

REVITALIZATION DETOXIFICATION IV DRIP

BENEFITS

- **Rapid Rehydration:** Replenishes lost fluids and electrolytes to combat dehydration.
- **Energy Boost:** Restores energy levels with essential vitamins and minerals.
- **Detoxification:** Helps flush out toxins from your system, speeding up recovery.
- **Relief from Hangover Symptoms:** Reduces symptoms such as headache, nausea, and fatigue.
- **Enhanced Mental Clarity:** Improves cognitive function and mood.

SCIENCE

- **Lactated Ringer's or Sodium Chloride 0.9% (500-1000ml bag):** These solutions help rehydrate your body quickly by replenishing lost fluids and electrolytes, essential for overcoming dehydration caused by alcohol consumption.
- **Magnesium Chloride (200mg/ml, 2ml):** Magnesium is vital for muscle and nerve function, and it helps alleviate headaches and muscle cramps often associated with hangovers.
- **Ascorbic Acid (500mg/ml, 5ml):** Also known as Vitamin C, this powerful antioxidant boosts your immune system and helps detoxify your body, reducing oxidative stress from alcohol.
- **Mineral Blend:** Contains Magnesium, Zinc, Manganese, and Copper, which support overall health, boost immune function, and enhance recovery.
- **Glutathione (200mg/ml, 5ml):** Known as the master antioxidant, glutathione aids in detoxification and supports liver function, essential for breaking down and eliminating alcohol.
