Jesus, Making of a God!

Truth will free you

Deceived!

Before we began we need to get Right with God to know him and his Word. Say :

“FATHER I HAVE SINNED”

Now you are ready to read God’s word, as he revealed to me and not leaning on own understanding. Learn to say this morning and night and when go out on devil’s world.

God said to Satan,“You who deceived the whole world”!
Revelation 12:9 - 20-10

Let’s analyze this statement.

He wasn’t just talking about unbelieving world, we know they were deceived, as they rejected Christ. So who did he deceive?

All Christians!!

The question should be how did he deceive us?

First I want to caution you, what you are to read will change everything you thought you knew about God. You will find out the information we have was put there by the ruler of this world and not the God of the Universe. Satan made God out to be an old tyrant that was ready to jump on you and send you to hell with fire, brimstone and of course always gnashing of teeth. What Satan has taught in our churches is what he would do to us, if he was God. Thank God he isn't! Ask yourself what age were you when you learned Hell, fire, brimstone and of course can't forget gnashing of teeth! You didn't learn this from the school, you learned it from local church. I would bet you were 6-12 years old. I actually was made to be so afraid I took a bath, I think they called baptized at the local church at 8 years old, to prevent ever experiencing this! What words to learn at such a young age. I have always been a factualist unless you can prove your point with evidence I will not just fall over and believe it. I also am one to look at the other side as I found out the ones who do most of the judging or voice their side of the story the loudest are the guilty party or will give false evidence.

We live on a speck of dirt that wouldn't even cover your eye, as compared to the infinite universe we live in.

The stars count 200 septum or 200^{24} th power.

1 grain sand on earth = 10,000 stars. The closet star is the sun.

We have NOTHING TO OFFER this GOD! I ASK ANY HUMAN WHAT CAN YOU OFFER THIS GOD?

THINK OF THIS:

Why is everything of the entire infinite universe focused on this spec of dirt? There is no information on this and all religions regardless of what church teaches is acknowledged by the one and only TRUE GOD! Religion is the nworst thing that has happened to our world. Religion always teaches what you can do for GOD, instead of what Christ did for us. We will learn much more through the following pages. For now just know that if churches or their Ministers tell you that you have to do something for GOD it isn't from GOD!

I want to give you ground rules that are set in stone like the 10 to give you a foundation to know what is from GOD or his adversary Satan who is the God of the clouds, the PRINCE OF DARKNESS showing moon and stars. The true GOD IS LIGHT NO DARKNESS IN HIM!

All these rules fit together, each has to be locked together at same time. If this doesn't happen it is not from the true GOD.

1. GOD is perfect

2. Everything GOD does is perfect
3. GOD only does things once
4. GOD makes the rules no exceptions or buts. Look at the 10 no exceptions.
5. There is a Right way we think or through religion are told is from GOD, a wrong way and GOD'S way. GOD can only accept something done in GOD'S way, a perfect and precise way. Satan uses this against him everyday with us.
6. We all pray, sing songs and worship him, as we are unaware GOD AND HIS WORD ARE PASSWORD PROTECTED! "FATHER I HAVE SINNED".

Burn these formulas or rules into mind and use them when you hear or read anything about GOD.

Before began this journey, I want you to become aware of that many verses in scriptures are mistranslated and have cause much chaos. This falls on that we are aware GOD AND HIS WORD ARE PASSWORD PROTECTED. I'm I the only one or is there others out there that have a hard time with why are there so many religions and denomination on

the same book?

We are going to look at several scriptures that has been so misinterpreted simply because who ever interpreted them did

use or know passcode. One I want to talk about is Mathew 7:14. This verse has caused many mental attitude sins including a hubris behavior of believing only ones going to heaven. What's ironic this verse has nothing to do with going to heaven. It is the passcode to GOD's WORD and is the only way to have fellowship with Him.

It definitely gives us a road map, that God and his word are password protected. Why? To prevent Satan from knowing and using his word. God put his Word above his name! In the beginning was the Word the Word was with God the Word became flesh and dwell among us.

The following is the passcode, use it morning and night it will put the full armor of God on you and your love ones. It also opens dialogue between you and God in Revelation 3:20.

Saying "Father I have Sinned"

This removes Adam's sin and also cancels your own.

What you are about to read I caution you. it will completely change your outlook on God and what he did for each of us. I get no credit and take no credit for these words of truth from God. I have always been a factualist, if you can't back up with evidence I won't believe. Everything written has evidence to back up.

Before we continue we have to get right with God which is

the narrow path to God, that few find.

Say "Father I have sinned"

This opens communication with God and uses his eyes and you are no longer leaning on own understanding.

Why is this true? My professor Robert B Thieme Jr. said that we need to rebound by saying our sins privately to God, this keeps you in fellowship. You are not quenching and grieving the Holy Spirit and able to learn the true word of God.

This was found in 1st John 1:9 and also in the Old Testament in Psalm 32:5.

Here is the conflict if John was right, then Jesus was wrong. I will take Jesus's word over John's. Also if it wasn't true then Satan would hold our Lord to the fire.

In the Prodigal son he produced evil sins that even shocked him. God beat him as in Hebrews 12:6. I beat my own (Christian) with a scourge of a whip. Meaning taking skin off back, as they did our Lord's in dungeon of Rome. This could be health, loss of family, job or trouble with addictions causing many overt sins. The Prodigal son was severely starving as wanting to eat pig slop. This tells me he didn't have peace of mind from his addictions and didn't have any money to pay for normal food. His evil sins that he had committed were causing tremendous pain and sorrow. He was starving and said would be satisfied eating pig slop. I slopped and saw many hogs slopped they had huge maggots

in it. Saying you would be satisfied, eating that meant there was no light at the end of tunnel. Interesting Jesus told a story about eating pig slop. So many details of what he was trying to convey. First his audience was Jewish, feeding or eating swine was against the Jewish religion. Eating pig slop as a Jew had to be the furthest thought in a Jewish mind. This was like a stab to the religious Jews listening to him. The Prodigal son was restless in his thinking and just wanted the world to stop and give him a little bit of peace. Instead he was in constant turmoil and starving in side. He then came to his senses and said I will tell my Father, I will be his servant as his servants have more than enough to eat and I will be content. Still recognizing him as his Father but failing to recognize that his Father would recognize him as his son. What he did is what most of us were taught to do or was in the back of our mind. When the pain becomes so severe we are taken back at how we felt at local church, forgetting what was the real reason we left the church in the first place. Where we received bad teaching but thinking it was God that sent us there.

We were made to feel we lost our salvation and became an unbeliever or a sinner all over again. Why? Because the good people were called a religious names like Baptist, Methodist, Lutheran, Pentecostal, Catholic etc.... We are told we lost our salvation because of what we did was too great for forgiveness without working it out with God. Like Prodigal son he wasn't good enough to be believer or Christian so he

would be a servant instead of being his Father's son. Knowing fully well because of religion he was taught it was no longer possible.. After all he sinned against heaven and earth which was telling us he had evil insurmountable sins.

Not that he needs this but Jesus is held to the fire by his truth because of Satan and his generals. Their eternal life being sent to Hell, depends on Our Lord being caught in a lie.

Jesus won the competition when he ascended to heaven and sit down GOD. The tournament is still going on as the time clock is still running. Satan is trying desperately to bring Our Lord down to his level by saying like the Most High. If Satan can catch the Lord in one lie, he and the demons will not be sentenced to the lake of fire. In Genesis 15 The Lord told Abraham if you can count the stars that would be your seed. Satan is not omnipresent but he was there hiding when he heard the Lord tell Abraham. Satan used Hitler to kill millions of Jews to call our Lord a liar, as his seed wouldn't reach the count of stars in the heavens. The Lord wasn't talking about biological seed as Satan thought, he was talking about Christians. To this day Christians are the largest sector and continue to increase in numbers throughout the world.

Because Satan's influence in the beginning, his people still go after the Jews as the little satan. Where we in United States are called the big Satan. This is why they go after the Jews with a vengeance.

Now ask yourself why does God allow Satan and his

people to go after his chosen people to Jews?

Let me know what you come up with.

Going back to the prodigal son: the son goes to tell his Father that he would be his servant as he wasn't worthy to be his son anymore. The Prodigal son tells the passcode to God.

“FATHER I HAVE SINNED”

I want you to notice as soon as he said those words, the Father cut him off and said quickly put the best robe on him and put shoes on his feet and a ring on his hand. Cut the fatted calf, as my son who was lost has returned. I want you to know that the prodigal son mentioned none of his sins. He didn't confess one of them, as in first John 1:9 tells us to do. If you were on the street and invited to this celebration. You would have thought the son got lost in a mountain range or forest and wandered around for many years. It was a celebration not a condemnation as we were taught. You would've never thought it was being out of fellowship with God causing the horrible sins he committed, it was a celebration not a condemnation that ignorance of the word of God that came from our pulpits of the local church. .

To the reader; what you will find is we all have tiny fragments of the truth mixed with a-lot of untruths that gives us a cloudy picture of God. The mission after reading this will bring the picture into full view, as I now see it. This will go against everything that you thought was true and

built your life around.

My professor always said don't put him on a pedestal but I do want to make reference, as he went against the fundamental churches that clutter our cities and towns and devoted his life to studying and teaching from the original languages to English. His knowledge of the scriptures was astounding and in my travels throughout the country in several states I landed in, I have never heard of anyone who knew as much as he did. I have soaked up his knowledge starting from 1969 with my mother on reel to reel. Then after graduating and being discharged from Navy in 1977 began again. My job in direct sales afforded me to listen day end and day out. That is when his lectures went to cassettes and then on to MP3's.

I would just plug in and go as I traveled 60-80 miles a day, back and forth. Unfortunately my professor made professional students and not soldiers of God. He would even say you have to be in a right place in your life to receive doctrine or the truths of God. He forgot one important detail, that God made his word for the masses not a few people. He was saying you who have it keep it close to your heart, as most won't understand so why bother. You become the Great and not the small that stand in front of him. Also stay in this daily, if you are not learning daily, you are going into revisionism and going back ward building scar tissue on soul. That is the way of the super grace believer. What really got me, he said he will know who kept in his teaching as the

ribbons and medals will be seen on resurrection body. I know he loved the Lord with all his heart, body and soul. He just had a hard time conveying to those who listened to his teaching. It did however make me wonder if he was doing this for the Lord or for the rewards? He forgot one principle, no one knows the mind of Christ. My thoughts are higher than the earth to the heavens.

I'm grateful to God for the profound knowledge of scripture that Robert B. Thieme Jr. imparted to many of us. His teachings were like attending a prestigious university where we gained insights that were previously inaccessible. Remarkably, he offered this invaluable knowledge freely, with God providing resources for the church, including his books and lectures, which reached thousands worldwide.

Thieme's dedication was extraordinary—he spent hours each day immersed in books, not computers, to prepare lessons on various books of the Bible. While he was undoubtedly remarkable, he remained human.

Personally, I owe much of my own understanding of God to his teachings. God used Thieme's wisdom as a foundation, but He didn't stop there. He granted me insights beyond what any professor could offer. Now, I find myself sharing these truths with others, drawing on my experience from my

previous career in sales to connect with people on a deeper level.

Despite my initial confidence in my understanding of God, I discovered that there were still many unanswered questions.

I was watching Game of Thrones and discovered that Satan was the Hand of God in eternity past. These uncertainties ultimately drove me to write this book after retiring. I started as a title

“The Making Of A God”

As I delved into the scriptures, God quickly turned it into:

“DECEIVED”

One thing that deeply troubles me is the tendency in some churches to create barriers between teachers and congregants. If God appoints me as a teacher, I vow never to alienate His people. Their needs will always come first, not my own agenda. I believe nothing is by accident, especially when it comes to God.

"I moved to Houston in 1998 and began attending classes taught by my professor. Despite my attendance, I still grappled with many unanswered questions that left me feeling overwhelmed. I hesitated to ask these questions, as I

felt insignificant among those known in the congregation. The atmosphere around the church inhibited people from freely engaging with the teacher, a dynamic that persists to this day. I do understand that a pastor teacher has to study diligently to teach, again I understand that nothing happens by accident.

All of the following pertain to God's ultimate will!

Jesus rose to the heavens and met with the source of God and God was satisfied and became him. No one in eternity has stood face to face with God. That is what Satan wanted to happen.

GODS WILL:

TO be become the human God and reign King of kings and Lord of lords. We will be his bride crowned as his queen and reign second in command of universe.

The earth will be the foundation of a new heaven and reach light years into space. The remaining angels will be under our control.

UNANSWERED QUESTIONS:

1. Why didn't God create the angels so they didn't betray him? God answered this one for me.

2. What is God's ultimate goal or his will? Showed this one above. It is mention Lord's Prayer.

3. What was in it for Satan and his generals that he betrayed God the source? God answered this one also

4. Adam was fine as the evidence to prove God's decision was just and fair to send Satan his angels to the lake of fire,. All God had to do was wait out the time clock of the tournament. He would have won with flying colors! Adam had everything that any man could want. He was the perfect happy man. He had food on ground, being able to play and name the animals and build shit. Why did the Lord add the woman to complicate the issue? "What you don't have you don't miss"3 things men want and none of us have changed. Give us food , give us sex and leave us the hell alone let us do what we want. We haven't changed. Notice Adam was no where to be found when Satan jumped into Ishah's (Eve after her fall) Dr. Phil. When push comes to shove, Adam said you're the one that gave me the woman, he was speaking the truth.

5. How can God send Satan and the fallen angels to the lake of fire when he needed them to become a human and reign king of Kings Lord of lords? Just like he needed the woman to betray Adam so Adam could betray God? Adam

would have never betrayed God if the woman wasn't introduced.

6. Just like he needed Judas to betray Jesus Christ so he could fulfill God's will! How could God send him to Hell?

The questions I have on the Great flood?

No evidence even today?

Animals were only 2 what happened to bones of the rest?

Only few humans what happened to their bones? It states they were eating and drinking and marrying and were swept away.

Why GOD didn't you want us to have any evidence of the flood

to add volatility to the Bible?

Were animals put into a deep sleep for the duration of the arc?

They don't even have soil samples of this great flood that covered the earth.

There is not one shred of evidence of this Great Flood, WHY?

What happened to Ham?

Why did Noah's grape juice turn into wine after flood? Are

you saying it didn't before?

I just feel and know that Jesus Christ wouldn't operate in such a manner with his congregation. I believe he would prioritize the people's time over his demand own.

If you're experiencing similar uncertainties, understand that you're not alone. As we journey together, any mysteries or surprises you encounter will be addressed later in this book, supported by evidence if not please let me know and we will use God to figure them out."

Thank you for joining me as we venture into uncharted territory. Before we proceed, I ask you to again say these words: "Father, I have sinned." This acknowledgment is crucial, as it unlocks the door to understanding God's ways. We must set aside our own understanding and instead see through God's eyes.

I'll reveal later in this book, beyond any doubt, that these words serve as the passcode to unlocking a deeper connection with God. Now, as you step onto the narrow pathway, you'll finally begin to grasp who God truly is.

I want to give you ground rules that are set in stone like the 10 to give you a foundation to know what is from God or his adversary Satan. All these rules fit together each has to be locked together at the same time. If this doesn't happen it is not from God.

1. God is perfect
2. Everything God does is perfect
3. God only does things once
4. God makes the rules no exceptions or buts. Look at the 10 no exceptions.
5. There is a Right way we think or through religion are told is from God, a wrong way and God's way. God can only accept something done in God's way, a perfect and precise way. Satan uses this against him everyday.

Burn these formulas or rules into mind and use them when you hear or read anything about God.

God did everything for us. We in turn did nothing for him or even needed our help. In other words none of us get any credit. Many lies Satan told us growing up through his churches that clutter our cities and towns. Whether we left the church or not, they have stuck with us like parasites. We have eternalized them to be true, no matter where our life has

taken us. They actually molded us into who we are and what we stand for. That is why the saying goes, don't mix politics and religion with people. Why? Because people have their own beliefs of who they think God is. Really? How can you have so many beliefs with one God? Also who in the hell put evil lying politics with God?

If you have been indoctrinated by Satan and his many religions it will be eye opening as it was me.

First we have to look at us compared to Satan and his angels. Would you believe that we can't match intellect with the least Satan took? We are all prey's in their hand. We use a low percentage of our brain and they use 100 percent. That is why it states; " Greater is he that's in you than he that's in the world".

Many ministers and people who think that they understand who Satan is, are the biggest fools of all. First of all Satan wouldn't have anything to do with any of us, we are like shit on his foot. His intelligence cannot be measured. The scriptures say he has a voice of a pipe organ meaning a perfect without flaw voice, full of wisdom and beauty. Remember he deceived 1/3 of God's angels including his highest ranking in his coup. These angels who had everything their hearts desire fulfilled and running over. Gave it all away to follow Satan into HELL! You out there think you know who this creature is?

