CAPABILITY STATEMENT

HISTORY

Since 2007, Worldwide Capital Management LLC, doing business as “WWCM,” has supported customers in governing solutions for mission-critical requirements. We are a certified Woman Owned Small Business (WOSB) that provides consulting services in the areas of Science, Technology, Engineering, Art, and Math (STEAM) by streamlining DevSecOps systems and software processes that promote cybersecurity in service-oriented architectures for complex support programs. **Our mission is to support R&D for NextGen initiatives and support enhanced Critical Infrastructure Protection (CIP) methods that advance the future of systems.**

COMPANY SNAPSHOT

- **Certified WOSB | Unique Entity ID: RDGBLHBH9N93 | DUNS #: 831864124 | CAGE #: 9FJD4**
- **NAICS: SCIENCE:** 5416, 541715, 541690, 541990, 541620, 9511, 9431, **SPACE:** 9661,9271, **TECH:** 541511, 541512, 541513, 541519, **ENGINEERING:** 5413, 541712, 541330, 8748, 541611, 561110, 561210, 541614, 541319, 541350, 8711, **PROG & OFFICE MGMT:** 541618, 611430, 561499

DIFFERENTIATORS

- Large Firm Quality, Small Firm Agility
- Rapid Hiring/Vetting - Certified Contractors: IAT Levels I-III, IAM Levels I-III, IASAE Levels I-III, CSSP, CISSP, CISA, CISM, CRISC, CGEIT, PMP, HCSSP, CHFI, CIPP/US, CIPP/G, CEH, CHFI, GSEC, AWS, TS/SCI, Domain Expertise: C6ISR, Provides Highly Adaptive Cyber Security, Cloud & DevSecOps, SAFe Agile, IoT, Program Management, IT Risk Management & Compliance, (RPA), AI, ML, IT Modernization System services to niche customers

GSA Multiple Award Schedule Categories

- **IT:** Hardware, Software, Telecommunication | **Professional Services:** Technical & Engineering Services (non-IT)
Business Admin Services: Science, Training | **Scientific Management & Solutions:** Testing & Analysis, R&D

CONTRACT VEHICLES

- GWACS/IDIQs (Core Team Member)
- GSA IT Schedule 70 prime contract: cyber HAC SINs to meet IT sec requirements in OMB Memo 19-03
- Systems: Strategic & Tactical Space, Payload & Ground, Launch & Missile Defense, Strategic Deterrent, Aviation, Earth Data Infrastructure, Geospatial, Management Information Systems
- OPERATING SECTORS: Aerospace, Defense, Technology, Energy, Health, Education, Transportation

CORE COMPETENCIES

Cybersecurity

- Cybersecurity Risk Assessment & Mitigation Strategy, Penetration Testing
- Info Sec Prog Design & Implementation, Vulnerability Assessments
- Compliance Assessments and Remediation, Operations, Monitoring & Analytics
- Firewall Architecture/Configuration, Secure Code Review Analysis, Incident Response, Endpoint Threat Detection & Response (ETDR), Disaster Recovery & Continuity

Cloud and Systems Integration

- Compliance Assessments, PMO Review and Remediation, FedRAMP Readiness, Office Virtualization, Centralizing/Consolidation, Cloud Security (AWS, Azure, GCP), Data Migration, Storage Network Design, Cloud Sec Authorization (SSP, SAP, SAR, POA&M)

Intelligence

- Structured Observation Management (SOM), SIGINT, GEOINT, HUMINT
- Motion Imagery Processing & Exploitation Software, ISR Motion Imagery, Video imagery collection from (UAV), Counter Unmanned Aircraft Systems (CUAS) and surveillance aircraft. Heliophysics: Particles, Magnetic energy, R&D, AI/ML datasets
- Find, Fix, Track, Target, Engage, and Assess (F2T2EA) capabilities
- Tasking, Collection, Processing, Exploitation and Dissemination (TCPED) capabilities

Space Commercialization, Lunar & Advanced Air Mobility (AAM) Ecosystems

- R&D: Lunar Regolith: Metals & O2 extraction, H2O resource utilization, R&D: Electrolyzing, Electro-Deoxidation of Metal Oxides. Aerospace and Avionic Systems: U.S. CODE: Title 51, (TAAS), AI, Machine Learning, NLP, Data Mining, Secure internet routable IP prefixes managed or controlled by Autonomous Systems, Accelerate advancement of Unmanned Aircraft Systems (UAS), UAM and AAM market missions -drones, electric aircraft, automated air traffic management

Regulatory Compliance & Security Assessments

- Compliance Assessments and Remediation: NISTIR 8278, NTIA, NDAA Sec 889-a&b, FedRAMP, Assessment & Authorization (A&A), FISMA, RMF, CSF, NIST SP 800-53, DFARS NIST SP 800-171, ISO 27001/27002, DoDI 5000.90, H.R.5515, (CMMC), (IV&V), (MBSE), (SysML), 3rd Party Info Sec Assessments, Privacy Impact Assessments (PIA)

Planning, Programming, Budgeting, & Execution (PPBE)

- Congressional Budget Justification (CJB) and (IPBS) budget reviews
- NIP Budget, Finance and Accounting Guidance, Simulation, Dynamic Systems, Autonomous, Robotics Process Automation (RPA)

PARTNERS / PAST PERFORMANCE

NASA, FAA, NGA, ODNI, HHS, FDA, DIA, US Senate, Alaska Satellite Facility (**ASF**), Atmospheric Science Data Center (**ASDC**), Crustal Dynamics Data Information Systems (**CDDIS**), Global Hydro Resource Center (**GHRC**), Goddard Earth Science Data & Info Center (**GES DISC**), Land Processes (**LP DAAC**), National Snow & Ice Data Center (**NSIDC**), Oak Ridge National Lab (**ORNL**), Ocean Biology (OB.DAAC), Physical Oceanography (**PO.DAAC**), Socioeconomic Data & Applications Center (**SEDAC**), Level 1 & Atmospheric Archive Distribution System (**LAADS**)
