

## They're bitin' here!

Bass fishing on the Chattahoochee River is some of the best in America. More than 60 miles of shoreline snakes through Stewart County. Shaded creeks pour nutrients into the river and that means good fishing for you.

## Canyon history lures.

Providence Methodist Church, adjacent to Providence Canyon, is a visual feast and a tribute to the settlers who worked this land prior to the Civil War. The historic church cemetery is where many of the original members still rest.
