

**B E T O for Texas**  
Together, we can push past the small and divisive politics that we see in Texas today-- and get back to the big, bold vision that used to be TEXAS.

**MIKE COLLIER for Lt. Governor**

Here is my solemn promise to you: I will wake up every day committed to honestly solving problems, as I have done all my life. No matter where you live or who you are, I will fight to be a Lt. Governor you can be proud of with every fiber of my being. **FUND OUR PUBLIC SCHOOLS... FIX THE DAMN GRID... HOLD THE LINE ON PROPERTY/SALES TAX INCREASES... CREATE GOOD PAYING JOBS AND BENEFITS ... RETURN COMPETENCE TO THE OFFICE OF LT. GOVERNOR... DEFEND OUR CONSTITUTIONAL RIGHTS**

**ROCHELLE GARZA FOR Texas Attorney General**

*The Texas attorney General is the top law enforcement official of this state and serves as the people's lawyer and has the power to hold politicians accountable for any wrongdoings, can promote justice and equality.*

**Janet Dudding for Comptroller of Public Accounts**

"Texas need someone who understands smart spending. We also deserve someone managing our money who understands everyday Texans."

**JAY KLEBERG for Texas Land Commissioner**

The Land Commissioner oversees natural disaster relief funds, the Alamo, and works to keep our beaches clean and open. The office also manages 9 Texas Veterans Homes and 4 Veteran Cemeteries -- the next Land Commissioner has the opportunity to lead the way in investing in our schools, supporting our veterans, and creating a more resilient Texas for us to enjoy.

**SUSAN HAYS for Texas Agricultural Commissioner**

The current Commissioner is surrounded by scandle. We have to start with leaders who know right from wrong. Farming is hard, but ethics should be easy. I'm running to get back to what Texas used to do best,

**LUKE WARFORD For Texas Railroad Commissioner**

I'm running because 700 Texans died unnecessarily during Winter Storm in a grid failure that could have been prevented if the Texas Railroad Commission had done their jobs. And because when the power was out, instead of working tirelessly to get the grid back online, the Commissioners were focused on making billions for their friends and passing those costs on to consumers.

**Are you tired of politicians who don't care about us?  
Are you tired of politicians who stand for nothing?  
Are you tired of politicians who only work for the rich?**
