

PERMATIMBER®

LOW MAINTENANCE. ECO FRIENDLY. COMPOSITE TIMBER

140 FINELINE DECKING

Save time and money with our innovative 'no gap' decking. PermaTimber® 140 **Fineline Decking** is the perfect DIY deck that features a sleek and fine line finish that is ideal for both residential and commercial projects.

Please ensure you download and read a copy of the **PermaTimber® Decking** Installation guide prior to, and during your installation. Failure to do so will void your warranty.

You can download the guide by scanning the QR Code or visiting www.permacomposites.com/resources/brochure-installation-guide-library/

PERMATIMBER® 140 FINELINE DECKING

FEATURES

- **Low Maintenance:** No staining, painting or oiling required. Scratches easily sand out.
- **No Fixing Clips Required:** Simply install with standard screws
- **Overlapping Configuration:** Concealed fixing eliminates the need for gaps for fixing clips providing a cleaner sleeker finish.
- **Sleek Natural Look:** Get that traditional timber finish without the hassle.
- **Insect and Salt Resistant:** Never fear white ants or termites again!
- **UV Stabilised:** We've included UV inhibitors so colour holds.
- **Eco-Friendly:** Made from 87% recycled materials.
- **Modern 140mm Width Solid Board:** Slim and seamless boards with a 20mm thickness.
