last show of the day.

Event must provide items below:

Space Required (Show Area Only): 40-feet frontage X 40-feet deep. Flat, Firm Surface.
(grass, asphalt, concrete)

Additional Space Required (Audience Seating):

Bleacher seating is best as we are ground level OR chairs, benches, hay bales, seating for at least 50 is recommended.

Electric: I use 4 wire #10 cord- 30 amp twist lock outlet, or 50 amp outlet OR two 30 amp, 115 volt circuits/breakers.

Water: Nearby garden hose connection (200ft) for filling fire extinguishers.

Camping/Trailer/Space: The cargo trailer is part of the smoke-rescue facility structure in which our fire truck and equipment are stored after hours. Cargo trailer is included in the 40 x 40 space. Our camper is a pick-up truck, slide in camper. Camper is not included in the 40 x 40 space. Nearby parking of the truck/camper is very helpful. Free camping space with water, sewer access and 30- amp electric or one hotel room is required along with all parking permits and gate admission passes.

Contract and Pricing available upon request.