Our Lord won the tournament when he descended into

heaven and sat down as our human God. I might add without any help from any of us. Who despised being of the likeness of angels changed his form into human flesh. Satan and his angels lost and are bound to an execution date. In the mean time they are banging pots and pans at our demise. They want to destroy us mentally and physically just because they can. They want to make us go out of this world with addictions , worry's, fears of going to hell and all the emotions associated with not living a perfect Christ like life. That God will condemn you to Lake of Fire, as you didn't live up to his expectations. None of can and he knew that before he came down to the earth. Never ever forget that. He never chose us because of who we are or what we do in life. He chose us because of who he is. What he did for each and every one of us he never did for the angels.

That is why I came up with rules to know who you are dealing with a mastermind who is cunning and deceitful or God. A great example is the power he used against Job. We can learn so much from the book of Job. A definite tournament exists, power Satan possesses, Job's arm was tested by our Lord , he passed in flying colors! Everything was thrown at Job except the kitchen sink!

The Lord said you can do anything to him but couldn't end his life. The Lord never gave him limits of what he could do to Job.

Which brought Satan's imagination into play. I want you to look what he did to this man of God! The emotional pain and suffering Job went through was extraordinary!

He butchered his entire family causing him to be alone. He suffered with boils all over his body, making him in constant pain. Took his wealth away and made him penniless. His so called friends left him and his lovely wife Satan's right hand man, told him to curse God and die. Leaving Job in pain, all alone with only the Love he had in his heart for the Lord. Not even understanding why the Lord allowed him to go through this. Job trusted the Lord more than anything including life itself. He proved this and laid it all on the line by saying these famous words.

"The Lord giveth and the Lord taketh blessed be the Lord". That is God's power from within that we each have. We have to know passcode to unleash it in our life's.

I cannot stress this enough. "Father I have sinned". Use it daily and teach others. I wish I knew this when I was younger, it would have no doubt changed my life.

There is a question that comes to mind. Was Job tested for Satan's benefit or for Lord's? It was obviously for both.

Let's look at the men of God.

First Noah, he followed God's voice and created an arc to house male and female of all God's creatures. He was made a laughing stock of the world and still completed the task. What was not known the earth was not tilted, it became tilted after

flood. Rain never came from sky, as there was no seasons. Water came from ground. There was only light and dark days.

Abraham our ancestral father took his only son that he whined to God about having in Genesis 15. Finally by power of God as he and his wife Sarah were old. He was promised a son and that his seed would be the count of the stars. He then was told by the Lord to take his young son and sacrifice him to God. This was his only son and was only through a miracle he had him. Despite his undying love for his son, Abraham was going to do it and the Lord stopped him.

Abraham showed 2 things to God that a human would believe God eternally, as he was going to take his seed and it would count the stars. He was going to

use his free- will and sacrifice his only son to the Lord. Showing the Lord what he would do to his only son to save Abraham's seed, the human race and fulfill God's ultimate will. Reign as a human God, King of kings and Lord of lords on earth as in the new heaven. That will spring out of the earth and reach light years into the universe.

If you read Job 1, he was used as a pawn as the Lord knew he wouldn't falter in his belief That is why I came up with a Chess tournament between our Lord who became our human God Vs Satan and his generals, winner take all.

He is a ruler of this world and everything in it and has

installed himself as our God. Now this will come as a shock to most of you, as it did me. We are unaware and would even swear to it, we have always been talking to God. This is the deception part that the Lord told Satan. I am sure you are as shocked as I was. I want you to say the passcode, as you will know you are speaking to God. God and his word are password protected. "Father I have sinned"

It will literally take you from the path of destruction and transport you to Our Lord. You are now wearing the armor of God. Say this often during day as you go out in Satan's world.

Before we go further I want you to put away what you think you know about God and let God use your understanding and reasoning skills to understand God and who he is. Forget everything you know as it has caused nothing but confusion and start to think out of box. Like we do with everything, instead of relying on things that are not tangible. Sadly there is so much we think we know and really don't. I am at a lost were to start. I just want God The Holy Spirit to intercede and make these words of truth real to you. We try to figure and manipulate our environment to make it real and understanding. Actually putting on hold everything we see, when we look up at the sky. It was created by an entity greater than we will ever be. We live in an infinite vast universe that counts in number 200 septum of stars as our seed will be, as written in Genesis 15. That is 200^{24} th power.

Comparison - 1 grain of sand on earth = 10,000 stars. These are dwelling places to Angels who can travel across the universe. We as the human race will be equal to the stars or angels in our new beginning. As it states; thy will be done on earth as it is in heaven.

"This is God's mission statement from the beginning. A new heaven will arise, signifying the dissolving of the old heaven due to Satan's betrayal, which barred him and his generals from further access. Utilizing the earth as its foundation, this new heaven will extend far into the universe. The promise of scripture declares that 'the meek (us) shall inherit the earth.' Our Lord, the human God of the universe, will reign as King of kings and Lord of lords, with humanity as his bride, crowned as his Queen, and positioned as second in command of the universe. The remaining angels will serve under our leadership."

This was all decided before the foundation of the earth. Laughing, Satan has us thinking we had something to do with this! Put this in your frontal lobe and never ever forget this. You and I did nothing for this! God decided he would save the human race become human and rule with them. The question comes to mind why was he unhappy with being in the likeness of an angel and transformed himself to us? Let's look at the angels.

Angels were given hearts desire and ability to travel the universe.

The had an indestructible body, never got sick or experienced pain. Never grew old, never had evil around them or had a love one die in their arms. They missed nothing and had everything including high rank in heaven that they did nothing for. Actually they were created for their position. God could have made them robots and they would never betrayed him. Keeping them in perfect harmony, as he has done with the rest of universe. God wanted more than that, he wanted to give them reasoning and understanding skills (free will) and have them decide if they would be with God or decide using their freewill to go against God. He left the choice up to them. God knowing the outcome made the decision to use them as the stepping stone to his final will, to be us, rule with us, as we would use our free -will to be with him.

Again this question comes into focus why did the angels given everything go against the source that made them?

"Ever known a rich brat who had everything handed to him but appreciated nothing? Hunter comes to mind. That was the fate of one-third of the angels, including the Hand of God, all high-ranking Generals, and their assigned angels. Satan managed to turn Heaven into a ghost town, a feat to behold! He deceived 666.7 septum of angels including all his high-ranking cherubs like himself, that God granted their

every desire, only to lead them into betrayal against their source."

Satan left God with no one in charge and having to change his hierarchy. In the beginning highest ranking angels were cherubs, having 3 wings. Now there are only 2 Michael and Gabriel which are seraphim's having 4 wings. Wings represent rank. God dissolved heaven to keep them from controlling a strategic position in the universe. This was brought out when Jesus told the murderer you will be with me in paradise, not heaven. Thief's Rome cut off hands, to humiliate them as everyone would know who they are.

Ok now we have what happened because of the revolt.

Now we want to know why Satan did this to God? What was in it for him?

In Isaiah 14, Satan wants to be praised by all the Angels like the Most High. He saw Our Lord getting this praise and wanted to feel what it felt like. This turned into rage inside and a plan developed to cause the most important event ever to take place in the universe. Satan discovered the dark planet earth and put his plan into motion.

When he had taken all the high- ranking angels and those under them equaling 1/3 of the angels. He sprung his plan on the Lord. He thought in his mind he was going to control the universe and would be praised as their God by taking everyone in heaven that wax high ranking, that our Lord held dear. He didn't realize God had other plans and knew what

he was going to do before he created him. Showing clearly Satan was not aware of God's omniscience and his omnipresence, these 2 characteristics were used against Satan. Saying "He always knew Satan would be against him".

Satan is considered the most intelligent creature that came from the hand of God. He was full of wisdom and beauty. If he would've knew that God had omniscience and also omnipresence, I don't think that he would've tried to betray God. That it would be a futile attempt knowing those 2 attributes that God possessed. It tells me Satan was in the dark when it came to all the attributes of God.

Satan not only wanted to be praised but wanted to make a slave of God and force him to enter him, as he would have won the tournament. This is exactly what happened when Jesus ascended to the Father. The Father said "you I am well pleased with sit at my right hand"

Immediately God entered Jesus Christ and he became the human God of the universe.

This was the ultimate goal of Satan's.

Now we know what Satan wanted and failed miserably.

Looking at God we can say God is one in essence but he has 3 different characteristics.

Thinking part of God (God the Father, everything is directed towards him, as his will be fulfilled)

Creative part of God (the Lord in the Old Testament and Jesus Christ in the New). There is nothing Jesus Christ didn't create he created everything that was or wasn't.

Communicating part of God (God the Holy Spirit) Jesus said he is like the wind, you don't know source of where he is but know he is there.

All can work as one or can work separately.

What can we say about GOD? He loves competition and laying everything on the line. After Satan went against God a courtroom has opened up and has been running since. God the Father is on the bench. The Lord and now Jesus Christ is the prosecuting attorney. Satan and his generals are on the defense.

I have always wondered how Satan got away with betraying God and lived to tell about it. In the court case God was sending Satan and his angels to Lake of fire. Jesus said he was a liar from the beginning, as a result Hell was prepared for Satan and his angels before the foundation of the world. Satan told God he had no proof to send him to the lake of fire. Satan knew he was innocent until proven guilty and God was using his omniscience to condemn him. This is hearsay or circumstantial evidence. Since that time Satan and his brood are on a stay of execution. Regardless of the ignorance of the word of God. Satan has not lost any privileges he held before the betrayal. In other words nothing changed. So much is not known and I have to admit I did not know this either. This is

why a chess tournament ensued to compete for God of the universe or be like the Most High. If Satan won the match God would have to enter Satan and he and his generals would control the universe and everything in it, for eternity. God would be made a slave of and have to do Satan's bidding. I say a chess tournament looking at Job, he was definitely used as a pawn by our Lord. God had to protect the frail meek human race from the onslaught of power and brilliant intelligence Satan and his generals possessed. We saw a glimpse of his power when given permission in Job. This caused a Constitution of sorts, to protect the human race. All parties involved had to sign and abide by for this to be a fair competition. It was found out

God said we will make a Constitution concerning and protecting the human race, both parties will sign and follow it, to the letter.

Both parties were putting everything on the line. Satan and his demons spending eternity in the lake of fire Vs The Lord the creative part of God turned into Jesus Christ who became the human God of universe. Both completing to have God enter them and rule the universe.

Jesus told Mary Magdalene on his first showing in his resurrection body. Do not touch me, as I haven't met with the Father. This has always puzzled me, as we know God is everywhere. He also told the disciples, I am in the Father and you are in me. Can you get any closer to the Father? Yes! No creature has actually gone to the source of God and stood in

his presence. That is when God entered Jesus by saying, you I am well pleased. You are worthy of my power and possession. In other words you have exceeded my will, you now have access to me and all my powers. You are worthy of my presence, I will become you. This did not happen in eternity past to any of the angels, Hebrews 1:13.

I understand what you're aiming to convey. Let's incorporate those elements into the passage:

"There is no higher honor bestowed upon a human than what Jesus received. The human race produced a divine figure, surpassing even the highest-powered angels who never beheld the face of God directly. We were created as beings of lower stature—weak, frail, and lacking the power to ascend to the second command of the entire universe. Jesus Christ achieved this exalted position on our behalf, as a testament to his love for humanity.

Consider us stuck on Earth, akin to ants in an enclosed plexiglass ant farm. Just as we have various means to control and potentially destroy the ants within, so too are we, as humans, subject to the influence and power of Satan and his demons. When we see a cockroach scurrying to the other side, it barely registers as a nuisance, much like how the angels view us—as mere evidence of their impending eternity in the

lake of fire. They see us as insignificant, ready to be cast aside without a second thought.

But the only thing standing between us and their desire to destroy us is the protective hand of God, our Lord Jesus Christ. Through the guardian angels assigned to us, we are shielded from the malevolent intentions of Satan and his demons. This divine protection prevents them from having ultimate control over our lives, health, and well-being. Without this agreement set up by God, we would be utterly defenseless against their destructive forces, as us being the fly being hit by a fly swatter." As us not giving it a second thought as they wouldn't either.

Our Lord would design and create a new species, that would be confined to the earth (plexiglass) so everyone would be able to look upon him. This creature would be given free will, reasoning and understanding skills as he so graciously gave the angels.

Adam never went against God, not until the woman came on the scene. He was pushed into his decision by letting the little head speak for big head. He was full of knowledge and literally betrayed God. I will go further in this, as it is quite funny and written in Genesis 3. Going back to Chess tournament it was winner takes all. There would be a definite time it would start and a time it would end, as with many

things this was also recorded in the agreement.

In eternity, time didn't exist, as a thousand years was a blink of God's eye. If time ran out and he had not went against God this would prove God could create a creature, give him ability to choose and they would not use that ability to go against Him. This would provide God the Father sitting on bench, evidence to send Satan and his angels to lake of fire. Satan hot his stay of execution by telling God if you give any creature free-will in time they will go against you. This is what started the chess game.

Chapter 2 Bible Ed

S

Billy Grahm's son did a commercial and said I quote, "Do I know everything about the Bible"? No, but I have faith! I had to laugh! What is faith? You can have faith that it is going to rain tomorrow but would you stake your life on it? I say not. Jesus said if we had the faith of a mustard seed, we could tell mountain to jump in sea. Telling us clearly we don't even have that much faith.

How does having faith and praying go into what Jesus said, Love your Lord God with all y rour heart, body and soul! It doesn't match up by any stretch of the imagination.

What we are actually doing is putting new wine (church age we are now in) into old wine skins. (Jewish age or before

Bible completed)

Things they were taught to the illiterate the uneducated Jewish age. They were into praying, having faith, signs, wonders, dreams and visions, all the rituals, called old wine skins. The Lord had no choice, as they couldn't read and their vocabulary was limited. Same as picking out his disciples most were simple minded people. Why? The genius scholars were religious morons, Jesus called white washed tombstones with deadman's bones. On outside a crowd pleaser one to follow, on the inside dark evil and full of disgusting mental attitude sins. He called them healthy and therefore focused on the sick who needed him. Why he busted his butt to get Paul before the disciples voted in the 12th one. Proving that birds of a feather flock together. (Laughing)

Paul was the inspiration and influenced writer of the New Testament, a genius in many skills.

Were to this day are still pouring new wine (supercharged highly educated church age believers) into old wine skins. Which has dumbed us down as the illiterate of the Jewish age, when it comes to God or his word!

Jesus is still saying Father forgive them as they know not what they do! Or my children suffer because of lack of knowledge.

Problem we have today, much is given much is required. We are required and held accountable to know and sadly we don't! Because of Satan our knowledge about God is no

different and maybe even less than the Jewish age!

We have cars that drive themselves. Artificial intelligence that we can look up the etymology of each word in the scriptures or learn in major detail on any subject and yet we can't figure out this one Book that sells 5 + Billion copies worldwide written in every language no less!

That alone should cause any bona fide atheists to be in a Tizzy! Meaning because of God's omniscience you would be hard pressed to find a true unbeliever. Signifying 99 believers and only one unbeliever.

There will be such a ruckus in heaven over that one, then the 99.

Fact is ; Bible has caused much chaos , arrogance , judging , unattainable rituals, maligning , implacable, lying , greed, gossiping, pride, evil dreams, jealousy, murder, death and total confusion. Did I miss any?

How can anything that causes so much sorrow and pain be from God? It isn't, it has been ear marked by Satan, after all he is the ruler of the world and everything in it. I'm confused, who is the author of confusion?

Are you aware Jesus never mention the Bible? After seeing the chaos it has caused I can see why! This is why the passcode came into existence. By using the passcode anyone can pick up the scriptures and learn what God wants us to

know. It also prevents all angels from using the passcode and knowing and understanding God's word. Why? God the Holy Spirit will teach you the truth that Jesus was taught when he was on the Earth.

What you are learning right now is from using the passcode filling me with God the Holy Spirit showing or revealing to me the truth. I don't think most people in the world really realize what Jesus Christ gave us in the upper room! Jesus could call on God the Holy Spirit because he didn't have any sins. He wasn't even under Adam's sin that condemned the human race. Why there was a virgin birth through Mary to bypass Adam sin.

Because we are condemned with Adam's sin the passcode came into existence. Again it is in the Prodigal son, "Father I Have Sinned"!

He gave us the greatest gift besides choosing us to be his.

Jesus didn't walk around with scrolls, he learned from his mentor his teacher God the Holy Spirit. He started as the rest of us, as true humanity peeing and pooping his pants and manipulating his environment as a new slate. Unlike us, He was not bothered by Satan or his demons as they never knew who he was growing up, as God the Holy Spirit protected him. He was hidden from them until his time had come. Like he told his mother at the wedding in Cana.

