

SET AMI PILOT PACKAGE

READY. SET. GO.

TRY IT BEFORE YOU DECIDE IT
INSTANT AMI. EASY, AFFORDABLE, POWERFUL.

Just connect SET's meter-neutral cellular AMI Endpoints to your existing encoded meter registers. No need to build or manage complicated infrastructure.

Your SET AMI Pilot Package Includes:

- 10 SET X231 Cellular AMI Endpoints
- SET Meter Data Management System software access
- SET Field Mobile Application and (1) handheld tablet/device
- Billing Integration
- 2 hours of remote configuration and system training
- All data and licensing fees

JUST \$2,499 FOR THE COMPLETE PILOT PACKAGE.
NO HIDDEN FEES. NO ADDITIONAL COSTS.
