

Sending to the U.S.A. or internationally?

Save time in store by completing your customs form online.

Three easy ways to complete your customs form and get your barcode

Mobile App

If you have our mobile app, click the **Customs form** in the menu.

Text

Text **CUSTOMS** to **55555** to get your customs form.*

QR Code

Scan this **QR code** to get your customs form.

Just bring your barcode to the post office and we'll help with the rest.

No need to fill out paper forms and no need to announce your information at the counter.
It's the best way to ensure your package meets international regulations for customs clearance.

*Standard message and data rates may apply.
Electronic data transaction for customs is mandatory for most services and destinations.