He learned so well from God the Holy Spirit that he satisfied the Father who spoke universe into existence and

became as one, sitting down as our human God. He will reign King of kings and Lord of lords for eternity. As the Lord said, it isn't right for man to be alone. We as the church age will be crowned as his queen, second in command, all remaining angels will be our servants

Little do we know the Bible isn't accurate and even in original languages there are flaws. Why? We live, breathe and exist in Satan's world. Why would he allow us to know the truth? Who could stop him, God? If God could stop him, then why didn't he stop him from having the earth? The answer is he couldn't stop him. I always thought God could do the impossible. God cannot go against his righteousness and Justice as being the perfect judge. Adam was given the earth and everything in it. By Adam's betrayal the earth went back to Satan. I say back to him, as in Genesis 1:2. It was his pitch dark without a form planet, where he deceived all the angels into betraying God. Not knowing God had a front row seat of his rebellion, as in saying The Spirit of God hovered over the deep.

Satan hasn't been judged for any of his crimes. He is on a stay of execution or on bail. Our law, is a direct mirror of God's laws because of our client nation status. If on bail you are innocent until proven guilty of all charges, pending a hearing. This is the status of Satan and his generals.

The earth to the universe wouldn't even measure a subatomic atom, smallest known particle or matter. In other words our earth wouldn't make a dirt clod to the universe we live in. On top of that everything is held in perfect harmony. We know this and it is real as your hand, no one of earth can refute this. The question, who created all this and why are we put on something smaller than a subatomic atom?"

Here is a verse everyone should take to heart Ephesians 1:4, we have been told all our life's we chose Jesus Christ many clergy ignorant to God's word told you that you have to jump through hoops to be a Christian. All false crap! We were all chose before foundation of the world ! He knew each of us so well he counted every hair on your head. He knows us better than we do ourselves. He chose us in spite of evil sins and transgressions. We are an open book to God before we were here. Guess what you are still here?

You ever in your life worked for a trophy or reward? You laid it all on the line everything your heart, soul and body to win it. Focusing all your energy and mind into wining it. Knowing fully well you can take that and 100 dollars to the store and buy a 100 dollars worth of groceries. You did it to win it above all the competition, that was competing for the same. Now let me ask you, did that trophy do anything to win it? I know that sounds stupid but that is what Satan has

made us think! We are the trophy and we think we did something for Jesus winning it! Would you believe none of us were around when Jesus won the tournament? Just because we aren't a solid mass trophy, doesn't mean we are any different. Never forget that. You and I can't save enough people, give enough money, go to all the churches, worship him, keep from sinning to what God did for each of us.

I want you to eternalize this verse.

For the JOY (us the human race the trophy)

I your Lord and Savior who spoke the Universe into being and hold it in perfect harmony just because of who I am. I could have made a trillion of each one of you but instead I took you with all your flaws, shortcomings and evil sins, that you continue to show me each and everyday of your life.

I took you just as you are, knowing better than you who you are. Making it futile to try to hide anything from me. Need I say more?

You were all laid out in front of me as I counted in detail, every hair on your head. Knowing each of you in major detail, even better than you will ever know yourselves.

I chose and paid the price for each and every one of you.

I told our Father, I will not loose one of you that the Our Father gave me before the foundation of the world. Your salvation never ever depended on who you are or what you think you are. It all depends on me and who I am and I chose

each of you! I will hire you early in the morning. Through out the day or even just before closing time on your death bed. You will be paid the same as those hired early in morning.

Why did I say OUR FATHER? Look at my prayer. Who among you know what that means? You can't see the forest because of the trees! It means you as the chosen race are equal to me. You did nothing for this great honor. Your Lord and savior Jesus Christ did it all. These are the most important 2 words in the entire Bible. Question: if we don't know the 2 most important words in the Bible. Who most of us had to memorize and mimic like a robot when prayed. How are we ever going to know there is a passcode to God?

I your Lord God who spoke the infinite universe and everything in it and hold it together just because of who I am. Transformed my essence of covering the infinite universe to 1 sperm cell. I then imputed my self into Mary's egg coming down the Fallopian tube and came out of her womb as a living breathing human being. You are the trophy that now sits on my mantel in Paradise. Regardless of what my adversary says n the many churches he resides in. I won you as my trophy, you didn't win me.

For three agonizing hours, I endured the excruciating pain of crucifixion, struggling for each breath as I lifted myself up

on spiked feet and arms, fighting against suffocation as intended in crucifixion. The loneliness was overwhelming, isolated in total darkness, with every direction filled with horrible throbbing pain.

During the crucifixion, with each breath, I experienced intense pain coming from my back, where my skin had been removed. This occurred in the dungeons of Rome, where artisans were paid to carry out this task. With each movement, my back was met with horrible friction as I was rubbing against the rough surface of the cross, causing splinters to embed themselves deeper into my what was left of my back!

Then it was God's turn. While all that pain was coming from everywhere, I began to feel my body crushed. I felt like a Tola worm, as the creature I designed, that was crushed for its blood to make crimson red that royalty in Rome wore. I was literally crushed for the entire human race sins. The worm felt that pain for a nano second. I felt that pain for 3 hours!! I your God who spoke the universe into being, and hold everything together by the word in me. I had to use the power of my entire right arm to save the human race.

I ask you, who out there thinks they did anything for this?

Before you answer Our Lord could have changed all the suffering he was enduring by thinking it in his mind. He kept his focus on the trophy and endured everything he was going through. That is what Our Lord did for each and every one of us!

Now I want you to see the same passage and tell me how it makes you feel inside!

We are the trophy that is on the mantel in heaven. None of us did a damn thing for it!

For the JOY (us the human race) you were laid out in front of me as a trophy. Whose essence I covered the vast universe. I than transformed myself into a sperm cell and imputed it into Mary's egg and came out as your true human to be tested as your human God.

I your Lord and savior who spoke the universe into existence used my entire arm to save each and everyone of you. I didn't do this for the angels I did it for each and everyone of you. Never forget that. I own in heaven all souls that I chose before the foundation of the world I will not loose one the Father gave me in eternity past! I will leave 99 and go to ends of earth to save the one lost.even to their death bed as the one hired to work God's vineyard before closing time. Giving them the right to be children of God as the ones hired in the early morning and throughout the day receiving the same reward why? Because it is my vineyard. God gave us everything and asked nothing in return. Not an angel in heaven that wouldn't trade places with any of us regardless of what you are going through in your life knowing

that, what do we have to fear Human? NOTHING! Go to the Lord's Prayer that most of us mimic and memorized as a child. Look at the first 2 words, ask your self what do those words mean to you ? Jesus was comparing us to him! Our Father! We didn't do anything for it, even on our best day 😊

I want you to think back when you were a child what age were you when you sang Jesus loves me? You knew Jesus was the son of God. You didn't know mechanics of it like died for sins etc.. just like you didn't know the workings of hand but by golly you still to this day call it a hand.

You were saved and chosen right then 40 events happened in heaven in your name and cannot be cancelled out regardless how you run your life or how evil you are now. God will beat the hell out of you so don't think you are getting away with anything, he will not be mocked. The fact is our salvation never depended on us being good bad or evil. It only depended on who and what God is and not us! One more thing to further take you out of religion. Look at the 10 you will see there are no exceptions to them by 2 words. Thou shall most powerful words in any language. Believe on thy son human and Thou shall be saved! Need God say anymore to you?

Example of a big lie. We didn't even choose him as we were told growing up he chose us before the foundation of the world. He knew each of us so well he counted in detail the hairs on our head! He knows us better than we will ever know our selfs.

Two problems that are unknown to Christians and clergy alike.

First we have to get right with God as we are told not to lean on own understanding. We have to use God's eyes and his understanding, not our own.

What is not understood is God is password protected to protect his word and having fellowship with him . This was to prevent Satan from learning and knowing the true word of God. The passcode again I can't stress this enough is "Father I have sinned" it can only be used by human race. You are probably saying there is no passcode, I have never heard of it.

Yes I bet you don't know the 2 most powerful words in the scriptures. Give you a clue in Lord's Prayer, give up?

The passcode came into existence because Adam betrayed God and after Bible was completed during the church age.

By words "to whom much is given much is required in knowing. We are required to know the narrow pathway to God, that is in Mathew 7:14.

The 2 most powerful words that Jesus spoke in the Lord's

Prayer are OUR FATHER. Think about these 2 words and who said them? We can't see the forest because of trees! Jesus was saying we are equal to him, as brothers and sisters.

We didn't do anything for this not even in our best day.

So if you didn't know didn't know the mechanics behind those 2 words why wouldn't you believe there is a passcode to God?

want you to do something and start thinking out of the box, just like you do everything you want to solve and start looking at the facts, when it comes to God! It is amazing, when we were small children, we became a Christian and relied on leaders in the church to fill our heads with the right information. We then put our mind, body and soul in neutral or we rebelled and left the church. Now because our country is full of evil up to our President, christian's are flocking back to the church, that gave them bad information in the first place. They are damned if they do or damned if they don't!

It is time take brain out of gear and take control of the wheel yourself.

Now I got your attention, let me ask you questions you have probably asked or thought to yourself but just never spent time to analyze them. Here is one that has always bugged me. Jesus states very clearly there is only 1 truth! If this is true and it is, why do we have so many denominations that teach same thing? Here's one to put a pin in! Not one of these denominations is talked about in scriptures! No where

can you find them in scriptures or even, Jesus standing up in front of multitude calling these people out! It is almost laughable, if it wasn't true!

If religious denominations weren't important to Our Lord, then why do we have them? Never forget this as long as you live! There is only 2 people on this earth, believers in Jesus Christ and unbelievers! Not another soul on earth!

It amazes me how little we know about God! When he is preached from millions of pulpits for centuries, in every language around the world! Thousand's of books have been written on him. The Bible is in every language and will always be the best selling book sold today! Yet after all this, why are we still in the dark, when it comes to God? I saw Billy Graham's son on a commercial and he states: "Do I know all about the Bible"? He said no but I believe by faith. I had to laugh! With all the vast knowledge and technical know how we have today and yet we still don't know, what this one book is about! That in itself should shake the so-called atheist to their core! How come we don't know? Why are we so confused?

Why don't we know? I will give you one guess and the first one doesn't count!

Questions still come up like how can a loving God allow that to happen? Why doesn't God care? Why doesn't God

punish these evil people, doesn't he see what they are doing? Those people were very fine Christian's, why did God just take them away? Why does it seem, bad things happen to good Christians and good things happen to evil people? Why does God reward them, they are evil? Why did my child , family die, is it because of me? What have I done to God, to make him punish me like he does? It seems the evil get rich and the Christian's who follow God get nothing! Why is that?

I try to follow 10 Commandments and love my neighbor etc... why do I feel like I am being punished? I know I'm not perfect but I try hard to be good! Do the people who commit suicide and are homosexuals going to Hell, as the good book states?

I call these the Why questions. Questions we all have asked at one time or another through out our life's. One of the biggest one is , Why are we here? Again we are in the dark about this mysterious entity God!

I grew up in a town called Ottumwa on the south East border of Iowa. When I was a kid me and my siblings were sent to church, as a way to baby sit us. The church we went to was in walking distance from our house. It was called Calvary Baptist church. Reverend Reeves was the Minister, he was a nice man.

I actually sang solo in the church growing up there. Churches are great at singing songs and teach very little about God!

My mother found out they have this program called Vacation Bible school. It was an excellent way to get me and my siblings out of my mom's hair for a few weeks. We would actually take buses, stay there doing crafts, memorizing verses in the scriptures and going to class to learn about God and Jesus Christ. I had a falling out with the church when we got on the subject of Satan.

I remember very vividly, how it turned me away from God. The Minister of the church taught the teenagers, as we were a difficult group to teach. lol

The part we were studying in class was on Satan and who he was in heaven. The Minister started telling us his characteristics of who he was, the most beautiful angel, a cherub, had voice of pipe organ and that he shimmered like gold. He then went on to say, he was the most intelligent creature ever created by God. He said his intelligence is unmatched, as far as the angelic or human race is concerned, that no creature can hold a candle to his intellect! Then he said right off the top of his head, he betrayed God, this being the real reason Jesus came to earth and why we are here. After saying that mouthful, the Minister stopped and said he had to go make a phone call and that he would be right back. I guess I am going to give my age, they didn't have cell phones and had rotary phones! lol

I being at age of 14, started thinking that this statement literally made no sense to me! I have always been, if you want me to believe in something, you have to show me true

evidence. I want proof, not hearsay, conjecture,

emotionalism or hocus pokus spirituality which our churches, continue to preach!

This is another word I have problem with, preach. How do you learn anything from someone preaching to you. Jesus was called a teacher, not a preacher! No where in the scriptures does anyone call him a preacher! Think about this, how much do you think you would have learned in school if you would have been preached too? How many liked when their parents preached at them?

You teach the word of God, not preach! Are you starting to see the deception?

Well enough of that for now, getting back to my fall!

I said to the person sitting beside me, that I just became aquatinted with, Jim does this make sense to you? He said what? I said about Satan supposed to be smarter then anyone and then he betrays God! He said what you mean? I said that is like the light bulb telling source of electricity I don't need you anymore.

He said you are right, it doesn't make sense, when you say it like that! I said this angel who is in command of all angels and supposed to be the most intelligent creature ever and now we are supposed to believe he then betrays God? He said you got a point there. He then told the girl beside him what I said, as she was asking. Before you know it, it went completely around the room. Making everyone start talking

and causing commotion. Then low and behold the Minister came back in the room and said Terry, I want to see you in my office! I don't know to this day how he knew it was me. lol

I got up and went into his office, as he told me to sit down. He proceeded to say Terry, what am I going to do with you? I said Reverend Reeves this makes no sense to me! He said what doesn't make sense? I said Satan is the most intelligent angel of the entire universe that God made, right? He said yes. You also said no angel or human can hold a candle to his intelligence, he said yes. Then you said he betrayed God, was kicked out of heaven and the reason Jesus was here. He said yes that is correct. I said, That is like the light bulb telling the source of electricity, I don't need you any more! If he is God's most intelligent creature, why would he do that? It not hard to figure out, he isn't that smart, don't you think? You have to admit that isn't too smart!

He got this screwed up look on his face, pointing at me and said Terry, we will never know that information until we get to heaven! I can to this day, see him pointing at me telling me that!

I thought to myself we have churches on every street corner, it seems like, why don't we know this information ? Reverend Reeves was a nice man but poor man didn't have a clue who God is!

After that I quit going to church and told my mother you

can beat me but I am not going!

I just thought of whole God thing, as a fairy tale to keep simple minded people in line! God works in mysterious ways! My father had to move us about 250 miles away, to town called Estherville , Iowa. We actually moved from southeast part next to border to the north west part next to border. The temperature and depth of snow fall is tremendous! I don't know why anyone would want to stay there unless you are a polar bear! lol My father had no choice as the company he spent his life in closed down. He had to move to keep his in pension and seniority.

I had to move at the end of 11th grade.

I now know why God wasn't going to let me get away because of bad teaching. After we had moved there my mother went looking for churches we could go to. This is when she found out about a pastor teacher was going to be just a roof the border in Aberdeen, Minnesota. Having my newly acquired drivers license she wanted me to take her there as he was teaching Doctrine at one of the local churches. Going there completely changed my entire families life! Doctrine is the study of the original languages of scriptures.

Satan tries to keep this word from the human race as he despises this word! Most said to say most Christians including the clergy don't have a clue about this word!

What is Amazing 3 years later God turned me on to a professor, who started satisfying my questions. I then found

out the difference between religion and God's word called Doctrine! Proverbs 8 the entire chapter talks about this word. God put his word (Doctrine) above his name!

This was the last word Jesus uttered on the Cross.

His last word, God of Doctrine and his spirit left his body! Doctrine's are mandates , promises, commandments and principles of the true Word of God!

People ask me, why I am writing this book?

If you are a Christian, you are left with fragments of who you have been lead to believe is God, from religion. This book will give you a working frame of putting those pieces together and discovering the truth about God for yourself. Once you know God, you will have a better understanding of answering the why questions yourself. You say then I already know God and he knows me! Ok, So are you telling me you never thought or said out loud the why questions? What rock have you been living under? We all have thought or said the why questions!

For example: Did you know there is a key to the scriptures? The key is only available to the human race and unlocks God's word? Not even Satan with his brilliant mind can understand the information given to us, freely. You may ask well isn't Satan considered the most intelligent creature of the universe? Yes he is, then why can't he get the key from any one of us?

Jesus gave us the key to God, when he resurrected and

ascended to the heavens and sat down as, all powerful, majestic God!

