Mission Statement

The Mission of the Valley Center Pageant Association is to promote and produce a high quality pageant for the specific purpose of seeking out a young woman in the community who is a role model, who is articulate, who can serve as an ambassador of Valley Center throughout her reign, who has the willingness to serve and the graciousness of a Queen. The Valley Center Pageant Association is a group of individuals committed to the personal development of young women in the community: promoting higher education and life-long learning, the development of communication and networking skills, helping create and increase community awareness and responsible citizenship, and overall development of the poise and confidence a young woman needs to be successful in business, family and life.

Vision Statement

The Valley Center Pageant Association believes education is knowledge, and that knowledge is the most valuable asset a person can aspire to gain. Therefore, the long term vision is to increase educational scholarships for the Miss Valley Center Pageant program and to encourage and enable young women to attend institutions of higher learning to further develop themselves intellectually and socially.
