

verosughero

handmade cork packaging

Simply we love our planet.

And we love beautiful things too.

We promote a sustainable economic growth in perfect harmony with our environment.

We only use the finest raw material from the sardinian cork forest.

In order to reduce our ecological footprint we collect used cork stoppers too.

We recycled more than 5 q. of used corks every year.

Our factory is fully solar powered.

We produce bespoke cork packaging.

Thanks to our 15 teamworkers and 4000 sqm,
we are able to realize 5000 units per day.

Your packaging is a perfect mix of cutting edge
technology and italian handcraft culture.

Daily international shipping.