John 14:20

On that day you will realize that I am in my Father, and you are in me, and I am in you.

Jesus was human, meaning having flesh and blood, as we are. Satan and all the angels are spirits, as Ezekiel states, created out of fire. Jesus was not crucified for angels. He was crucified for the human race! In order to get the key you have to have flesh and blood which excludes the entire angelic race. So again you can see, the key is as perfect as God is.

Then you say well why don't we know this key exist, if it is so important? Great question, keep reading.

You need to acclimate yourself in using this key, especially when you are reading or hearing anything pertaining to God. I also want you to put this in the front of your mind, so you can call on it, to get you back in fellowship with God., using Rev 3:20

The real meaning of the passage. Behold I (your Lord Jesus Christ) stand at door and knock! (Christian , my client nation, get back in fellowship with me) or my discipline is coming your way) Hebrews 12:6!

I will then come in and have fellowship with you.

The key is 1st John 1:9, this is the password for you to understand and unlock the hidden mystery, of the many

facets of God by staying in fellowship with him.

1st John 1:9

If we confess our sins, he is faithful and just to forgive us our sins and to cleanse us from all unrighteousness”

Key states if we , as human race name our sins to God’s courtroom, known as the cross. He is faithful, (meaning always does the same thing and he is just(naming sins satisfies his Justice. He will purify us from all wrong doing which makes our sin blameless in God’s sight.

Why? Christ was judged and paid the penalty for the entire human races sins on the cross! Our court is very similar to God’s court. Law of double jeopardy applies and comes into play. Meaning you can’t be charge twice for your crime, in this case sin. In other words we are held blameless for our sins! Before you go off in a wild sinful behavior, it doesn’t mean, we can’t be punished severely for them! He can certainly scourge you to the Nth degree! Meaning literally taking skin off your back, as Rome did to our Lord! I am sure you have more questions, I will go further into more detail later. For now start using this in situations that you know are sins. This way you Stave off God’s wrath and come under his Grace.

Unfortunately we are not inspired on how important this

key is, our churches, sad to say, follow doctrines that are from Satan's brilliant mind, called Religion.

I know you are saying, I thought religion was good? We ask people what religion they are affiliated with and we hold our religion close to our heart. Now you are telling me it is from Satan! Yes, I am sorry to say but Jesus never talked good about religion! In fact he called religious people white washed tomb stones with deadman's bones. On outside nice and pretty (eye catching to the public) but inside full of dead man's bones (dead with evil thoughts). Religion condemned Jesus to the cross!

Then you ask , you know I always wanted to ask, why do we have so many denominations, that teach about Jesus in different ways? Yes , great question!

How can we have so many denominations teaching about him, when Jesus states there is only one truth! Remember and never forget this. Satan is in charge and controls the entire world! Now ask yourself this? Why would he want you to know who God is, that is his adversary?

What better way to influence you, then through the churches you grew up in by using religion!

Know this Satan is against everything God is! Paul states, he goes around mad as hell, seeking who ever he can devour! He hates and despises the entire human race! Why? We are the actual evidence to prove he and his followers are going to lake of fire. We as the human race are on the witness stand to

prove God's decision was fair and just to send Satan and his demons to hell, as Jesus states it was prepared for Satan and the demons not the human race. Read Mathew 25:41

I always wondered how the clergy felt , when they came across this passage, while they were skipping over it! Telling us all, we are going to Hell!! lol

They sure have scared the hell out of us! Preaching Hell's fire and brimstone for decades! They have preached it so much that even the unbelievers know these words! lol

No hell was clearly not made for the human race!

Yes you say but I grew up learning all this religion and now you are telling me it was all wrong? Remember I told you to think out of box! Don't forget, Satan is a master mind of duplicating the light. Religion gives you half truths which results in total confusion. If you look at your religion, you will see many times, you have questioned it but thought oh well most of it make sense and went on. That is exactly what Satan wants you to think! Think about this? How can most of it make sense, when you are talking about a perfect all power creator of heavens and the earth? It is either, All makes sense or nothing makes sense with God! Here is another tidbit on religion. Religion always requires you to do and keep doing something for God!

The doing was over, when Jesus resurrected to the heavens and sat down as human and became God in the flesh! Why?

Because only human sits, entity or spirit can not sit.

'The Lord said to my Lord: "Sit at my right hand until I put your enemies under your feet."

Yes sad to say, most of us, have been brain washed with religion, from a very early age. I might add.

I will guarantee you, if use the key, The Holy Spirit will have you questioning your religion, you will begin to see flaws and then serious crack in it's foundation.

I remember as a child, I loved taking a step stool and building a house of cards. I would use as many decks, as it would allow me, before it came crashing down. I got up to 2 decks but couldn't figure out how I could put another card on. Believe me it takes concentration , steady hands and lot's of practice.

You will find your religion was built like a house of cards. Because the foundation isn't secure, it all falls down. It states in the scriptures a house built on sand.

In Matthew 7:24-26

Jesus said everyone who hears his words and puts them into practice is like a wise man who built his house on the rock. Then he went on to say everyone who hears his words

and does not put them into practice is like a foolish man who built his house on sand.

When you do know, that religion is built on sand, then you will know that it is from a mastermind and not from God.

I can tell you this. Religion and God will never mix!

You ask ok how can I tell religion from what God wants me to know?

I am so glad you asked that, as it brings tears to my eyes!

I am going to give you 2 simple formulas that you already know being a Christian but never took the time in using your reasoning and understanding skills to determine religion from God! By the way, it isn't your fault! Most of us grew up in the church and were coerced to believe the religion we were taught was from God!

These formulas can be used like a measuring stick to detect religion. If you don't already know these to be true, you are welcome to go to your Minister or Priest, they will agree these pertain to God. Then say to them, don't say any more. Why? I am building my house on rock not on sand!

Also if these 2 formulas are true, nothing else matters! In other words, it leaves out exceptions to the rule which

religion always teaches!

You first have to determine, what is perfect? I will tell you this. There is nothing on this entire earth that is perfect! Knowing that where do you begin?

Here is the formulas

God is perfect.

Everything God does is perfect.

This formula is for us:

Mankind does not equal God

The real reason for the savior.

Learn to use and apply these formulas especially when you are hearing or reading anything pertaining to God! Know this, If it doesn't fit in the above 2 categories, then it isn't from God and is religion, from a mastermind.

Many examples of religion we find in our churches.

You are judged on your sins! Think about it for a moment!

How can you be judged on your sins, when Christ was

judged for them? He who knew no sin, was made sin, (judged) and through him, we have eternal life. There would be no point for him to be judged for them, if you are! Clear example doesn't fit the formula. Oh well maybe you are only judged on the horrible sins and not the others.

Then again this makes exceptions to the formula and doesn't fit formula. Remember anything that makes exceptions, are not from perfect God!

Here this loud and clear!

You will never ever be judged for your sin! This is going to really blow your mind. Even if you are a unbeliever, meaning you never believed in Jesus Christ, you will never ever be judged for your sins! Why? God didn't say, I only sent my son to be crucified for the believers sins! No he said the worlds sins which takes in the entire human race. Again as you can see, it doesn't fit into the formula.

That is why there is no book in the Bible called a judgement book! There are only 2 books talked about. I will go into more detail but for now there are 2 books that God judges the human race on.

Book of life

Book of works.

If you find a judgement book in the scriptures, let me know and I will give you my house! There isn't one!

I will devote a entire chapter on these 2 books and how they are used. I am positive, It will surprise you.

Here is another example of using the formula! This has been abused all through history!

Once you have salvation (meaning going to heaven) at one point of your life, he can't take it away because of some shocking sin you commit at another point in your life! Even if God wanted to he can't, as God wouldn't be perfect God and it wouldn't fit in the formula. This would clearly call him a liar and how can perfect God be a liar? Paul states , who by the way is credited as the worst sinner, he killed thousands of Christian's. He killed men, women and children and the Priest who were teaching God's word! I want you to get the picture. This is Satan's world! In begining of Job, there is definite competition between Satan and Our Lord. Satan had to slither his way into God's perfect garden. Now, God has to worm his way into Satan's world and Paul was killing all his teachers! No one in the entire human race will match the sins of Paul! He even said I am the worst of the sinners!

He killed so many, that the Lord had to blind him to see the light!

Paul states I am convinced height (God himself or the Angels above) depth (Satan and his demons) width (you can not be voted out by one of Satan's many devices) , NO ONE , including you by suicide or denouncing God)

WILL PLUCK YOU OUT OF MY HAND! Paul is saying

that not even God himself, even if he wanted to, can't do it! Why? This would call God a liar and wouldn't fit in the formula! This is why I say to God, thank you for being the way you are! We don't have to worry about going to hell because of our personal sins, ever! Are you starting to see Satan's brilliant mind at play here?

You can start to see very clearly, it doesn't fit in either formula. Now the foundation called religion, you uphold, is starting to crumble and you are seeing God and who he really is!

Brings in another point. We will never go to the so called great judgement day for our sins, as far as going to heaven or hell!

Fiery Hell, damnation and brimstone were words, I heard as a child, yelled out from pulpits, along with the wages of sin is death, repent brother or sister before it is too late! The day of reckoning is upon us! You know I don't know about you but if this didn't turn off you to God, then you are a saint.

lol It sure did me! Little did they know Jesus states very clearly again in Mathew 25:41

Hell was only prepared for Satan and his demons and a third of the tail! Not one mention of humans going there! How could they miss that important verse in Mathew, of all

places? What did they do, skip over it and say to themselves, Jesus why in the hell did you say that? You know that isn't true ,must be a mistake! You are messing up my entire program! Are you starting to see how funny religion is? lol

In other words our sins will not keep us out of heaven! Once we believe in Jesus Christ, the so called judgement day, that is preached from the pulpit with fury, is never ever going to happen! Why? They were all paid for on the cross! Anything else added to this, doesn't fit the formula. So here is a question for you. If Jesus was judged for the entire worlds sins which he was, then why should we have to confess them? I will let you roll that around in your brain.

Telling a priest your sins called confession.

Jesus fulfilled all the rituals of the Old Testament, so we wouldn't have to sacrifice a animal or talk to a go between. He sits on a throne, as the Great Shepard or High Priest because of his work on the cross, we are equal to him! This gives us the privilege of going directly to him! All we have to say is the word Father! We then and there, are transported to the Throne room of God! I want to say that Satan uses this tool to find out about our sins through the Priest. This keeps a tab on you and keeps you in line and never coming to the truth about who and what God is. I want you to notice none of the disciples who are held up as being pillars, went to a priest and confessed their sins! Did they reach sinless

perfection because they never went to a priest? lol

Then need to read 1st John 1:10

If we say that we have not sinned, we make God a liar, and his word (we have Satan's religion and not God's word in us) is not in us.

All of us grew up on some form of religion. Many of us were made to memorize Bible verses and even the Lord's Prayer. Did you know there is only one word you need to learn and memorize in the Lord's Prayer? I know what you are saying but hear me out. Let's go back to what was happening when the Lord gave this prayer to the disciples. They came to Jesus and said Master how to we pray to the Father? I want you to think of this for a moment. Even our denominations know that Jesus is God in the flesh!

So what did Jesus do, besides keep from laughing! Jesus recited the Lord's Prayer. Why because they had learned nothing from Him! They didn't even understand that they were talking to God in the flesh! He had even told them I am in the Father and I am in you ! The God man the Hypostatic Union.

John 14:11

Believe me when I say that I am in the Father and the Father is in me!

John 14:20

On that day you will realize that I am in my Father, and you are in me, and I am in you.

The true arbitrator between God and man! True perfect humanity that would satisfy the awesome power of his Righteousness and justice. In turn allow us to spend eternity, in harmony with God! So that we would only feel his amazing unconditional love!

It amazes me how denominations can hold the disciples up in such high esteem! They were all asses, that portray each and everyone of us! Not one of them, if they were able to come and tell us would say they should be held in this position!

Jesus starts the Lord's Prayer and says OUR FATHER, stop right there, hold the phone, put on the brakes! Think what he just said?

Jesus was saying, we are equal to him! That my friend is the most powerful word that Jesus spoke the entire time he was on the earth!

Talk about you can't see the forest because of the trees! We did nothing to deserve being equal to Christ! Yes not one of us, even on our best day, lest any boast!

The rest of the prayer means nothing. Why? They were already talking to God and I am sure he was very frustrated with them and wanted to ring their necks! lol

You have to laugh, if it wasn't so sad! They had been walking with Jesus. God in the flesh for many miles, resulting in many years, when they asked that dumb question!

Here are just a few of many ways Satan has defiled our churches by using religion. I will go into more, later in this book but these are biggies in the many denominations we have today.

In order to be a Christian and to follow God, you must be Baptized in order to be saved! I will use a simple explanation to prove this statement is false!

When Jesus was hanging on the cross in horrible agony, the thief said Jesus remember me when you get to your kingdom. Jesus said, You ask me this now, of all places? I have tried to get you to come to me many times while you were freely sining killing and plundering for no rhyme nor reason. All you have done has put you beside me. I did nothing to deserve this and you , have done everything for the punishment you are receiving!

Now you want me to just give you a free ticket to my kingdom! Oh well, I don't have anything better to do at the moment.

Jesus states, very well, first you and I have to come off this cross. Jesus immediately takes the thief by the hand and they

gently float to the ground. He then yells out, hold the proceedings , like he did when he calmed the Seas!! You there crowd of people that is gathered, I know you came to see a good execution and I and my new friend will provide it but you are going to have to leave and come back, maybe go to diner and bring the kids for God's sake.

You there soldier gambling for my garments, yes you! Can you do me a big favor, bring me a bucket of water, this Vinegar wine won't do or better yet, is there a religious Jewish godly priest out there? Before you all go, is there any in the crowd that hates me and who doesn't mind spitting on me and this wretched soul. He needs to be baptized in order to be saved by me, don't worry, I will say the necessary wording. I need this done, so I can take him with me to heaven. Then I promise, we can continue the festivities when we get back on the cross. Please tell me , will that will work for you?

Now I am sure this sounds as ridiculous, as I am writing it!
lol

Sort of like having to be baptized in order to be saved!
Don't you think?

Remember and never ever forget this! God never ever makes exceptions, not even one, he makes the rule! How can a perfect God that is perfect, do anything twice?

Again it doesn't fit the formula! So , you don't have to be baptized to be saved and go to heaven!

Clearly the thief wasn't baptized. Jesus said verily I say to you, you will be with me in paradise. Jesus stated to the thief, I am God and you have come to the right place, to go to heaven. Also I want you to notice one other thing. The thief never named one sin that he committed and still is going to heaven. So naming your sins doesn't get you to heaven! You say how can that be? Keep reading

I have to give you one more!

The Eucharist or communion! This has been used and abused by nitwits thinking they know God!

Churches say you have to be a member of the church , without sin , give money in tithes , be a specific denomination and on and on.

Jesus said in upper room while tearing the bread , look I want you to do this in remembrance me but I can't. They all say in unison Why not Lord? Jesus then says a lot of things have come to my attention and I am not happy and therefore I don't want you to do this in remember me, until they are resolved! Then John said, what do I need to do Lord? John did you drop your tithes in the box, when you entered the room? I know you think I favor you but my patience is growing thin and you are pushing the envelope! This is the third time you have neglected your tithes and offerings! You know that tells me, you have a head belief not a heart belief! You know that Judas needs money, no wonder he turned me in! I really feel

John you are giving me lip service!

Peter you told me that you named all your sins and you didn't, you are being 2 faced! You know I am still mad at you, as you will deny me 3 times ,while I am suffering on the cross! You can't take communion and remember me until you go confess your sins to the priest, who is right outside the door. I brought him here for your benefit Peter, now hurry along I guess we will wait. James are you getting back with your wife or not? You are not favored just because you are my half brother! You are not going to be able to except communion, if you get divorced! I suggest you find out what the problem is, resolve it and stay married! Remember you come together as one in holy matrimony!

I am sorry you can't do this in remembrance of me, as only a half! Mathew what is your denomination again? You have changed so many times I can't keep track! I need to know before I can do this with you. You of all people! Luke when are you going to join a denomination? Why haven't you joined! You know I am in charge of all the denominations but you have to join one! Hey maybe you and Mathew should stay with the same one, so I don't have to talk to you about this again. As it sits I can't even allow you in this room without joining something! The rest of you, I can't even keep track but you all know what you have to do! So do it please!

What is wrong with you guys?

Well I guess this meeting is over for now. Please get back in

touch with me and do those things that you are required to do!

