Differentiators

TidalTech has the knowledge and experience needed to efficiently and accurately complete your project with over 15 years of experience in data collection and field work for federal agencies. Our licensed captains and certified field personnel work on, in, and around the water to provide the skills needed to get your project completed. Our network of contacts throughout the Gulf, consisting of multiple federal, state, and local agencies as well as private organizations, helps us reduce our logistical obstacles and increase our resources and coverage.
