

## OBJECTIVE

Actively seeking roles as an instructional designer to create innovative and engaging learning materials that support company success and professional growth.

## EXPERIENCE

### DISH Network | Colorado

#### **Instructional Designer II** | JUN 2024 - CURRENT

- Develop training modules that teach technical skills.
- Collaborate with subject matter experts to meet training needs.

### Asurion Corporate Headquarters | Tennessee

#### **Instructional Designer** | MAR 2023 - MAY 2024

- Worked in a hybrid workplace creating both in-person and virtual training.
- Managed multiple projects and deliverables, ensuring timely completion and adherence to quality and company standards.
- Partnered with stakeholders and subject matter experts to identify educational needs.
- Designed computer-based and instructor-led trainings using the ADDIE model.
- Created learning materials in PowerPoint, Rise 360, and Storyline 360.
- Transformed technical information into digestible learning content for a diverse global audience.
- Trained instructors how to facilitate educational resources.

### Williamson County Schools | Tennessee

#### **Teacher, English II** | AUG 2022 - MAR 2023

##### *Independence High School*

- Collaborated with the English II team to develop curriculum and rigorous assessments that focus on skill-based learning.
- Executed targeted, data-driven lesson plans to prepare students for standardized state testing.

#### **Team Leader & Teacher, English III & Mythology** | AUG 2021 - MAY 2022

##### *Summit High School*

- Crafted unique lesson plans ranging multiple subject areas including grammar, American Literature, and mythology.
- Supported the English III staff to innovate teaching strategies that best benefited our classrooms.

#### **Teacher, English I** | AUG 2020 - MAY 2021

##### *Summit High School*

- Designed and executed lesson plans in English & Language Arts subject areas including grammar and literature.
- Collaborated daily with the English I Team and team lead to evaluate student data and create the most effective lesson plans.