I guess I am going to have to postpone the cross, as you won't be able to have the ritual of remembering me, until the things I asked are done. Will someone please stop Judas and tell him plans have changed until next week. Tell him I will give him details when I bring by John's tithes and offerings! Jesus then takes and unrolls a Jewish calendar and says, Let's set the last supper up again for next Tuesday and please everyone come prepared! I want to be on the cross by Wednesday around 12 noon which gives me 3 days before I rise again, on the sabbath which is on Jewish calendar is Saturday, called the Sabbath.

I know most of you don't know this but after what you have already read does it really surprise you?

Again you can see how ridiculous religion is!

Especially when you compare religion to Perfect All powerful majestic God!

Jesus said Christian do this in remembrance of me and what I would have to face on the cross for your sins! This is for my broken beat up body and this is for the blood I shed on cross for you! Do this as a ritual,so as not to forget me for generations to come!

That is it! No hoops , no churches to join, no money to

give ,no emotions , no sensationalism is necessary. This is a pinpoint in time, to focus your attention on what Jesus Christ did for you! Nothing more or nothing less!

Now get this! All of these rules, are from the mastermind himself and not from God , as they don't fit the formula!

It amazes me how many think they have found God and are closer to him, then any other person or denomination!

Yet dumb Ass Peter said: I am convinced (in my hard head, that is what Jesus called Peter) that God is no respecter of persons! lol

Yep folks, all your working for God and salvation, will get you no closer to Him , then the bum on the street or the Pope who sits high above everyone else! This is actually good news! Why? Jesus in one swop, carried all of us on the cross. We celebrate in everything that Jesus has, the best part we can not do anything for it. For the Joy that was set before me, (mankind) I endured the cross!

If you say this, anytime in your entire life, heaven and all it Possesses is yours forever!

Father I am believing in Jesus Christ! Nothing more nothing less!

For by grace (because of who and what I am, not you or

anything you do) you have been saved through faith, (through believing) and that not of yourselves; (you can't work or do anything for it) it is the gift of God, (unconditional gift of God) not of works, (you human did nothing for it) lest anyone should boast(therefore Pope, Priest , Father , Minister, religious man or woman, special denomination, you have nothing to brag about) why? (Because I God give it freely, you can't do or did nothing to deserve it, none of you!) As my son told you it is My Will be done, not yours!

Quit thinking you are better than any other human! In my sight you aren't. Giving up this and that for my sake just turns you into a more evil religious moron! As a human you cannot on your best day Glorify me! Quit wasting your time trying to please me and learn and teach what I did for each and everyone of you! You don't have the equipment to please me! My disciple stated to you,

All of you, have come short of glorifying Me! None of you are any damn good, as far as you are concerned! That is ok, I Jesus knew this and still let it all play out on the big stage!

You became the way you are to show the angelic race. I the Lord their God created them with a perfect beautiful body, and everything their heart desired. If they would have asked for more, I would have provided it. The Hand of God , the Morning Star convinced all my generals, commanders and their staff to betray me! They gave up everything, including my unconditional love, to betray me!

I being their God, in eternity past, made them lay it all on the line and they still had mutiny and deceit in their hearts! They closed the chapter in my book of life. Their names were blotted out and now they are seeing their decision play out through you and your kind! Fear not, I am with you always! Never forget that! I and all my power, is in each of you, that when you became a believer you are in me and I in you! Greater is he that is in you, then he (Satan, demons and their many devices) that is in the world.

FYI-

I am sorry to say, you were not created by me! I know you were taught this at a early age, as my adversary filled your head with religion! He despises you, as you are my people! You got the dirty end of the stick, let me explain. You were born, not created by me, a curse of Adam who I created and he betrayed me, also! I then created Ishah his beautiful wife by removing his left rib and fashioning it into a beautiful woman, who was the first to betray me. To be blunt you are the excrement of both of them, I your Lord God had nothing to do with this. I can only create beautiful things. It is not in me to create ugly fragile disproportionate things. Beings I am perfect in everything I create, has to be perfect. Otherwise I wouldn't be God! I hope this makes sense and you can understand.

Through Adam's seed, all are dead to Me!

They betrayed me, as Satan and my staff did in eternity

past.

My beautiful self sustaining garden, that I provided for all their wants and needs, is no more! It turned into a barren waste where nothing can grow, except the evil of Satan! Both the ground, animal kingdom and you, are a result of their curse, for the short time you will spend on earth. There is good news to all this. I your Lord Jesus Christ, when I call you home, you will be provided a indestructible body, that will last for eternity.

I will provide you with all your hearts desire, as you will be my bride and I will be your husband. You will reign with me as my Queen for eternity! This was the reason, I never took a bride on earth. Christian's of the human race, are the love of my life, my Queen. They receive my intimate unconditional, ending love. My Queen who I gave my life for, will reign with me for all eternity.

You will be the envy of the entire Angelic race! Did you know the angels know everything, I just told you. There isn't a angel in heaven that wouldn't trade places with any human in any century, going through any number of adversities or problems. Why? None of them will have what you will have in heaven! You a weak, fragile, disproportionate human, will be given a perfect body indestructible body and will reign with your Lord God for eternity! You ask why are you here?

I created my super creation and they betrayed me. This will show them the true God!

I can take a piece of manure and make it higher in rank than the most arrogant privileged morning star! My evil creation vs a curse or the privileged Vs the underdog.

You know, I often wonder why us? We are spoiled rotten brats who wear emotions on our sleeve! Get into hating , bitterness , arrogance , vanity , maligning , judging , greed , perverted sex and all it entails, trying to control, stepping on brother or sister, gossiping and a host of others sins. We do these things everyday at a drop of of hat, In our mind.

Jeremiah 17:9

“The heart (center part of mind) is the most deceitful of all things, and desperately wicked. Who really knows how bad it is?

No one knows except God!

Paul even said, we try and want to be righteous and upright but we have a war inside ourselves! We end up doing, not only the opposite but going total evil, like thinking of someone’s demise or even a perverted sexual act!

That we feel is way below our character but we can’t help ourselves for feeling that way. Our conscience mind doesn’t except those thoughts, so we fall back on the devil made me do and think that! We also try to hide those thoughts from God, as we don’t want him to think bad about us! Please

don't try to hide anything from God! We all are an open book to him! This is considered being normal folks! If you try to hide you get into quenching and grieving the Holy Spirit!

The more we try to be upright the worse we become! I will explain why further in this book. For now just know God wants us to rely on him only, not on our understanding!

Proverbs 3:5

“Trust in the Lord with all your heart and lean not on your own understanding” He wants us to learn to use him for everything and not rely on human viewpoint.

With all the sex and perversion and killing etc... what about to say is mild.

This is why I said this to God, many times! Thanks for letting me masturbate, for giving me the hands and ultimate pleasure I derived from it! We need to understand we are dealing with an extremely precise court room! We name our sins, our actions or how we feel, mean nothing to God! They were already bought and paid for, allowing us to freely sin! I know churches don't want to hear this, so they went to the other extreme!

With all we are bombarded with and now they are putting in our elementary schools! Wouldn't it be amazing if our clergy would stand up and say ok how many people have masturbated last week and didn't take the time to confess it or committed adultery on the internet or a host of other sins that you right now are trying to hide from God? Please

acknowledge them, so we can kick Satan out of the church and experience God and who he really truly is!

What we need to understand as Paul states: All have come short of the Glory of God! Our best day is not the best day to God!

We are only upright and righteous

Because of what Christ did on the cross! When we become a Christian at any age of our life. God immediately inputs his Perfect Righteousness on us! Therefore we become the unblemished lamb in the sight of God! In other words, he doesn't see our iniquities, as Jesus blinded him by his saving work on the cross! By naming our sins puts us back in fellowship with God! Not anything to do with salvation!

Satan biggest crime, he wanted to be equal to God. Being the perfectionist he is, he missed the mark and now faces the lake of fire, where he will spend eternity, gnashing his teeth! Indicating tremendous pain that makes you cause pain to yourself.

I now know why Priest struggle with the thoughts of pedophilia. They surmise, it isn't like having sex with a women which is immediate grounds for dismissal, as a Priest. They took a serious vow in front of God and the church never to do! They also would be black balled and carry the disgrace the rest of their life! This is what religion on steroids does!

They then think, what am I going to do if not a Priest? So they take their increasing insurmountable sexual desires out on the altar boys , who look up to them in which they have total and complete control of. It is a perfect example of religion and the tree of knowledge of Good and Evil! Good are the church, up to the Pope, condoning this behavior. Evil are the Priest themselves! They move them from Parish to Parish hoping they will never be found out. Not only are they putting these boys on the fast track to adult hood with their perverted sex but they also take their God away from their life's! Causing them to hate God, as the Priest is right next to God in their eyes! Clearly showing they are most evil pedophiles on the earth!

I believe they get in the ministry with all the good intentions, sub-staining from sex, are told by church they are pleasing God and of course the religious church!

In reality they are destroying themselves with evil thoughts, that become so strong, that they can't be controlled! Satan has duplicated the light by using religion, making them think they are denying their normal body urges for God! Making them turn to perversion under the cloak of the Catholic Church! They honestly try with all their might to be a righteous Priest but miserably fall short. They miss one of the most important doctrines, none of us can be upstanding and righteous! The harder we try the further away we are from it!

That is why it is so important to start using the key 1st John 1:9. This removes God's wrath from your life, whether we do

it outwardly or inwardly in your mind! Bad evil thoughts will continue to go through our heads. Jesus said: But I say to you that everyone who looks at a woman with lustful intent has already committed adultery with her in his mind.

This is with any evil thoughts that float through our mind!

God gave us the key Use it, folks, start using it several times a day! This will keep you out of Satan's kingdom. Paul states so clearly

Be in the world but not of the world!

The key is the answer, of not of the world

To be continued:

Religion started in the garden, when Adam and Eve were forced to put clothes on by the perfectionist Satan, who took control of the earth! Being naked wasn't any problem with God! They were naked, having sex, up until the fall. They thought by putting clothes on they would be equal with God! Clothes were no problem to God, as he talked to them naked everyday in the cool of the evening.

Satan designed religion, to keep us from knowing the true God by having us utilize his system, the tree of knowledge of good and evil. It started in the garden and has continued ever since!

In the original languages paraphrased. it states: if we sight or name our sins, to the courtroom on the cross. God is faithful and justified to forgive those sins and purify us from all unrighteousness. Then you are in fellowship with God and are able to hear or read and understand his word. Most importantly you will be able to decipher what is true from what is false. Believe me we are bombarded by false information from the majority of churches in this country. Think about this, we have more churches then bars, nightclubs and strip joints, yet our country is falling apart at the seams. If we were reaching God through our churches, why is evil on every side of us? Why isn't God protecting us?

First and foremost, we as humans speak of present circumstances and occurrences that affect our life. Where God takes in the entire human race from begining to the end in one thought. Your problems and situations you are going through, doesn't change the outcome of all Powerful majestic God. It is his will not your will that will be done. Jesus said this many times, as he walked on earth. God knew in eternity past, what you would go through and made provision to see you through or around it.

What we don't understand, God can only show us his tremendous love for each and everyone of us by the problems and situations we find ourself in. He allowed the problem, to get us to rely on him and not our own understanding.

In heaven there are no problems or situations. No more pain, no more sorrow, all these things have past away. Our time on earth is God's opportunity to show his unconditional love to each and everyone of us! Knowing this, should give you some comfort and security that God is there and knows very well, what you are going through.

In every situation we find ourself in, we have 2 solutions. Using our own reasoning and understanding, saying we can solve the problem ourselves. This is called human viewpoint. This can be a psychologist, Minister, talking to relatives or best friends, a bottle of booze, taking a pill or even getting into a sport, just to elevate the stress, caused by the problem. You will find human view point or using these means, adds up to no view point and at best, bandaids the problem. A lot of problems we have, can only be solved by divine intervention, to get us to rely on him!

The second choice is Divine viewpoint, this is reaching the decision that God wants you to use, that will solve the problem, in the way God intended. He made this viewpoint in eternity past

for every situation we find ourself in. I think of Moses standing on a rock with his back against the Red Sea. A professional army having all advanced weaponry of the age with hatred in their heart put there by their Pharaoh. He wanted them butchered and to bring back Moses's head on a pike. He was in a impossible situation, his army, if you want to call them that, were farmers, carrying hoes and pitch forks.

Moses stood upon that rock and said these famous words, that I have stored into my mind and call of them when a situation arises in my life!

I suggest strongly you burn these into your memory and use them in situations you find yourself in. God gave us this wonderful tool, I say hold on to it and use it!

Stand still and watch the deliverance of The Lord! The Lord will fight your battle today!

All we have to do is stand still and look for the divine solution that God provided for us in eternity past. He will fight your battle! Just let him!

I will warn you, once you give the problem to God do not repeat, do not take it back! If you do, realize that God can only help you, if you give it totally to him. Satan will try with all his might to make you take the problem back even coming up with Pseudo solutions. Don't let him!

Chapter 3

How detailed is our God?

God knows every hair on our head. I figured out that each of us have at least 100,00 hairs in our lifetime. Now take that times the entire human race! That is a astronomical number!

It amazes me how many people think that God created the

earth in 7 days. He actually created the infinite universe, all the stars, angels, planets and formless dirt clod earth with the tip of his little finger. He keeps the planets and everything in the universe functioning by the word of his power! All I can say is wow!

He took the formless dark earth, added light, separated the land by water, added vegetation and then added Adam in 6 days. I want you to think of this. God did everything for mankind in 6 days. He has rested every since. He being the divine programmer, made the entire program for mankind in 6 days and ran the program, as soon as Adam was put on the earth. The program was made as perfect as he is. When he added man by the way is when time started. 6th day , 6 th hour , 6 minute called the number of man, 666. See it wasn't so scary! lol

Satan uses this, as he hates mankind and doesn't want us to compared to him in any way! Same as evolution, calling us animals. When there is no evidence to prove us coming from monkeys. I will sit down with anyone and prove it is false doctrine from Satan, beyond shadow of doubt! I will go in this later but humans have reasoning and understanding animals do not!

You have to come to the realization, your 5 alarm situations mean nothing to God, when you start to look at the big picture!

Paul states, all things work out for the good, for those who

love the Lord! He didn't say all things are good. If you look back at your life, you have experienced situations that you felt desperate, confused, insecure, got into excessive worrying, entered panic palace, a state of feeling hopeless, no light at the end of the tunnel. We all have! While you are going through this, saying all things work out for the good, is the farthest thing from your mind. lol Now years later you can look back and see that they did. Never ever forget this, God is always there, he never leaves us, even in the worst situation that invade our life's. We need to look at Job, as a example of horrible situations. Job was a Christian, a in tune, follower of God. In the begining of Job, God told Satan, what a great outstanding, upright man he was, course this is all humanly speaking. God used Job, as a test and Job advanced with flying colors. I want you to try to feel the pain Job went through. Then I want you to picture you seeing your family being butchered and massacred, to feel what Job felt. I think most of us would say what am I still alive for, everything I love, is gone! Satan took everything from Job. He didn't just take them away, he had them butchered so Job would know. He even put oozing painful boils all over his body. Job had to feel like the Lord turned his back on him!

Then to add more misery, Job had to contend to his evil wife and his good for nothing friends! They rubbed the point into Job while he was suffering. They asked what did you do to God, that he is now severely punishing you, as he was scraping his boiles and suffering. Then his wife said, why

don't you curse God and die! Job said these words and every Christian should burn them into their memory!

The Lord giveth and the Lord taketh away, blessed be the Lord!

That is the ultimate praise to the Lord! Under severe pain, wealth gone, sons, daughters and grand kids massacred. complete blood line gone! Your wife and friends telling you, they are no longer envy of you and all that you had!

Isn't it funny that Satan didn't kill Job's wife? He didn't kill her, as she was best one on his team! Job learned a great lesson through all the suffering. He found out that he didn't have any friends and not even a loving understanding wife! All he had was the Lord who was

beside him! If really were friends they would have reassured Job by praying for him, asking what they could do to help him in his time of need! Instead they condemned and ridiculed him, making him feel worse then he was already feeling.

I want you to imagine how many people complain to God, each minute and each hour everyday! That number has to be Phenomenal! We need to learn to talk to God, every day, not just when a crisis situation arises, where we think there is no end in sight. Talk to God , liken a best friend, saying what is

on your mind and feeling his input inside. I hate the word pray, means have to get into a special area or position. You don't, just start talking to him in your mind , he will hear you. He loves us to talk to him. While on subject, what is it with all the silence and solemn music in our churches? They should be happy and celebrating the life of our savior!

People say to me, how do you

understand God? Where did you get all that knowledge? Can I tell you the truth? Most Christians never reach God! They have been sold on Satan's doctrine! In turn God can't answer them.

We have to start by using the key, to open up God's infinite website. This password will only work, for the human race. The password again is 1st John 1:9.

