

### **Overview**

We only use easy to "find and replace" refills. They are generally available at local stationary stores, but also widely available on Amazon. Below please find your guide to refills and the lifetime enjoyment of your pen.

### **Schmidt Style Refills**

For all pens with a cap - they take a Schmidt refill. Much like the word Kleenex Schmidt is the most known name in the industry but there are several manufactures that can be used.

#### **Form Factors:**

You can use an 888 / 5888 / 8888 refill. These are just numbers that indicate the different outer casings.

#### **How to search on Amazon:**

"schmidt refill XXXX" where XXXX can be any of the numbers above - 888 / 5888 / 8888

You can also specify a size (fine / medium / bold) and a color. You will also see other manufactures - Private Reserve. Just make sure that when ordering that it is a 888 / 5888 / 8888 - sometimes Amazon will make suggestions

### **Parker Style Refills**

For most pens without a cap - they take a Parker style refill.

#### **Form Factors:**

Most all Parker refills will work. You will see a piece of plastic on top of the refill to indicate that it is a Parker refill. Make sure the picture looks generally the same as the refill in your current pen. Make sure you keep the spring on the nib end of the pen. You will need to use it on the nib end of the new pen refill. Simply insert over the nib (writing end).

#### **How to search on Amazon:**

"parker refill"

You can also specify a size (fine / medium / bold) and a color. You will also see other manufactures - Private Reserve. Just make sure that when ordering that it is a parker refill with the same plastic part on top of the refill you have - sometimes Amazon will make suggestions
