

# ANTIOXIDANT BEAUTY IV DRIP

## BENEFITS

- **Enhanced Skin Health:** The Antioxidant Beauty IV Drip nourishes your skin from within, promoting a healthy, glowing complexion.
- **Improved Radiance:** High doses of Vitamin C (Ascorbic Acid) and Glutathione work together to reduce oxidative stress and improve skin brightness.
- **Powerful Antioxidant Protection:** Zinc and Vitamin C provide robust antioxidant protection, helping to fight free radicals and reduce the signs of aging.
- **Strengthened Hair and Nails:** Biotin, a key ingredient, supports the health of your hair and nails, making them stronger and more resilient.
- **Overall Well-being:** The B-complex vitamins and mineral blend enhance your overall health, ensuring you feel as good as you look.

## SCIENCE

- **Lactated Ringer's or Sodium Chloride 0.9% (500-1000ml):** This serves as the base for hydration, helping to replenish fluids and electrolytes, ensuring your body is well-hydrated which is crucial for healthy, glowing skin.
- **Extra Zinc (10mg/ml - 1ml):** Zinc is vital for skin health, promoting collagen synthesis and reducing inflammation. It helps in healing wounds and rejuvenating skin cells, giving you a fresh, youthful appearance.

## GLP-1 Weight Reduction Shots- Help Resources

- **Ascorbic Acid (Vitamin C) (500mg/mL - 3-5mL):** A powerful antioxidant that protects your skin from free radicals, Vitamin C also boosts collagen production, helping to maintain skin elasticity and firmness.
- **Biotin (0.5mg/ml - 4ml):** Known for its role in skin health, biotin helps improve the structure of keratin, a protein essential for healthy skin, hair, and nails.
- **Glutathione (200mg/ml - 5ml):** A master antioxidant that aids in detoxification, brightens the skin, and reduces oxidative stress, leading to a more even skin tone and reduced pigmentation.
- **BPlax (B1, B2, B3, B5, B6 - 100-2-100-2-2mg/ml) - 1ml:** This blend of B vitamins supports skin health by enhancing cellular metabolism and promoting skin repair and regeneration.
- **Mineral Blend (MagnesiumCL 80mg, Zinc 1mg, Manganese 0.02mg, Copper 0.2mg - 1ml):** This mix of essential minerals aids in maintaining healthy skin by supporting enzymatic functions that repair and protect the skin.
