Energy efficient, and smart features at an affordable price.

Models Available: Samsung, LG, Sony
Available Sizes: 32", 43", 50" 55" 65", 75" 85"

*Prices subject to change based on market conditions.

We price match with major retailers to ensure you get the best deal—no questions asked!

WHOLE-HOME WIFI

Custom home WiFi systems ensure fast, edge-to-edge reliable internet coverage in every room, eliminating dead zones and improving connectivity. We build a foundation that supports seamless streaming, smart devices, and online gaming without compromises. Say goodbye to buffering and loading screens for good!

NETWORK RACK

Our custom network rack solutions deliver a clean, organized, and professional-grade hub for all your networking and AV equipment. Designed specifically for your home and system needs, this setup ensures performance, reliability, and long-term scalability.

WIRELESS ACCESS POINTS

Provides strong, stable Wi-Fi coverage to areas where a traditional router can't reach—ensuring seamless connectivity across your home, office, or property. Ceiling and wall mounted versions are available.

WIRELESS POINT-TO-POINT LINK

Fast, secure, and reliable network bridge between two separate locations—without the need for buried cable or trenching. This setup is ideal for extending internet or local network access to outbuildings, guest houses, detached garages, barns, or nearby offices.

SECURITY CAMERAS

Security cameras provide 24/7 surveillance, deterring crime and enhancing safety for homes and businesses. They offer remote monitoring, real-time alerts, and recorded footage for added peace of mind and evidence if needed. All footage is stored on your property and requires zero monthly subscriptions.

CAMERAS

BULLET

All-weather 4K PoE camera with a 1/1.8" 8MP image sensor, Multi-TOPS AI Engine, and long-range IR night vision.

TURRET

All-weather, vandal-proof 4K PoE+ turret camera with enhanced AI capabilities and IR and visible LEDs for night vision.

LICENSE PLATE

Specialized 4K camera with 3x optical zoom and long-range IR night vision optimized for recognizing license plates on vehicles moving up to 55 MPH.

DOME

Ultra-compact and tamper-resistant 2K HD PoE camera with night vision designed for low-profile indoor security.

ALARM SYSTEMS

In partnership with Allied Security Professionals LLP, we provide reliable alarm systems with 24/7 remote monitoring. Our solutions enhance home and business security, offering instant alerts and professional responses for complete peace of mind. We also offer remote arming / disarming straight from your smartphone.

- Motion Detection
- Entry/Exit
- Smoke Detection
- Glass break
- 911 Dispatch

ACCESS CONTROL

Need secure, convenient access control for your business? Our systems support electric door strikes and maglocks, perfect for commercial installs. Assign employees individual codes, badges, or Apple Wallet passes for easy, trackable entry.

- Scheduled Lock/Unlock
- Employee Access Codes
- Apple Wallet Key
- RFID Key Fob
- Unlock Video Log
- Doorbell Call Feature

PRE-WIRE PREPARATION

Prewiring prepares your home for the future by strategically planning whole-home WiFi, security cameras, TVs, and speakers to match your preferences before sheetrock goes up. A well-planned prewire adds value, convenience, cleanliness and long-term flexibility to any new home.
