

# THE RENT IS TOO DAMN HIGH!

## RENTERS RIGHTS TOWN HALL!

### OCTOBER 7TH - 5:00PM

### SOUTHFIELD CITY HALL - 26000 EVERGREEN RD

We the people of Michigan deserve homes and apartments that are affordable, safe, and stable, where we can build our community or raise our families with joy and safety. Right now, we are facing rental price gouging, intimidation and abuse from property management companies, sewer backups and line issues that impact our health and homeownership, and more! People are taking on second and third jobs to cover the rent! Seniors and people with disabilities are being priced out and pushed out as they cannot afford their rent hikes on a fixed income! We need rent control and renters rights! People across the state, from Detroit to Traverse City are coming together to ask elected officials to do something.

**JOIN US AT THE SOUTHFIELD CITY  
COUNCIL MEETING TO DEMAND  
THEY PASS RENTERS RIGHTS  
NOW!**
