Office of (insert Congressman/woman's name)

State of (insert your state)

Dear (Senator or Representative (Insert their name))

I am requesting a meeting with (Senator or Representative (Insert their name)) on behalf of Coalition of 50 States Pain Advocacy, the C50. We are a volunteer organization comprised of patients, advocates, caregivers, and medical professionals; this includes many members within your district. We would like to discuss our concerns with recently proposed legislation that would limit the prescribing of pain medication. We feel it is extremely important to have the opportunity to share the most recent information regarding the issue as well as to share our personal insights as the ones who this, and similar, legislation will harm.

We are available to meet nearly anytime that (he/she) returns to our area. We would prefer 30 minutes in your office or other convenient venue during their April break. If that is not possible, we would like to discuss other options to ensure this issue is addressed as soon as possible.

We look forward to the opportunity to meet with you and to working together to help strike a balance that ensures patient access to these life saving and necessary medications. I can be reached at (insert your phone number and email address) to make arrangements and answer any questions you may have.

Thank you