Name our sins to the courtroom that we commit every day. God's courtroom is the cross for the human race. Through out the day we commit sins and by acknowledging them, God takes the sin and throws it into forgetfulness. Why? Jesus already was judged and punished for the sin, all we have to do is name it. We can't commit or think up a sin, he wasn't already punished for! We need to especially be aware of this before we learn anything that God is trying to teach us. We commit 2 types of sins. Sins we know and sins we don't know. Both are forgiven by naming sin we know. This is God's

system and as a Christian, we need to learn it. I will go into more detail later on this book. Just remember to learn and use this system. It will keep you in fellowship with God and will stop his wrath from falling on you. You have come along way if you have made it through his far. I and God are proud of you:)

Chapter 2

RELIGION and

What is religion?

Religion is anything that requires you to do something for God, In order to get something in return. Religion began in the Garden of Eden and has progressed to literally turn people away from God, Which was Satan's goal! Religion was created by Satan in order to fool the human race, in finding out who God is! Jesus hated religious people! He called them white wash tomb stones with dead man's bones. On outside nice and pretty for all concerned the role modeling Christian. On inside empty, evil and judgmental. They are the ones who live a perfect Christian life and will tell you, that you don't!

Religion make's Christian's think they are closer to God,

then someone else, in turn causing them to judge, malign, gossip and even go so far telling people how they should live their life for God!

Go to church , give money , do this or that, all under the heading of using religion to appease God!

Is there anything wrong with doing these things? No! God can only except a right thing done in his way and not ours or what we think.

He states my ways are higher from the earth to the heavens! That my friend is a astronomical number! Churches and their ministers have told us for decades, if you give monetary value to God, he will bless you with more! Whether he blesses you more or not, has nothing to do with giving. Our mind is the most difficult to control, especially if we have been oriented to believe by giving God will bless you. Ministers for centuries have taken this to mean give till it hurts and God will give it back 10 fold.

If we give in order to get something in return then what we receive is not from God. Going back to God can only except a right thing done in God's way. Mathew 6: 3-4

We need to understand giving does not make God Bless you . He blesses you every second of everyday whether you give or don't give. He blesses you on who he is , not ever on who we are or what we do. Paul said we have this war inside us, being for God or going against God. Everyday minute of the day we make a decision on what side we are on!

You give because your heart (mind) is filled with God, not to get something from God. If doing it to get something from God, Jesus states, you already have your reward.

You give of your time, going to church, giving money, to be obedient and respectful to God, once again. God doesn't need your money! Think about this? Would you rather God give you money instead of protecting your health or having a loved one die? My point is, he blesses us in a huge way by thinking or saying he gives you money because of what you did is blasphemy!

I know Ministers don't want to hear this but it is true!

God wants to see who is important to you, money or God! The world consists of money, lust, perversion, greed, causing your brother or sister to stumble, wealth, possessions, judging, gossiping, maligning, bearing false witness, coveting and now we have modern tree of knowledge of good and evil the internet and cell phones!

All of Satan's devices to keep us occupied from God or away from God! God gives us Eternal life, all our heart desires, living with God with no strings attached! Just for saying at 1 point in our life. Father I am believing in Jesus Christ! You are saved for ever! Now if you have been ordained by churches this goes against your grain. Just keep reading God will make it clear to you.

God gives every second of the day. Your Health , right down to the micro cell of our body. He gives us tranquillity of mind, protection of our family , friends, food, water and shelter and monetary value to exist in Satan's world. He even gives us a guardian angel to protect us.

God doesn't do this because of who and what we think we are or what we do!

He does all these things because of who he is! Alpha & Omega!

If you can grasp this, you are on your way to being filled mind, body and soul with God!

Does this mean you won't sin and have sinless perfection? Emphatically NO!

We are human, we have a sin nature. We also have our flavor of sin. Sin does not send us to hell! Repeat, Sin does not send us to Hell! What it does is kick us out of the plan of God for a time until we get back in. How do we get back in? By naming our sins to the courtroom of the cross. Not feeling sorry for them or the lie of all lies telling God will never do that again! You just say Father I did this and this and this please forgive me and go on. It is called rebound like in basketball to get the ball back or to get you back into the game and moving forward in the plan God has for you life.

The cross is where God the Father judged all the sins past,

present and future, that any human will commit. Jesus did it all , all we have to do is acknowledge those sins, to God. This brings us right back in fellowship and we continue our walk in his plan for our life, where we aren't quenching and grieving the Holy Spirit! Whether you decide to acknowledge your sins or not does not send you to hell! Repent doesn't mean to feel sorry for sin as we have been told most of our life! It means change your mind, as to what you think about Jesus Christ. In other words you repent by believing in Jesus Christ, change your mind towards Christ. Once you have did this, the famous word Tetelestai, that Jesus yelled out on the cross comes into play. It is finished now and forever. He said this after the entire human race sins were imputed and judged on the cross!

God designed this system and everyone needs to learn this. I will go in more detail later in this book.

Do you know we can't even glorify God in these bodies? Not even on our best day can we glorify God!

Paul states very clearly, All have sinned and come short of the Glory of God! The key word is All! Jesus makes it clearer in the upper room. I will send a mentor a teacher who will teach you all about me! He! Not us, The Holy Spirit will glorify me! The true definition for the unpardonable sin! Leaving the earth without believing in Jesus Christ! The Holy Spirit Teaches all things about Jesus Christ! If you blaspheme the Holy Spirit, means leave this world without Christ!

In the Old Testament, the practice of sacrificing animals for your sins was a common occurrence.

Our Lord hadn't come down to earth to be the sacrifice for man kind. Animal killing was to give them a glimpse, of what the coming savior would have to go through on the cross. Also to give them a rain check to pay for their sins, so they would stay righteous in the sight of God. This would enable them to carry on his work by being in fellowship with him. This rain check satisfied God's righteousness and justice until Jesus went to the cross, as the perfect lamb of God! It was also guaranteed they would live in harmony in eternity with perfect God! We call this in theological terms, as shadow Chistology, BC (Before Christ)

The Old Testament saints knew that God was sending his right hand (our Lord Jesus Christ) , the God - Man to the earth, in order to save mankind!

This was actually stated in The Begining of Genesis. The fall of Adam & Eve!

Genesis 3:15

. To the serpent(Satan) God says, in part, "And I will put enmity (war, competition) between thee (Satan, demons, the world) and the woman, (Mary) and between thy seed (seed of sin,(Cain) caused by Satan) and her seed; (Jesus Christ the uniquely born, God man coming out of the womb through Mary)

Jesus Christ shall bruise thy head, This is a picture of Jesus crushing Satan, the head of snake, in the final days. The end of the human race, welcome the Beginning of eternity. Time was started for this purpose, competition, between Our Lord and Satan. This is talked about in the Beginning of Job. In eternity past there was no time. It states a blink of God's eye is a thousand years. Satan will bruise his heel, (inflict pain of a snake bite (Satan's bite) on lower extremity, heel spreading of poison, (our sins) throughout Christ's entire body!) Taking on the entire human race sins. He who knew no sin was made sin for us. The Tola worm)

Thou shalt bruise his heel with our sins. Jesus will be literally crushed with our sins! Reason blood came out of his pores in the garden.

Genius's 2 tells about when time started, by the making of man. God made man on the 6th day, 6 hour , 6 minute, seconds were not known about then. Thus the number of man, 666! Satan uses this, as he despises the human race and wants us to think of ourself as animals with out reasoning or understanding. Through his ingenious ploy of Evolution, taught in our schools all over the country or Just being a f\$&cking number. Making us to be l,no where near his status with his magnificent mind! Paul states he is mad as hell! He runs around like a roaring lion (emperor of the world) seeking to whoever he can devour! He is infuriated Because Adam and Eve didn't get sentenced to hell, for thinking they were above or equal to God , as he and his demons did in

eternity past. The real reason for his demise to the lake of fire! Satan actually thought he won the battle between him and the Lord which would change the outcome of him and his demons sentenced to hell in eternity past. The Lord had it all planned and said it's only just begun!

Satan laid his eternal life and his followers on the line for eternal damnation! His position In heaven, a brigadier General, his glorious title right underneath the God head, guardian of the throne. Satan was a cherub indicated by 3 sets of wings. This showed his rank as commander of all angels. Most angels don't have wings. They are not made to fly around, as they are portrayed. Satan was so arrogant thinking he could be like the most High! There is a glimpse in the 5 (I wills) , In Isaiah 14 : 21-27.

He is doomed to spend eternity in the lake of fire. Where there is gnashing of teeth and excruciating pain that never leaves or diminishes! Picture burning up with fire a trillion times hotter than sun and feeling everything, where the flame it is never quenched with continuous unthinkable horrible agony, where you don't lose consciousness!

Jesus because of our sins, was crushed like the Tola worm on the cross, only he felt that excruciating agony for 3 hours, worm felt it for nano second! I will go into this later.

God has set a secret time that this competition between Satan and himself will end! This will be the time Satan and demons will be tossed in lake of fire. Jesus states this so well

in Mathew 25:41

Hell was prepared in eternity past for Satan and the demons. Notice what it doesn't say. Nothing about being prepared for humans! Our Lord will go far and beyond to make sure his flock (human race) goes to heaven under his saving work on the cross! He states I will leave the 99 sheep (believers) to fend for themselves and go after the one (unbeliever! Who would do this? Would you leave 99 healthy sheep that could be torn apart by hungry packs of wolves, to go save 1 lousy sheep? We would all say well it is just 1 sheep. I still can probably make up the cost of loosing it when I sell the others. Old saying 1 in the hand is worth 2 in the bush. In this case the 1 sheep caught is worth as much as the 99 maybe even more in God's sight! The Lord knows he isn't going to loose the 99! No matter how they sin or how badly they mess up their life's! They are his forever! This is why he is called the Great Shepherd! Think about if he lost his flock, how could he be called a great Shepherd? For the joy (all of us, the world) that was set before me, I endured the cross! What does this mean? Once you make a decision in saying Father I am believing in Jesus Christ you enter the 99 sheep forever and you can never be lost again! You will face no judgement day and will live with Our Lord Jesus Christ for eternity! Not by anything you did (remember we are sheep) but by what Jesus did on the cross! Praise be to our Lord Jesus Christ above all! King of kings and Lord of lords!

What is amazing he can have Satan and his demons babysit

the 99 and have perfect peace of mind knowing they are his! He can literally put them in Satan's hand and he can't loose them!

Paul who was Saul, killed many Christians, in fact the only way he would listen to the Lord was to be blinded! He stated fact:

I am convinced height God himself or the angels above.

Depth Satan and his demons

Width Satan and his many devices called the world. You can't be voted out, no one will pluck you out of my hand! Not even you can pluck yourself out of his hand! Once you are his, you are his for eternity! That my friend should give you the joy, peace, happiness that you have been looking for, for a long time!

Continuing he (Satan) will bruise his heel!

, (inflict pain of a snake bite (Satan's bite) on lower extremity, heel spreading poison, our sins, through the entire body!) meaning the entire human race sins. He who knew no sin was made sin for us. The Tola worm) and thou shalt bruise his heel

Jesus resurrected from the cross. He did all the doing!

The doing was over, when Jesus took the awesome pain on the cross and rose to heavens to stand in front of the Father. The doing was over! The Father said to Jesus, who was beaten to a pulp, his face not even recognized, as him, blood

pouring through the holes in his hands, feet and side, YOU!!! I am well pleased, sit at my right hand and I will make your enemies your foot stool! Clue! Deity can not sit only human. God added human to his perfect characteristics! That is when Jesus sit down on the throne and became God in the flesh!

Chapter 2

How does God Bless you?

God Blesses us, when we take a breath the next morning. He blesses the righteousness (the believers) and the unrighteousness (the unbelievers).

Mathew 5:45

Father which is in heaven: for he maketh. his sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust. ... Father who is in heaven

He blesses us on who and what he is, never on who and

what we are or think we are!

Satan is in charge and created religion, He created religion, so we wouldn't know who the true God is or what his magnificent plan is, for the human race. Our churches to this day are still full of religion! It started when Adam and Eve put clothes on. Adam and Eve were naked in front of God's sight. They were frolicking, having sex and naming and making pets of animals. Believe it or not, sex was not for procreation at that time, it was for recreation, as it states so clearly in the scriptures, after the fall. Genesis 3:16

To the woman he said,

"I will surely multiply your pain in childbearing;

in pain you shall bring forth children.

Your desire shall be contrary to your husband,

but he shall rule over you." In God's eye, child birth was for punishment, not for Blessing! Many parents can testify to this! lol

Paul states it the best Romans 8:28

And we know that all things work together for good (all things are not good) to them that love God, to them who are the called according to his purpose.

The Lord, later (Jesus Christ) would come down in the cool of evening, every evening, to teach them God's Word, as they

didn't have a Bible. God the Father, looked down on them with Joy, being naked, having sex didn't matter.

Then Satan the perfectionist,

entered the picture, by possessing Eve's pet, a serpent, starting in Genesis 3. He convinced them to take a bite off the forbidden tree and land of paradise ended for both of them, as Religion came into play.

Adam and Eve covered their genitalia, as they felt ashamed and by covering, thought they could be equal again and talk to God, thus we have religion! I will expand on this further, later in more detail.

Religion always tells you that you have to do something to be favored by God! Religion always has exceptions to the rules! With God there is only one rule, believe in Jesus Christ and thou shall be saved!

Jesus never said anything good about religion. He called them nice and pretty on outside and full of dead man's bones on inside. He said they are white washed tomb stones. You have probably ran into several in your life. There the ones who tell you how to live your life, as perfect as they do, of course you are not and neither are they! I call these people religious morons, as they are unaware and flourish in Satan's kingdom. They are by far the reason most people turn away from God and get involved in Satan and his many devices.

Christianity is Not a religion, it is a relationship between you and God only. Liken too a best friend, only he is the

perfect best friend and will never let you down or betray you!

Satan tries on this earth, to push Christianity into religion! Our churches are full of religion! People say, you can't talk about politics or religion, calling talking about the true God, as being religion! They even compare Christianity to politics, how in the hell did that happen? Don't talk about politics or religion! It's Ok to talk about anything else. What a crock!!

The Plan of God For The Human Race

How do we get to the facts about God, with so much against us? Religion, science and demonic power on this earth! Science by the way, only exist because of the faithfulness of God! If you notice science is in omni/science (omniscience) which is one of God's characteristics of all knowledge. Example Newton's law of gravity, only is true because of God's faithfulness. Otherwise we would all be floating! There really is no logical explanation that can't be undone! That is why we have hypotheses and theories to explain what really happened. So when it changes we don't look like a fool! LOL

Yet no one on their death bed ever was recorded as denouncing God's word, as being untrue! Not even the disciples or Christians from the past! In fact everything God has written has never been refuted!

We have to look at God as a perfect formula. If it doesn't fit in this formula it is not from God! Take it to the bank!

A+B+C=God

We can say a Chain is only as strong, as it's weakest length. You have been told all your life that you are part of God's plan. Well I am here to tell you, you are not! If we are part of God's plan, then we would be the weak length in God's perfect plan! God's plan is perfect, just as he is because of his perfection, we are not part of his plan. When we come to believe in Jesus, we enter or step into his plan. The plan was completed, after Jesus ascended to the heavens and opened the gates to the human race. A lot of people don't want to believe this but the doing for us was over!

Jesus Christ is the unique person of the universe, as he is God-man, His title Lord(deity), Jesus(humanity), Christ (anointed one. Thus Lord,Jesus,Christ.

He died (spiritually) not physically for our sins, so we can live in eternity with the Father which is him! Christianity is the only church that died for your sins! Why? God will not allow it! You can't name one! Indicates a supreme being.

Christianity teaches believe on Jesus Christ, this in turn will solve the sin issue, as he redeemed each and everyone of us on the cross, from the slave market of sin. By one simple act of believing in Jesus Christ, any point of our life, we will live with God for eternity! This is what the true word Gospel means, the good news. This does not mean that you enter into sinless perfection, as you still will sin, we are human and

have a sin nature and volition (free -will) to sin. Our sins and transgressions, does not change the love God has for each and everyone of us. Why? Because it doesn't depend on us or our actions! As you go through life Never forget this!

Christian's are under bondage because they are not educated to this fact, that once they are a Christian, going to the so called great judgement day or Lake of Fire, is never going to happen! Why? This would call God a liar! Perfect God can not be a liar! I will go into more detail later. Just remember for now that God can not give you salvation at 1 point in your life and take it back away from you at another point in your life! Even if the sin is the worst you could possibly do and God wanted to take salvation from you! He can't why ? Because of his perfection! God could not be God, if this changed and once upon a time fairy tale called the scriptures would be a worthless book.

Analyzing God, we can say God is perfect and everything he does is perfect. So we can say the human race does not = God!

