

**Equip Ministries, Inc.**  
**2021 Year End Report**

WOW! What a year! After the Covid outbreak of 2020, we rebounded pretty good in starting 2021. Taking into consideration these Covid issues, we set our goals to be in 40 schools last year! Well, Praise the Lord, we met those goals plus 11!

That's right, we were in a total of 51 schools last year!

Therefore, we are planning on another 50-school year during 2022! Thanks to your help and support both prayerfully and financially, we know that God will once again provide for His ministry and purpose to be accomplished!

So, I want to say a special thanks to those who chose to support us last year, and we are praying for your generous support again this year! We are planning on having 2 more Super Camp events this year, and will also be starting a brand-new series of hunts called "The Legend Hunts" which will provide hunting opportunities for adults who will commit to spending invaluable time with a young person of their choice for a weekend of hunting quail, deer, squirrels and coons and even wild hogs! We feel compelled to provide these opportunities in order for adults to once again become the "legends" in the eyes of these young people! We are all in this together to help save our next generation from the chains of addictions! So please, pray and ask God how you can join our efforts in achieving God's purposes for these young people! I have enclosed a partnership form for your convenience, if you or your church feels led to help financially, we certainly appreciate your consideration!

Now, for the report...

**School Numbers**

Schools visited: 51

Estimated number of students reached: 7,190 \*

Estimated number of Sobriety Pledges: 5,847 \*
