

PURE + SIMPLE

The ACTIVE Schedule

Some Reset Notes →

RELAX, but MOVE: Getting ample sleep, managing stressing, and relaxing from the inside, out is ideal for having a successful reset. You are having a bit of food, so unlike other plans, this is more like real life eating; so moderate exercise is generally accepted. Think: yoga, Pilates, long + brisk walks, short + light jogs, and weight training.

DRINK H2O TOO: You should be hydrating yourself with water between meals- roughly 1-2 glasses (8 fluid ounces) of water between each juice ending after dinner.

THE JUICE: Ideally, you are having juices with 1-2 servings of fruit max and optimizing the greens and herbs True Juice has in many of the juices – this keeps your sugars down and will really help to reset your body, tastebuds, and help eradicate cravings.

WHEN “EATING:” Chew your juices...Yes, sounds kind of whacky, but you should be swooshing them around your mouth a bit as if they were a meal or you were using a fork. This helps release saliva that contains important digestive enzymes; which are crucial in delivering key nutrients to your cells.

FOOD + FIBER ONLY IN THE PM: Drinking juice on an empty stomach allows the vitamins and minerals in the juice to go straight to your bloodstream. Having fiber or a meal already in your stomach prevents your body from quickly absorbing the nutrients from the juice.

Suggested Schedule

- Breakfast- True Juice Smoothie that you get to choose from a SMOOTHIE list, or you can start off with a superfood bowl from the ENERGY BOWLS list.
- Mid-Morning Snack- Juice from the list of GREEN juices
- Lunch- Juice from the list of GREEN juices
- Mid-Afternoon- Juice from the list of AFTERNOON juices.
- Dinner- a True Juice Vegan Dinner of the Day or a True Juice Vegan salad. Don't worry- meatless meals have plenty of protein!
- Energy Bar – you have many options for a quick energy bar such as; True Juice Cashew Bar, True Juice Raw Nut Bar, or a Superfood Seed Bar.

*****Repeat for 1-3 days*****