Jesus states, no one comes to the Father except through me! Once you believe in Jesus Christ at any point in your life, you enter in God's kingdom for eternity, your sins and transgressions or how bad you mess up your life, has nothing to do with this! Note, once you make this decision you are saved forever! So the formula is, (human race + believing in

Jesus Christ) = God! It is the only way, that we fit in the formula.

There are only 2 types of people on this earth only 2 , never forget this! Believers in Jesus Christ and unbelievers and no others. You believe by a non meritorious decision, by believing in your mind on Jesus Christ. Jesus said come to me as children. Remember as a child you were adding tons of words to your vocabulary and you believed these words as it came first from reliable source like you parents and then in school from teachers and the books they provided. You believed and built a vocabulary to communicate. You might of added Jesus to your vocabulary at a early age and you were saved. You probably didn't understand that he died on the cross for your sins but you believed as someone told you he was the son of God. Like you didn't know the intricate parts of your hand but you were told it was your hand and you believed and called it your hand. It states in the scriptures I gave them salvation, even to those that believe in my name. You then enter into God's plan forever! Jesus came to earth as a man, to take the awesome power of God's righteousness and justice from him! As far as the human race goes, we will never feel God's Justice as a believer. Therefore we in turn receive his love, as his righteousness and justice were satisfied on the cross. Don't forget though, as a loving father he also punishes us, if we get out of line. Hebrews 12:6 states, I beat my own with a scourge of a whip. Scourging means, he takes the skin off your back! My own,

means Christian. If you look at your life, you can probably find many times where this is done, we all have believe me. It doesn't change the love God has for each and everyone of us. No matter how bad or other's say how bad we mess up our life. His Grace or mercy still covers us. We can do nothing good or bad for his love and we can do nothing to hold or keep it! We are loved in spite of our faults, short comings and sins. Again because of who and what God is, not who and what we are, or think we are. Not even the Pope, minister or the best person out there deserves this! God gave it to us, no strings or doing anything for it.

In Acts 10:34 Then Peter opened his mouth, and said, Of a truth I perceive that God is no respecter of persons. This is good news! What this means, we are all in the same boat with God! None of us are better then anyone else, as far as God is concerned.

Jesus Christ opened the door or the gate to the human race, to God and his kingdom. Do you know before that happened, there was not one human in heaven? All the Old Testament saints and people who believed in OT, were in a place called Abraham's bosom or paradise. Jesus states this fact by saying to the thief on the cross. Verily I say to you, that you will be with me in paradise! Not one human was in heaven, as none of us could take on God's awesome power, of his Righteousness and Justice. Not until Jesus came off the cross, rose again and then ascended to heaven to meet the Father. This is the true meaning of Easter! Not a rabbit with a

bunch of eggs! We hear this today, as Satan slithered his Web of lies, into the true meaning of Easter. The rabbit and eggs represent the fertility god Aphrodite, not Jesus Christ! I do not mean to stop you or deny your kids from the Rabbit and Easter eggs. This is FYI- just let them know the truth, when old enough to understand.

Easter is not about he is Risen taught in our churches! It is about he opened the gates of heaven to the human race! It is sad that 99.99% of the Christians and their Ministers, don't know this! If you don't believe me, ask a Minister or Christian what is Easter all about! Then you can realize how Satan fools us!

Jesus ascended to the heaven as the perfect specimen of the human race. He finished what Adam failed to do. This is why he is called, the last Adam. He stood in front of the Father, with his face smashed and unrecognizable , holes in his hands, feet, and side, blood covering his entire robe. God the Father said, You! I am well pleased with, sit at my right hand and I will make your enemies, your foot stool! There are 6 enemies of the cross, here they are in order!

1.Satan prince of darkness! Adversary to God. Real reason for human race.

2.Fallen Angels (demons that Satan is in charge of)

1. Religion, teaching what you can do for God, then what God has done for you! Using God as a genie, do this to get blessings, do this to turn God against you. Example praying, giving money, going to church, or living a so called Christian life. Don't get your panties in a wad! All the above things are good, if used in right frame of mind. If your frame of mind is God owes you something, if you do these things , or say least I am better then the average Joe, as I do these things and they do not , so I am closer to God then they are! If you did get upset, that my friend Is deep seated religion! Just continue reading and God the Holy Spirit will answer for you! You have to understand God blesses us on who and what he is, never on who and what we think, do or say we are! A great example of this is the Prodigal Son which I will explain further, in a chapter. I wanted to expound on this a little more. You love your spouse on certain conditions. He or she provides for your body, soul and spirit. They have a job , isn't into beating you emotional or physical, has a healthy physical relations with you and is there to comfort and nourish you, in time of need. You love them under certain conditions. Your love grows stronger over time which we say is true love! God never unloved us, his love never changed with time or what we do or say! He loves unconditionally where we love conditionally.

2. Believers (Christians)out of fellowship, quenching and grieving Holy Spirit. Living in cosmic system, a diabolical system set up by Satan, to keep us from knowing the

truth! Basically to keep you out of the plan of God. He is so intelligent and divisive, that he makes these people think they are living for God! They are called walking dead or carnal Christians.

3. Unbelievers, this is the human race that Left this earth without believing in Jesus Christ or believing he was a prophet, something other then the messiah

4. Death! No more sorrow pain and no death, living with God for eternity.

Jesus was the perfect human specimen, as a unblemished lamb, without sin, stood in front of God the Father. He satisfied God's justice and righteousness, therefore we as humans, only feel God's phileo love, his intimate love. A love of a spouse or the children you bear, is how God Love's us. Only his phileo love is perfect and never wavers. His intimate live doesn't depend on our actions, it is unconditional intimate love. We receive this once we become a Christian, one of the 40 events that happen in heaven.

This is why Jesus told the disciples do not touch me, as I haven't ascended to heaven, to meet the Father. This is the real reason we celebrate Easter! None of us was good enough to be in heaven with God, until that happened. As soon as Jesus sat down at the right hand of Father, he became Supreme Commander, God mixed with the human form of Jesus Christ and became a human God because deity, can not sit. As he

was seated, all the old testaments saints and those dead in Christ arose into heaven. Jesus opened the gates wide open to the human race! This also added human, as a ingredient to God's perfect character, as Jesus will reign for eternity, as God man.

Now if you are into or have been into religion, you have never heard this before. Right?

So why is this you may ask? Let us go back to eternity past, maybe this will help clear up the confusion that plagues most Christians today. Before I get into it, let me ask you a question? What is the most precious gift God could give to any of his creatures? Now a creature by definition has a beginning and has a end. This includes Angels and of course us , the human race. Where we know, God has no beginning and no end. He always was, as the scripture's state This gift is more precious then jewels, gold, diamonds or wealth of the world. Again what is this most precious gift, besides life eternity? Give up?

Free will, this gives us reasoning and understanding skills, otherwise he would have made us all robots and why would we want or need precious jewels etc?

The angels also had this free will, as we know that 1/3 of the angels betrayed God, using this free will , Found in Revelation 12:4. In eternity past Satan used his

free-will and as a result, the reason why we are here on this earth. Did you think it was because God was lonely? LOL

God gave all his creatures the ability to decide to be for God or against him. This is most precious gift he could give or bestow on any of his creatures. Worth more than wealth, fame, popularity or any of our heart's desire. Otherwise the angels and us would have been robots and none of the above would matter. Isaiah 14:13-14 gives us a glimpse of what happened and why God brought in the human race. Before we tackle Isaiah, we have to go back to Genesis 2. When God the Father stated amongst himself, let us create man in our own image. This indicated clearly, that there is more than one. God had a problem with communicating this to us, as he had to talk to the babies as well as the PHD's, as God only does things once. Paul said we are fed by the milk of the word, as in babies, instead of solid foods! We have to use our minds to come to a conclusion, of who God is. When we look at God and all he is, we have to say that God is infinite, meaning he is being forever in space, time and all power. Let's look at definition for this word.

Limitless or endless in space, extent, or size; impossible to measure or calculate.

This explains a being, that virtually can't be explained. We are said to be finite meaning, we have limits and boundary's of what we can do, or can not do.

Know God, know God's system, it is his system, Not OURs!! God made this system in eternity past to save man-kind in-spite of our sins, transgressions and failures. We all have them, there is not one of who doesn't.

Before we can get into God and all that he is, we have to open his book and our minds with the key! Every time you open it, you have to remember to use the key.

Everyone one of us that is human has this key but we don't know we have it . Satan and his angels can not get to it, it is a perfect key and most of the world doesn't know that it exist. It is 1st John 1:9 which I will get into.

You ever wonder why we have so many religions on the same book and even with all our vast technology, it still hasn't changed! Jesus stated there is one God and one truth. If this is true and it is, then why do we have so many denominations? Because man over the years has tried to understand and explain God because of his human knowledge and intelligence and God is not on that realm. Each denomination has his or her own spin on things and after reading the Bible several times, came up to their own conclusions. What they don't understand is they are finite and God is infinite. Their environment, taboos, education and the way they were raised, has nothing whatsoever do with God or his word. God's word requires a key and most don't know it exist. Therefore as result we have religion at it's finest. Religion was created by Satan to keep the human race from understanding God and all he is.

The key came into existence after the fall of Adam and Eve, there is only 2 places where the key is mentioned in scriptures once in the OT and once in the new, It deals with angelic conflict which we will go into later in this book. There are

many mechanics of using the key in many scriptures, but 1st John 1:9 explains it well.

When Adam was created, the Lord gave the earth and all that it is, to Adam.

Adam sinned by taking a bite of the forbidden fruit, this caused the earth to be given to Satan lock, stock and barrel! It was the same sin of Satan's. Thinking they were equal or in same level as God! It also brought chaos on the earth and the perfect garden was no more. Because of this we take on Adam's sin, as soon as we are born. It states through Adam all must die! This doesn't mean physical death, as Adam live 925 years after his fall but spiritual death, that he could no longer talk to God because of God's perfect characteristics. God loved Adam but he also wanted to judge Adam for being disobedient. This was the reason for a savior and brought the key into existence.

The key is talked about in 1st John 1:9.

It states if we confess our sins , he is faithful and just to forgive our sins and cleanse us from all unrighteousness.

The problem we have is the word confess, it doesn't mean to feel sorry for sin as a lot of us were told. It means to sight or name your sins to the courtroom of God. I want you to get the picture. Jesus Christ was hung on the cross above the earth and the entire world's sin was imputed to him. He who knew no sin was made sin for us, that through him, have eternal life. God was in the heavens and Jesus was on the

cross and we are on the earth. We are dealing with the ultimate perfect courtroom. Jesus is on the witness stand (the cross), the courtroom is the human race, God the Father is on the bench, in heaven. Jesus is taking the punishment of all our sins and telling God not to convict us, to convict him for us! Father forgive them, as they know not what they do!

So if you are a believer in Jesus Christ, he is the arbitrator between us and God.

Defined as: An independent person or body, officially appointed to settle a dispute.

Because of this arbitrator, you name or sight the sins, you committed privately to God and you are in fellowship with the teacher of the truth, God the Holy Spirit. Why? Adam knowingly betrayed God. So you say your sins to God that Jesus already took the punishment for. The sins you don't know you committed but are still sins to God, falls on Eve, as she was deceived to sin, unlike Adam who knew he was sinning. Both are sinning to God, as there is no difference! Adam knew it and Eve sinned but didn't know it but they are sins to God. Everyday we commit sins that we know are and we also commit sins that we don't know are sins but we commit them any way. Guess what, you don't even have to feel sorry for them or tell God something stupid, like you aren't going to do them again! Now you are lying to God which in most cases is even worse then the sin!

Paul states it this way. I have a war inside me that is trying to get out! Paraphrased. As a Christian we name ones we know are sins and ones we don't know are automatically forgiven as well. This is God's system to deal with the human race and our falls and short comings and sins. Once you do this you are in fellowship with God without blemishes and therefore The Holy Spirit can teach you the truth, when you hear or read the scriptures. This is God's system and it is the perfect key to God. The angelic race of Satan and his demons can not get to it. Why can't they? Jesus died spiritually as a human, for the human race, not angels! Satan and his angels are not flesh and blood, therefore they can name their many sins because they are angelic, not human, they don't fit in the system. I also want to reiterate that even as a Christian, you decide not to name your sins. You can not go to Hell! You are a Christian regardless of your sins and short comings, whether you name them or not doesn't change this fact. The key keeps you in the the Plan of God only. This entitles you to his escrow blessings and most important, his fellowship. Behold I (Jesus Christ) stand at the door and knock. If you open door (by naming your sins) I will come in and sup (fellowship) with you. I also want to say the human race is Not condemned because of their sins! Jesus took every sin of the entire human race whether you believe in Jesus Christ or not does not change this fact! You can only be condemned for not believing in Jesus Christ, as your sins and their judgement was paid for on the cross! This is why there is no judgement book! There are 2 books one is called Book of Life and the

other is called the Book of Works. Book of life, every human being when they are born, are written in this book. If they leave this earth without believing in Jesus Christ their name is blotted out. If their name is blotted out only, then another book is open that shows the good deeds this individual has done with his or her time on earth. It all is put before them in heaven and it still ends up with minus Righteousness. Minus God's Righteous can not have fellowship with them. So therefore by their own volition or free will they are cast in the lake of fire! Because they refused to believe in the arbitrator (Jesus Christ) This is also called the unpardonable sin or blasphemy of the Holy Spirit. Remember Jesus told the disciples in the upper room, I will send a mentor, who will teach you all things about me! This is The Holy Spirit who teaches the truth, about Jesus Christ. This is why Jesus said in the Garden of Gethsemane. Father if it be thy will, let this cup pass before me,not my will but your will be done. In other words if you don't let Jesus drink the cup, you get to drink it! Try to find a Minister who knows that! It is pitiful!

That why it states so clearly. If you reject the son the wrath of God abides on you!

Formula -R does not = +R

I know most have not heard of this and we even have Christians that actually think they have reached sinless perfection. This is a lie from the depths of hell. Read 1st John 1:10! It states: if you think you don't sin, then you make God a liar and you have no truth! In other words you are flourishing

in Satan's system and he is your ruler! Even though you may think it is from God, as Satan loves to duplicate God. In the scriptures, YOU (Satan) who deceived the whole world! This is his challenge for the human race. Without knowledge, you are like a ship without a rudder on a stormy sea!

Do we really know who God is? In order to understand this we have to analyze God.

If we look at God, we have to say he has a thinking part, he has a creative part and he also has a communicating part. We can term this in algebra $[X+Y+Z=God]$

X we will call God the Father. (Thinking part)

Y we will call Jesus Christ [NT] or The Lord [OT]. (Creative part of God)

Z we call God The Holy Spirit. (The communicative part of God)

All 3 equals, all powerful God.

It states in Genesis 2 let us make man in our image, because woman was not created yet but she fits in this formula.

If we look at mankind, we have a thinking part, we have a creative part and we also has a communicative part . This fits the above formula, as it is not this casing, we call a body.

God is made up of these members and so is the human race. We consider ourselves as one and God also is one. When you

look in a mirror, you can see yourself as one but you are actually made up as members. As you have a brain, 2 hands, 2 feet and a mouth.

So we can say God is one in essence but he has 3 very distinct members that equal God.

God has these perfect characteristics.

The first one being Love. If you read the Preface, how can we attach humanistic love on perfect God ? We can't!

The problem is God is infinite and we are finite or God is perfect and we are not. In order to see who God is, we have to look at what we see, feel, touch, smell, taste and the 2 hemispheres of the brain. This is all we have to work with. Where infinite God is not on that realm. As he states my ways are higher then the earth to the heavens my thoughts then your thoughts.

Using our own empiricism we can discover who God is.

You love you hands as much as you love your foot. Now you have never thought of this but they have been with you your whole life. You love them more then you could love your spouse or off spring. Why, because they are with you 24-7 no matter where you go , they are there. Your spouse and off spring are not. I am only using this so you can understand God. If there came a time in your life, like bombs bursting and your hand was stuck and had to be severed to save your life, you would have to think serious about it. Why? Because your hand has been with you and the first thing you saw coming

out of your mother's womb!

It is a love no one can get any closer to than you.

So when it states in the scriptures that God is Love. This is God's absolute Love. This is the love between the brain (GTF) Jesus Christ, creative part of God (GTS) or his right hand, called the arm report in Isaiah and communicative part of God (GTHS)

No one can touch this Love! As no one can get as close, as your hand.

This = XYZ concept above.

Each one of the members have the same characteristics and can work independently of each other. I'm going to outline the characteristics of God and then explain each one. Just remember each one in the God head XYZ factor has the same. When Jesus stood face to face with God, his formula changed! Now it is XYZ+human = God.

