### **8.1 Scrutineering**

All cars are required to attend scrutineering and noise testing on Friday 31<sup>st</sup> October between 13:00 and 18:30.

Scrutineering will be undertaken in the following order:

- 1) Ensure rally pack has been collected (from Rally HQ) and all numbers and decals are fitted to the car (decals will be provided in rally pack). These do not have to be fitted in the queue, competitors may attach the numbers and decals in the service area if preferable.
- 2) Present car for noise test located adjacent to the scrutineering bay.
- 3) Present car for scrutineering when noise test passed. Please follow instructions of the Chief Scrutineer.
- 4) Take your process card to Rally HQ and sign on to complete the process.

Limited provision will be made for Saturday morning scrutineering. This will be sanctioned by the Clerk of the Course on an individual basis taking into consideration any mitigating circumstances. Similarly, noise scrutineering will also be available on Saturday morning for anyone who is not tested before the Friday evening noise curfew expires.

Motorsport UK stickers for Helmet and Frontal Head Restraints are available at the event, please speak to Scrutineer Martin Beamish at Noise Testing.

**8.2 Noise Testing**

Noise testing is located at the rear of the refuel area, behind the scrutineering bay.

**8.3 Scrutineering Location**

Scrutineering will be located in the Scrutineering Bay.

**8.4 Auxiliary Lights**

Due to the shortage of daylight hours, auxiliary lights may be required. Competitors wishing to start a stage with these lights must have them mounted on the car at the time of scrutineering.

**8.5 On-Board Cameras**

The entrant of any car which carries an on-board camera must have selected this on their entry form. Authorised cameras must be mounted in the car at the time of Scrutineering. Competitors wishing to use an in-car camera must indicate this within the relevant section on the entry form with the intended use of the footage.

**9. SERVICING**

Servicing will only be permitted in the official service area that is flat asphalt. A maximum of three vehicles and one trailer are allowed into the service area (i.e. rally car, barge and support vehicle). Ground sheets must be used. All service vehicles must carry an environmental spill kit.

**The service area in front of the garages is reserved for those competitors with garages only.** The fire lane must be kept clear at all times.

The area between the Special Stage Arrival Control and the Stage Start is Parc Ferme. No servicing is allowed in such area except for the cleaning of glass, lights, competition numbers, and replacing of punctured tyres, and then only by the crews of the competing car using items carried in the car.

The area immediately in-front of rally HQ and adjacent to the Oulton Park podium is reserved for officials parking.

**10. GARAGES**

Garages will be available from 13:00 from Friday 31st October 2025. By hiring a garage you are bound by the terms of use which are clearly displayed within the garage.

Competitors who have hired a garage must keep the doors that back on to the pit lane closed at all times. This is a safety consideration and to prevent anyone inadvertently walking onto a live pit lane. Any wires that run across this fire lane must be securely fastened down.

The following tyre suppliers will be present at the event:

Protyre: Tyres can be ordered via the Protyre Motorsport Website, or telephone 01782 411001

Slicks Tyres: Tyres can be ordered by email [andrewjohnknott@hotmail.com](mailto:andrewjohnknott@hotmail.com), or telephone 01142470485

**12. REFUELING (SR24 AND SR25)**

**There is NO refuelling permitted in the service area (except from Oulton Parks Fuel Station Pumps)**

Competitors are only permitted to use fuel that conforms to the definition of Pump Fuel in the 2025 National Competition Rules. Additives are NOT permitted unless specified in the Motorsport UK definition of Pump Fuel.

**Two refuelling options are now available:**

- 1) Self-refuelling in the refuelling zone
- 2) Pump fuel purchased from Oulton Parks Fuel Station located in the paddock

**1) Self-refuelling**

This must only take place in the designated re-fuel zone adjacent to the scrutineering bay. Competitors using the self-refuel area must deposit their BS standard fuel canisters in the self-refuel area between 07:30 and 08:30 on Saturday 1<sup>st</sup> November. Canisters will be tagged and logged by the Official in charge. Additional fuel canisters may be accepted after this time at the discretion of the Official in charge. Competitors are reminded that it is their responsibility to ensure the self-refuel area contains sufficient fuel for their days sport. In the event of early retirement, you must have the consent of the Official in charge to collect your canisters and you must follow their instructions in doing so. Competitors must collect their fuel cans and all associated equipment from the self-refuel zone within 30 minutes of the last car finishing the final stage of the event.

NB: As per Motorsport UK Service Area Guidelines (Annex P Section B) Refuelling should be by hand pumping, rather than hand held containers. If fuel is dispensed from hand held containers a suitable pouring spout must be used. Open pouring from hand held containers with or without the use of a funnel is not permitted.

When in the refuelling zone, relevant personnel must be wearing clothing that provides adequate protection against fire. This can be your race suit.

Fire extinguishers must be armed whilst in the refuel zone and hand-held extinguisher must be out of the car and ready for use.

A 5mph speed limit will apply in the Refuelling Zone

**2) Oulton Park Fuel Station**

Fuel can be purchased onsite from Oulton Parks Fuel Station located within the paddock. The Fuel Station will be operated by a member of MSV staff.

