**We absolutely do not allow home visits. The health and safety of our dogs - and ourselves - is an unwavering policy that we hold to. Newborn puppies have very fragile immune systems and responsible breeders work hard to limit exposure to viruses and disease during pregnancy and until at least 8 weeks of age. Furthermore, we raise our puppies in our home. And our home is private. We are not a public space, storefront, or pet store. Puppies will be chosen through descriptions, photos, videos and/or FaceTime, and not in person. You can also watch our IG page, which we update weekly. Are you in agreement with this policy?:**