LOVE:

A Absolute Love XYZ CONCEPT , this love is untouchable by any creature. Just as the love for your hand is untouchable by any of the human race. This is Love between the thinking part, the creative part and the communicative part. X-(GTF) + (Y-(JC))+Z-(GTHS).

B Phileo Love, this is the Love God gave to 2/3rds of the

angels who didn't betray him in eternity past and the Christians. Once you believe in Jesus Christ at any point in your life you enter into God's Phileo love. This is his intimate love, as you love your spouse or off spring. Our love is imperfect where God's Love is perfect. Once this is reached, it never changes, no matter how you fail or sin in this life! In Revelation we are considered the bride of Christ. As a husband would lay his life down for his wife to live, Jesus laid down his life so we would live with God in eternity!

C Agape Love, is impersonal love for all mankind. John 3:16 is this love. A total love for the entire human race, called the world.

It's like you stop at a stop sign, as to not to injure yourself or anybody else. Even though you don't know them, they are part of the human race and deserve your impersonal or agape love. Jesus stated this the best. After they spit, mocked him, took skin off his back, threw salt in his wounds, put 2 inch thorns in his head, then stood him up, smacked him in the face till he was not recognized, then spiked him to a piece of wood or cross. He said Father forgive them, for they know not what they do!! This was showing his agape love, for the world!! John 3:16 falls into this love.

Justice, God see's black and white. He doesn't see any different or what we call a white lie. His justice is perfect, as

he knows both sides. Jesus came from heaven because of this! For it states he who knew no sin, was made sin for us, that through him, we have eternal life. Man could do nothing to him compared to what God did on the cross! Jesus stated that he felt like a worm of a man. I want you to see the picture vividly! The worm he was referring to was the Tola worm. This worm was literally crushed for its blood. Rome would take big wooden vats suspended, put thousands of Tola worms in them and use a device similar to a wine press, to smash them until they became a liquid blood. The blood would go down a trough, was then used to make a dye called crimson red, that was used for the royalty in Rome and their armies. This is what Jesus felt like, when he was taking the sins of the world on his body!

It states in the scriptures that Jesus created everything that was or wasn't. He is the creative part of God. He created the heavens, universe, stars, Angels and planets with his little finger. Jesus is the right arm of God, called the arm report in Isaiah. In other words he created everything with his little finger but it took his whole arm to come down to the earth and be sacrifice for us! That is a awesome amount of power!! Jesus was literally crushed with all the sins of the world. He had to use his entire arm as God to suspend himself on the cross taking our sins! His humanity couldn't do it! He used the Tola worm that he created, to let us know the punishment that God let him endure. He felt like being crushed like that worm! He took every sin past, present and

future that the entire human race would commit and endured the punishment of each and every sin that we would ever commit! Even the people who never believed in him, he had to endure their sins as well!! The difference is that the Tola worm died instantly but Jesus didn't, he stayed alive and endured the excruciating pain that the worm felt, just before it died! He felt this incredible pain for 3 hours on the cross! No wonder Jesus had blood coming out of his skin in the Garden of Gethsemane. He said Father, if it be thy will, let this cup pass from me. Not my will but thy will be done. Jesus knew exactly what he was going to have to endure, to save the human race and the humanity in him said no but the God in him said yes. For the joy (us) that was set before him , he endured the cross. Did we deserve it? No not one of us, not even on our best day! This was a gift to the human race to be able to live with God for eternity. It breaks my heart that people , Ministers think because of some sin that shocks them that they can change what Jesus did for each and everyone of us. Your life or mine doesn't effect God's plan one bit. He did it all, we can not even tip the waiter, so to speak. Lest any man boast, as we can't do that either. How do we obtain this free gift? By believing in Jesus Christ , who is our personal arbitrator between God and mankind.

Let us look at believing and what it really means. I have heard scholars and Ministers try to explain this and it is literally pitiful!

When we come out of womb and start talking a few words

and your mother says this is your hand this is foot and so forth. You basically added them to your vocabulary. You didn't know all your hand could do, or the workings of it but you believed it was your hand, as you believed the person telling you that, like your mother. Then when you got a little older you went to church or heard this song, Jesus loves the little children , and you added Jesus to your vocabulary. Isn't that amazing you still remember that song!

When you sang a song that says Jesus loves me , you added Jesus to your vocabulary. Like a chair, book, wall, fork or spoon, you were then saved for eternity!! In other words you added him to your vocabulary with nothing else added. You were saved! Just like your hand , you didn't know all about Jesus, except he loves you. You didn't feel, see, touch ,hear or taste it! It wasn't a emotional sensational feeling. There are many events that happened in heaven, when you added him. Number one you were entered into heaven and given eternal life with God. Your name that was already in the book of life when you were born, can never be blotted out. Just by believing in Jesus. John 1:12

But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name:

John 3:15

That whosoever believeth in him should not perish, but have eternal life.

On this earth you actually wear inside you, God The Father, Jesus Christ and God the Holy Spirit, that you belong to God! This indicates to the angels and fallen angels that you are saved and safe from Satan and his demons, as far as becoming possessed, by a demon. Greater is he that is in you, then he that controls the world!

1John 4:4:Ye are of God, little children, and have overcome them: because greater is he that is in you, than he that is in the world.

Notice it states little children.

Righteousness, this is the other part of justice. Whatever the righteousness of God condemns, justice has to come out and judge, there is no choice. Both the justice and righteousness, equal the Holiness of God in the scriptures. We actually have people who think they are holy! Like Pope and several characters who have come and gone, think or portray they are! They might have holy socks, that is about as close as using the same word to describe God! LOL

The problem with holiness, that this old acronym, it is not defined as pertaining to God and hasn't been for centuries. If we put in today terms that we can understand, we can say that the justice and righteousness equal the integrity of God!

Righteousness is defined as "the quality of being morally correct and justifiable

This means no one has God's perfect integrity, not even the writers of the scriptures. Why? We lust, lie, cheat, judge and gossip. Even if we don't do outward we do inside, as Jesus states. If you think it in your mind you have done it, as far as God is concerned.

Even if you think In your feeble mind you have Never done these, you were already condemned at birth! As it states all have died (spiritually) through Adam and his sin.

Paul states: All have come short of the Glory of God! So we all are behind the eight ball as far as God is concerned.

Voracity, means that God can not tell a lie, period! This also means God can not give you something like being a Christian at one point in your life and take it back away from you at another point in your life because of something you do or don't do later in your life. This would call God a liar and perfect God can not be a liar!

Paul who killed many Christians until the Lord blinded him, stated it this way. I am convinced Height, God himself or angels above. Depth , Satan or his fallen angels. Width, you can't be voted out by earthly or government systems. No one will pluck you out of my hand! You can't even take yourself out, even if you wanted too! Conclusion, once you are his, you are his forever. You can turn your back on him, as many will. He can not turn his back on you. That is why I say everyday, thank you God for being who and what you are!! Once you

are in, you are in forever! No such thing as back sliding and going to Hell! This is opinion or taboo from uniformed churches and their ministers and not from God! This means no matter how we fail in this life or how many sins, even if it shocks you or someone you know. You have eternal life with God because of believing in Jesus Christ! Who is the arbitrator between God and mankind. That is why John 3:16 in the original states: For God so loved the world, (his agape love)that he gave his uniquely born son, (God and Man or God/man) that whosoever believeth on him has eternal life with him.

Immutability, this simple means that God is unchangeable, so to speak, he has no eraser on his pencil. That the entire human race and what we do,does not interfere with his immutability! His entire plan for the human race is set in stone and won't change because of his immutability.

Omnipotent,XYZ have and are total power. There is nothing more powerful then God.

Omniscience XYZ have all knowledge they know the beginning as well as end. As it states in the scriptures, He knows everything that was or wasn't. In heaven ask what would have happened,if I would have married that kid in seventh grade? Now that didn't happen. God could tell

you ,your life , your kids life and their kids all to infinity! Because of God's omniscience he saved man kind! God looked at every sin the entire human race will ever commit and put in a file in his awesome mind. When Jesus was hanging on the cross, he opened that file and gigabytes of sins and their punishment was imputed to Jesus Christ! He was literally crushed with our sins until blood came out of his pours as the Tola worm.

Omnipresence , they are everywhere there is no place they aren't. In Ezikio: no matter what galaxy I'm in, you are there. No place, light or dark that God isn't there.

Sovereign, They are the commander's of the Universe and everything in it. They can make any decision anytime. Jesus ascended into heaven and sat down as God man, he took control of history. Not one thing happens on this earth, no matter how big or small without written permission of Jesus Christ! A lot of Christians get irate with this, as they say how can a loving God allow this to happen! Because of some catastrophe or incident in their life or one they know about. I will go into this in more detail and hopefully you will understand. For now just know Jesus Christ is in control of history.

Eternal life, God has eternal life (XYZ) no beginning or end!

They (XYZ) always was.

We and the angels in-turn are considered creatures. This means we have a beginning and we also have a end. Where God (XYZ) always was. We get eternal life with God By believing in Jesus Christ. This is his system to save the human race. Once we enter in to his Plan , it is his system not ours. We did nothing for it , all we had to do was step into it.

Sense of humor , God has a sense of humor. After all he created us! LOL

We are weak and very fragile and have a sin nature and have all kinds of vile thoughts going through our head. We live in a evil world full of hate,greed and lust! We have to cope in this evil world, that is run by the prince of darkness. We have to work by the sweat of our brows and have our love ones die in our arms and most of us wear our emotions on our sleeve! We are a fragile creature compared to the angels. This shows God has a sense of humor. God wanted to prove something to the angels who were perfect and have a great beautiful body, that a third of them betrayed him in eternity past. He created us to make us higher then any of the angels through our Lord Jesus Christ. That we would believe on him and end the angelic conflict. As Jesus state in Mathew 25:41 Hell was prepared for the Satan and his demons. Not for the human race!

Did you know, there isn't one angel that wouldn't trade

places with any of us on the earth? To come down to the earth as flesh and blood and go through what we have to deal with. No matter how short or long our life is! No matter if we are a bum or scholar! Simply because what Jesus Christ did, puts us above all the Angels in heaven. We are the bride of Christ! He is the King of Kings and we are the Queen of Queens! In fact we are above all the Old Testament saints! Why ? When Jesus sat down in heaven as the king, he didn't have a royal family and we are that family! Not one of us deserve this. The disciples asked Jesus, Master how do we pray to the Father? Jesus said OUR FATHER, He was saying we are equal to him by using the word OUR! We are called the Church age, his Royal family.

Ok Terry so tell us How does God love us? Well it isn't because we go to church and Give our money and be good to our fellow humans. This is all called in the scriptures as works. Now don't misunderstand, all the above things are good and Great but this isn't the reason God Loves us. Peter said I am convinced God is no respecter of persons. We are all in the same boat, so to speak, as God is concerned. He loves us because after Jesus was tortured with the entire worlds sin, to the Nth degree. God imputed his righteousness on us which is half of his holiness on to us, when we believe in Jesus Christ. He has always loved his righteousness therefore he loves us!

The genus of God:

God loves the human race and wants all of us in his flock, using his agape love, as John 3:16 states. That is why Jesus is called the Great Shepherd. As a Shepherd, if one of the sheep was caught in a thicket, he would leave the rest to go get the one distressed sheep! He wants us all to Repent. This does not mean to feel sorry for sin but to change your mind into, what do you think about Jesus? The sin issue has Nothing to do with it. Jesus Christ was without sin and carried on the cross, the entire worlds sin. Jesus felt and was judged for every one of them. This way he took the justice part away from God which is so to speak his razor edged teeth. In actually, God doesn't see our sin and we will never be judged for them, as Christ already paid the price, called the law of double jeopardy. This court system is similar to our court system in America. We can not be charged for same crime twice. We did nothing for this and we can do nothing to keep it. All done by God in eternity past. Like the Eagles wrote in Hotel California . You can check out any time you like but you can never leave! Once you believe you are his forever. You can turn your back on him but he can not turn his back on you. I don't know if the Eagles meant it this way but once you are in, your are in forever!

All the characteristic's of God have to fit together like a precise lock with exception of humor. This was why God was so dangerous to the human race! That is why all 3 took part in saving us.

There was a conference that was held in eternity past in the God head and God said amongst himself, how can we live with the human race? All 3 got involved to save us.

1 Salvation, someone had to come down to earth, as true human and satisfy God's justice. Jesus volunteered to be that sacrifice and take the brutal beating and torture, that the world would offer him and then take on God's judgement as being crushed with our sins. As it states in the scripture, for the joy(us) that was set before him, he endured the cross!

2 God the Holy Spirit, took part as the eyes and communicator for God on earth. Once you become a Christian, you become a alien on this earth. Paul states we are in the world but not of the world. Satan would soon take us out, as we are no good to him except for making us miserable, as we have eternal life with God. This is why Paul states,he runs around like a roaring lion, seeking to devour us. Satan hates humans, as we are not as perfect as he is and goes to God and tells him everything we do that is wrong. God doesn't see it or listen to him as Christ already took all our sins, past, present and future and it ticks Satan off! Therefore he wants to destroy us, our families and our friends. He wants us miserable and to cuss God out and not to call out his name, except in vain or anger! This is like slapping God in the face! Satan will even do things for us that are good or for family and friends and we think it is coming from God but in actuality it is from Satan. Why ? It states in the scriptures that

Satan is here to duplicate the light. The reason for this God can only except credit when credit is due. In other words a right thing done in a right way we think, is still wrong to God. God can only except a right thing done in his way. Satan knows this and does things for the human race that are good to us, we in turn think from God. Welfare is from Satan. It makes people to believe in welfare instead of God! Satan wants us to rely on his programs not God, another slap in face! Peace not war is another attempt to fool countries that there is peace and that everyone can get along! The only way to have peace is in strength of our military. Jesus stated fact, there will be wars and rumors of wars till I return. I didn't come down to the earth to love each other, I came with a sword!

Jesus gave us 2 commandments while on earth the Eucharist and Feed my poor! Because our churches are teaching false doctrine (doctrine of demons) as all they think about is building bigger and better and spend their time trying to figure out how to get more money, by entertaining people instead of teaching the Word of God, we are suffering as a nation! The churches should be feeding the poor, as Jesus commanded, instead of building bigger churches, that teach no substance. The poor are not crying out to God, as was intended, they are crying out for more Welfare, socialism, rob from the rich, results God gets none of the credit! Because of this, we are being punished as a nation of believers. Churches teach singing songs, giving money, taboos, emotionalism,

sensationalism and do this and don't do that and walk that perfect line brother. Majority of churches are filled with milk instead of solid food. They are still teaching kindergarten, Dick and Jane books, as are you saved brother, instead of teaching adult subjects, so you can grow up spiritually and become a soldier for God! This is the main reason our kids and people in general, are turning away from God and looking at all the things, Satan has for them, to put him under his control! This is why you are freaking out on reading this book, as you have never heard this! This my friend is solid food are you full yet? In the scriptures, "that many are called but few are chosen. In other words not many ministers have the calling of God and were chosen by God! They think because Satan sends people to them they have the calling of God! Satan loves to mess with our churches, where we go out the doors with nothing! He wants us to learn nothing about God and all the wonderful things he did for us. Satan will teach you what have you done for God, instead of what has God has done for you! Well look folks, a teacher from God teaches and sad to say not many of them! The Holy Spirit is the teacher of the truth, gives us what we need and keeps us safe in Satan's world. Jesus said he is like the wind, you don't know the source but you know it is there. He is the mentor and teacher of Jesus Christ. He provides us with food, shelter and means of support to exist in Satan's world. He keeps Satan and his demons at bay, so they can not do any harm to us with out written permission from God. He protects us everyday and is with us 24/7.

3 God the Father, he takes the last step in our lives and sets up heaven for each and every Christian. He supplies us with rewards and happiness in eternity state. We will live with him in harmony for eternity. Our Lord Jesus Christ. Our life on this earth is not even measurable because it is so small of a time to eternity!

In the (OT) the Ark of the covenant that was carried around by Moses and children of Isreal. On top was the mercy seat and inside was the mana the Jews rejected and Aaron's rod that budded, making of golden calf, representing sin. When it was placed in the Holy of Holies, there were 2 cherubs that we're placed on each side of the Ark. one was the righteousness of God and the other was the justice of God, as Cherubs. Looking down on the top part of the Ark, the mercy seat representing the coming of Christ. Where animal sacrifice was performed, by cutting the carotided artery and their blood would be poured over the Ark. This signified shadow Christology. Sort of a rain check that when Jesus came and died spiritually, all sins in past would be forgiven as well. Shadow Christology, means that he would come to earth as God/man in the future, the perfect arbitrator as he was God , representing God/man, representing mankind. The blood represented the coming savor, Jesus Christ who would take away the sins of the world and open gates of heaven to the human race!