The fuel station will be open from 8am until 5pm.

Please take care when entering and leaving the fuel station site and watch out for pedestrians in the paddock.

**General Fuelling Guidelines**

The engine must be switched off and there must be no occupants in the rally car throughout the refuelling operation.

You must only refuel on your way out to stage, not on your way in from stage. This will allow chance for your vehicle to cool down.

No under-17s will be allowed in the refuelling zone.

Mobile phones must not be used in the refuel zone or whilst pumping from Oulton Parks Fuel Station.

For those competitors who have not yet registered for 2025/26 Protyre Circuit Rally Championship then you should do so A.S.A.P. via the on-line championship registration system at [Home \(circuitrally.co.uk\)](http://Home(circuitrally.co.uk)).

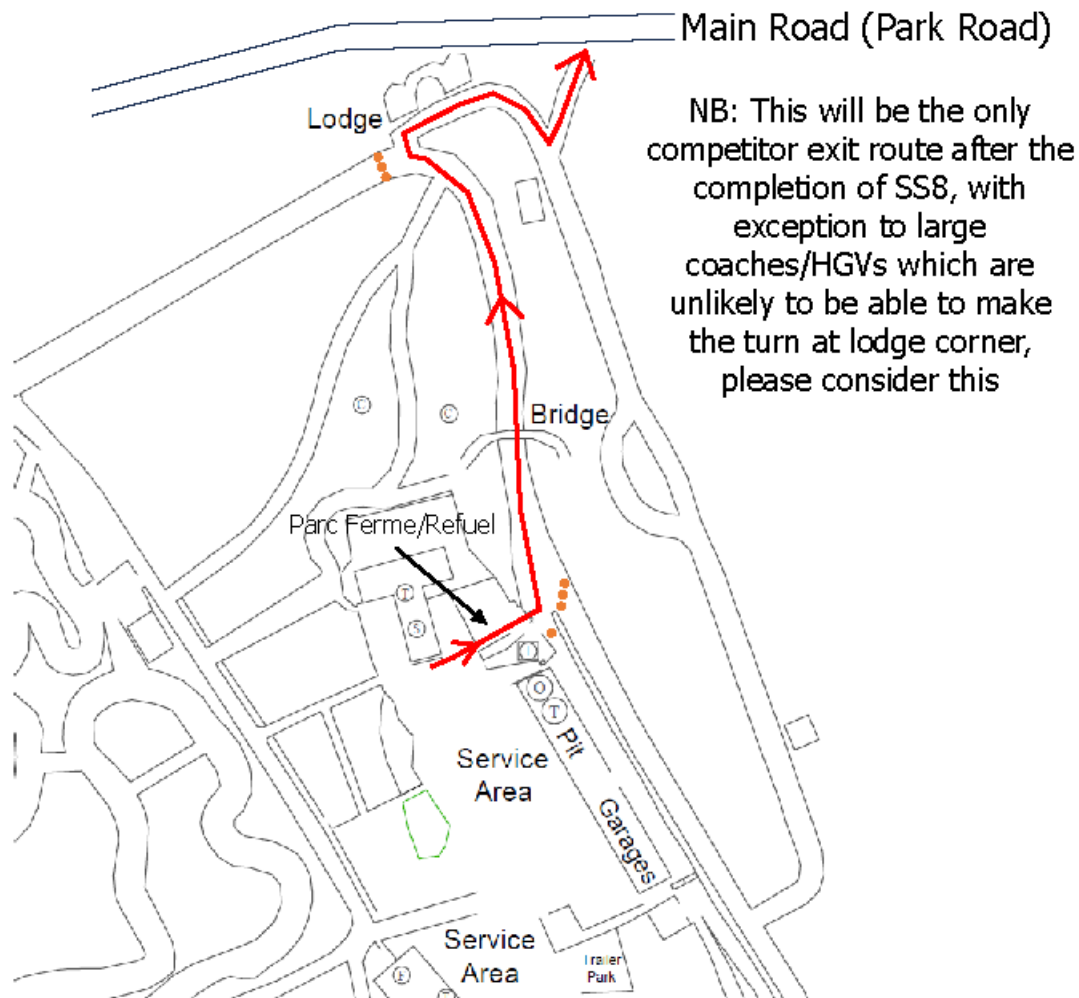

Registration is just £40 for Drivers and £25 for Co-drivers. Please note that Championship registration should be done in advance of your first event to be eligible to score points on that event.

If you have any championship registration queries please contact Membership Registrar Mark Wilkinson. Email [registrar@circuitrally.co.uk](mailto:registrar@circuitrally.co.uk)

## 22. COMPETITOR EXIT ROUTE

As per previous years, we will once again have a competitor only exit route that will open immediately after the completion of stage 8. Please note, at this point, this will be the only exit route possible for competitors, with exception to large coaches/HGVs which are unlikely to make the turn at lodge corner, so please consider this. We tend to find the traffic has died down after the awards presentation.

The route will be printed on the back of the road book, and is detailed below:

Exit through gate before scrutineering bay, straight through parc ferme (rally refuel area) through double gates onto main straight. Left up to lodge corner, exit here, keep right, then hairpin left through exit gate onto Park Road.
