FENCE COMPANY  
— *Of Cape Cod* —

# THE CEDAR COLLECTION

---

*Still Local. Still Reliable.*

# ROOTED ON CAPE COD.

At Reliable Fence, fencing isn't one service on a long list—it's our trade. For over 60 years, we've helped Cape Cod homeowners and businesses choose fences that add character, create privacy and help keep families and properties safe.

We're locally owned and worker-run, with a close-knit crew that takes pride in every job. Our Cape Cod workshop gives us the ability to custom-build many cedar panels, specialty sections and gates in house, with additional styles carefully assembled on site.

Because all we do is fence, we know the materials, construction details and installation methods that make a difference. We offer straightforward guidance and skilled craftsmanship—not a one-size-fits-all sales pitch.

## FENCE SPECIALISTS

Fencing is our sole focus—and we know the trade inside and out.

## BUILT IN OUR WORKSHOP

Many cedar panels, specialty sections and custom gates are built in house.

## CAPE COD KNOW-HOW

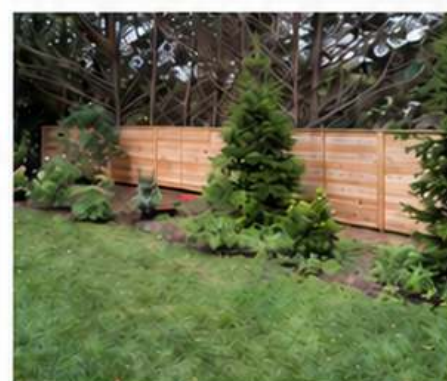

Our local crew understands the land, weather and character of the Cape.

## HONEST GUIDANCE

Practical recommendations from people who work with fences every day.

*Honest Fences. Friendly Faces.*

# The Mayflower

## CLASSIC CEDAR PRIVACY FENCE

The Mayflower is our signature cedar stockade fence, offering complete privacy with the natural beauty of Northern White Cedar. Built with quality materials and expert craftsmanship, it's a timeless choice for Cape Cod homes, pools, gardens and backyard retreats.
