

New Staff—WELCOME!

Hi, I'm Jennifer Hartling! I'm thrilled to join Lakeland as the School to Home Liaison serving both Spooner and Northwood schools. I'm a lifelong Wisconsin resident. I grew up in Minong, spent many years in Superior, and currently live in Hayward. I enjoy spending time with my husband, grown children, and grandson. I also love reading and curating the collection of books in the Little Free Library in my front yard.

Joining Lakeland has been a privilege. The people in this organization genuinely care about the people and families in our communities. I'm proud to be part of the team.

The role of a School to Home Liaison is meant to bridge the gap between school, families, and students. I hope to be someone that people come to with questions or concerns of all types. Through Lakeland, I'll be able to offer life skill building, mentoring, parent education, tutoring, and much more. I'm also happy to provide a safe space and a pair of listening ears.

Hi! My name is Jenni Hughes and I am the part-time Family Program Assistant with LFRC. I live outside of Shell Lake with my husband Aaron and two kiddos Rylee and Emmitt. Rylee is in first grade and Emmitt is experiencing school for the first time this year with 4K. In my free time I enjoy reading, crocheting, hunting, fishing and just being outside. I look forward to getting to meet new families at playgroups and story times.

I love how Lakeland serves the community in so many different ways including playgroups, free events, community outreach, school to home and educational events to name some. They do so much more than I realized they did and help so many more people than I ever knew. I am so thankful to be a part of a group that has such a passion for helping everyone in their community.

My name is Amy Lang and I am the new Home to School Liaison- Birchwood Schools. My new position is not only a change for myself but one for Lakeland Family Resource Center! We are going to be teaming together to help, support and hopefully make a positive difference in many children's and their families lives.

By providing resources through collaboration within the community, four counties and Birchwood schools, I hope to see and become part of a successful change. My personal and professional background includes Communicative Disorder experience, Pediatric Medical Assisting, Nannying and raising two amazing children! I am incredibly excited to have been chosen for such an amazing position and can't wait to help strengthen families within my role!
